The Board of Commissioners met in regular session; Mayor Cathey presiding. The minutes of the previous meeting were read and approved.

SALOLA STREET
MISS JENNIE BROWN....ERROR ASSESSMENT.

The claim of Miss Jennie Brown that she is charged with more feet on the Salola Street sewer than she owns was on motion, referred to the City Engineer for report.

MAUD B. WARREN ...NOTICE OF DAMAGE.

Attorney Eugene Taylor, representing Maud B. Warren filed notice of claim for damages in the sum of $7,500 for alleged damage to her home on Buchanan Avenue by reason of heavy blasting on Buchanan Avenue.

This matter, on motion, referred to the Corporation Counsel and J. R. Allport Construction, the Contractor in charge of the work.

(Copy)

Notice of claim for damages

TO THE HONORABLE MAYOR AND BOARD OF COMMISSIONERS OF THE CITY OF ASHEVILLE:

The undersigned hereby files her claim against the City of Asheville, North Carolina, for the sum of Seven Thousand Five Hundred ($7500.00) Dollars, and demands payment of the same, by reason of the City of Asheville and J. Robert Allport, Contractor and employee of the City of Asheville, wrongfully and negligently blasting in close proximity to the home and residence of the undersigned at No. 60 Buchanan Avenue in said city of Asheville, thereby wrongfully causing the plastering, ceilings, chimneys, foundation, floors of the said residence and home of the undersigned to be damaged and made uninhabitable, and further because of said heavy blasting, throwing rocks and missiles upon said house and property of the undersigned, causing her nervous system to become shocked and making her sick and nervous and otherwise injuring and impairing her nervous system and health which negligent conduct and wrongful blasting was commenced and carried on for thirty days piror to the dating of this instrument and is still being operated.

This the 31 day of January, 1925.

Respectfully submitted,
Maud B. Warren
per Wells-Blackstock & Taylor
Attorneys.

L. B. JACKSON
MARKET STREET....SIDEWALK

Mr. L. B. Jackson filed a petition requesting a 12 foot sidewalk on Market Street, which was, on motion, referred to the City Engineer for estimate of the work.

January 30, 1925

TO THE HONORABLE MAYOR
AND COMMISSIONERS OF THE
CITY OF ASHEVILLE.

GENTLEMEN:

We, the undersigned property owners abutting on the East and West margins of Market Street, North from Walnut Street and South from Woodfin Street, respectfully petition your honorable body to pave sidewalks on the East and West sides of said Market Street, assessing the cost thereof against the property affected, as by law provided.

MAPLE CRESCENT....LIGHT.

It was ordered, on motion, that an Arc light be installed in the curve about half way between Vermont Avenue and Olney Road.

GASHES ALLEY....WATER LINE.

The City Engineer's report of the estimate of the cost of installing 450 feet of second hand pipe in Gashes Alley was presented to the Board, and, on motion, it was ordered that said water line be installed.

Jan. 22, 1925

Mr.F.L.Conder,
Com.Public Works,
City.

Dear Sir:

In regard to the water line on Gashes Alley.
I have measured same and find the distance to be 450 feet. We have second hand pipe that we can use, and the cost of building a 2" water line will be about $120.00.

Yours very truly,
J. R. Quinton,
Supt.

Wednesday, February 4, 1925.... 9 o'clock, A. M.

The Board of Commissioners met in regular session; Mayor Cathey presiding. Commissioner Condor absent on official business. The minutes of the previous meeting were read and approved.

[illegible]

The requests for a light on McDowell Street, near Southside Avenue, Mt. Zion Church and Gudger Street was referred to the Street Superintendent for report.

[illegible]

The City Engineer's report showing total and pro-rata cost to property owners on account of the paving of Hilliard Avenue, from Biltmore Avenue to Ashland Avenue, from Ashland Avenue to French Broad Avenue and from Pearl Street to Clingman Avenue and Craven Street, from Southern Railway Bridge to City Limits was presented to the Board and, on motion, ordered advertised according to law.

[illegible]

The application of Pumford and Pope for the use of city water on Melrose Avenue, Gracelyn, was presented to the Board, and it appearing to the Board that they had complied with all of the provisions of the ordinance regulating the use of city water without the city, it was ordered, on motion, that the said application be granted.

[illegible]

On motion, it was ordered that Mr. T. S. Currens be notified to raise his chimney at 13 Montford Avenue high enough to abate the smoke nuisance.

[illegible]

This being the day, according to the City's advertisement, for opening of bids for the razing of the library building, the following bids were opened and read to the Board:

J. M. Bradley, $2,950. Work to be done in 65 working days.

J. H. Buckner & Son $2,300. Work to be done in 30 working days.

It appearing to the Board that the bid of J. H. Buckner and Son was the lowest bid received, on motion, it was ordered that, when J. H. Buckner and Son gave bond and deposits check as required by law, the contract be awarded to that concern.

[illegible]

The claim of [illegible] Pvt. W. H. Hill that he is charged with 69.6 feet of paving on Sand Hill Road, whereas he should only be charged with 20 ft. was, on motion, referred to the Engineering Department for investigation and report.

[illegible]

Mr. H. C. Clark appeared before the Board and stated that he and E. A. Rubin built a storm sewer at their own expense on their property on Marcellus Street. Since then the city has built a new storm sewer and asked that he be reimbursed for the old sewer.

On motion, the Engineering Department was requested to examine the old storm sewer in question and report on same.

[illegible]

The request of Mr. S. G. Chambers that he be reimbursed for price of water line on Conestee Street, was, on motion, referred to the City Engineer for investigation and report.

[illegible]

In view of the fact that the former Board agreed in compromised statement with Mrs. C. C. Feather stone by reason of the opening and widening of Market Street that the sewer and water connection on Market Street would not be charged to her property since she was served by Woodfin Street connection, on motion, it was ordered that this charge on Market Street be remitted against this property.

[illegible]

On motion, it was ordered that T. A. McFarland be refunded $6.85 of the special license tax for public service license #670, originally issued to T. P. Williams.

This action taken because Mr. McFarland has sold his car.

CLINGMAN AVENUE....

On motion, the petition filed by O. A. Bennett, Attorney, objecting to the assessments on Clingman Avenue for paving was on motion, referred back to Mr. Bennett with instructions that all improvements must be paid for by property owners.

PETITION FOR A PARK

To the Honorable Mayor and Board of Commissioners:

We, the undersigned citizens and taxpayers of the City of Asheville, do respectfully ask and urge you to purchase the site (now owned by Oliver and Lelia B. Grace) being used as a colored park. We believe this will make an ideal location for a park and we urge you to purchase this, as we have no place for amusement, Ball games, Fairs, etc. the land in question lies in West Asheville, East of Buffalo Street, and contains 4.6 acres.

To the Hon. Mayor and City Commissioners
City.

Gentlemen:

We, the undersigned residents and property owners, residing on Moody Avenue, West Asheville, respectfully ask that you have the houses on our street re-numbered.

There are both even and odd numbers on both sides of the street; there are two houses, more than 500 yards apart, and on opposite sides of the street, with the same number; and several houses do not have any number at all.

This situation is a great inconvenience to us in the delivery of mail, parcels, etc., and we respectfully ask that you help us relieve this situation, at your earliest convenience.

[illegible] Moody Ave.... [illegible]

On motion, it was ordered that that portion of Moody Avenue, now known as Potter Street be changed to Moody Avenue.

C. [illegible]....

Attorney Guy Weaver, representing Mr. C. B. Bonesteel, appeared before the Board and made application for permission to establish a new cemetery, stating that notice had been advertised according to law.

On motion, it was ordered that since the law had been complied with and no objections had been filed the permission be given C. B. Bonesteel to establish,in his own name or the name of a corporation, a new cemetery, lying West of the French Broad River and North of Pearson's Bridge.

To the
Honorable Mayor and Commissioners
of the City of Asheville.

I hereby make application to your honorable board for permission to open up and establish a new cemetery upon the property described in the attached printed notice, which notice has been duly advertised in a newspaper published in the City of Asheville, Buncombe County, North Carolina, and has been posted at the front door of the City Hall, as by law prescribed.

This the 6th day of February, 1925.

COW C. MYERS...APPLICATION.

The application of Cor. C. Myers for the use of city water on Carolina Avenue for domestic purposes was presented to the Board and, it appearing to the Board that he had complied with all of the provisions of the ordinance regulating the use of city water without the city, it was ordered, on motion, that the said application be granted.

WESTWOOD PLACE....HILLBROOK

Attorney Young, representing property owners on Westwood Place claimed that they had already paid for the curb and guttering when the sidewalk was laid between Hillbrook Road and Richmond Avenue.

This matter, on motion, referred to the City Engineer with instructions that he make an examination and ascertain if the curbing and guttering were assessed at the same time the sidewalk was assessed.

SEWERS...FLUSHING OF.

A communication from the Health Officer recommending that the city sewers be flushed semi-annually was, on motion, referred to the Water Superintendent and City Plumber.

Feb. 6, 1925

Hon.Mayor and Commissioners
City of Asheville, N.C.
Gentlemen:

Since we have continuous trouble with the sewers of the city, and with my personal experience and knowledge of conditions as they exist, I wish to recommend that the city sewers be flushed semi-annually- say April and Oct. This can be done with little expense to the city and in my opinion will save quite a sum of money.

Very truly yours,
D. S. Sevier, M.D.
Health Officer.

Hon. Mayor and Com.
City.

Gentlemen:

The complaint of Mrs. Jennie Brown on Salola Street that the sewer assessment against her property is abainst more front than she owns, I saw her about it and she says that she did not intend to make the impression that she was charged with more front than she owns, but that the 120 feet for which she is charged reaches beyond the end of the sewer. It does reach beyond the sewer about 20 feet but it easily accommodates the 120 feet front. When I explained the situation to her she said she was satisfied.

Very respectfully,
B. M. Lee,
CITY ENGINEER.

The City Engineer's report stating he had re-numbered the houses on Moody Avenue, from State Street to Langwell Avenue was presented to the Board and, on motion, ordered filed.

Re: Marcellus St. Storm Sewer

Gentlemen:

I here examined the storm sewer built by Mr. H. C. Clark and Mr. H. A. Rubin. This was a 12 inch terra cotta pipe sewer about [illegible] feet long, running from the southwest side of Marcellus St to the gutter line on Malloy St (formerly Howard or Asenath St) The original cost of this 12" sewer was $85.00. In connection with the permanent improvement of Marcellus Street between Merrimon Avenue and Maxwell Street, and the permanent improvement of Malloy Street from Marcellus to Broadway, it was necessary to construct a new storm sewer [illegible] into a storm sewer on Broadway, and abandon [illegible] the 12" sewer constructed by Clark and Rubin.

[illegible] the grade was first established on Marcellus Street, [illegible] Merrimon and Malloy, and the curb laid, the City built catch-[illegible] and turned the water onto the property of Clark and Rubin, [illegible] the low place. When they wanted to improve their property [illegible] them to construct the 12" sewer to take care of the [illegible] their property.

Blue print attached.

Respectfully submitted,
M. C. Hutchins, Engr.

[illegible] the objection of W. Arthur Ball to the assessment [illegible] grading of Marcellus Street was noted and the [illegible] against [illegible].

2-6-25

[illegible] Commissioners

[illegible]

I am in receipt of notice of assessment of $25.00 against [illegible] 24 Maxwell Street, benefits by reason of the grading [illegible] Street, to which please consider this a protest upon [illegible] grounds:

When Maxwell Street was graded I claimed no damage whatever [illegible] that my front was cut down from three to five feet, [illegible] the grading of my drive at a cost of $25.00 and the [illegible] a retaining wall at a cost of $160.00. From my drive across to Marcellus street over the heaviest grade on Maxwell Street is difficult to negotiate going in either direction, while it seems to me that the grading of Marcellus street benefits property on the northern boundary. It also appears to me that as residents of Maxwell street claimed no damage on account of the grading of their street, which undoubtedly benefited property owners now claiming damages on account of the grading of Marcellus Street, that the adjustment should be made by and between Marcellus Street and Malloy Street property owners without assessing Maxwell st property.

Very truly yours,
"W. Arthur Ball"

Gentlemen:

I attach hereto blue print map showing sewers necessary to serve property owners who signed petition for sewer on Pinellas Avenue, Bellair Road and Tarpon Avenue.

This sewer is estimated to cost as follows:

1559.6 cu. yds. earth excv. 0'-7'	@	0.70	1091.72
59.7 " " " 7'-12'		0.97	57.91

14 Manholes, 0'-7' deep	@	55.00	770.00
1.32 lin. ft Manholes above 7'	@	5.00	6.60
Engineering and Contingencies, about 10%			282.57
		Total	3200.00

It will be necessary to construct these sewers across private property for a portion of their length. All this is shown on attached blue print.

In connection with the acquisition of right of way for these sewers, it would be well to know that no part of the cost of these proposed sewers will be assessed against the following property: Lot #3, Margaret O. Jarrett; lot No. 2, P. B. Orr; lot No. 51, E. J. Enthaffer et al. Mr. Lee tells me that when 150 ft from old sewer, property owners can be assessed for new sewers, if so these owners will pay part of the cost.

Respectfully yours,
M. C. Hutchins, Engr.

Com. Public Works,
Dear Sir:

Herewith map showing change in grade of Chunn Street.

I have been unable to reach agreement with interested property owners relative to this proposed improvement.

Very truly yours,
J. E. Patton
SPECIAL AGENT.

CENTER LANE...NOT ACCEPTED.

The City Engineer's report that Center Lane has never been accepted by the City and has no outlet except into Merrimon Avenue, was presented to the Board, and, on motion, it was ordered that the Board not accept the street at this time and that Mr. W. B. Harlow be advised of the Board's Action, he having complained of the condition of the street.

(Copy)

Mr. F. L. Conder, Jan. 23, 1925
City.

Dear Sir: The complaint of the condition of Centre Lane made by W. B. Harlow, being referred to me for written report will say that so far as I know this lane has never been accepted by the city. This lane or alley is shown on a map of the property, at one time owned by J. B. Bostic, and accommodates no other property. It has no outlet except into Merrimon Ave.

Very respectfully,
B. M. Lee, City Engr.

MARKET ... :

The City Engineer submitted an estimate showing proposed cost of a sidewalk on both sides of Market Street, from Walnut Street to Woodfin Street to be $2324.00, to be paid for by property owners on completion.

On motion, it was ordered that the sidewalk in question be installed by the city's forces.

Mrs. E.S.Thompson,
Vice-Treas..
City.

Dear Madam:

Regarding the petition signed by property owners on Market Street requesting a 10 foot sidewalk to be laid on each side from Walnut Street to Woodfin Street, I find that the said petition is signed by a majority in number of the owners, who represent a majority of all the lineal feet of frontage of the lands (Owners of individual interests in one piece of property have been treated as one person abutting upon the street or part of street proposed to be improved.

The following table shows the frontage of property on the street proposed to be improved, the number of property owners and the total frontage with the frontages petitioned for:

After some discussion, it was moved by Donald Gillis, seconded by Mrs. S. B. Glenn, that in accordance with the recommendation of the Architect the contract be awarded to Mr. J. M. Geary.

Further discussion of the matter resulted in Mr. Gillis withdrawing his motion and Mr. C. H. Bartlett submitted a motion to the affect that all bids be rejected and the Board let the county at without re-advertisement, provided the contract is awarded at a lower figure than the lowest bid received and considered, viz: bid of J. M. Geary of $122,000. Mr. Bartlett's motion was seconded by Mrs. S. B. Glenn, however, Mr. Geo. Wright offered an amendment to the affect that the Board reconsider its action taken at 12 o'clock and accept the bid of King Lumber Company of $84,000. However, it appearing to the Board that the Board having originally refused to consider the bid of King Lumber Company the City would have no power to force said concern to live up to the terms of the proposal.

Commissioner Conder offered an amendment to Mr. Wright's motion to the affect that all bidders be granted the priviledge of conferring with the Architect and submitting a price on the building complete after such deductions has been made, which in his opinion will not seriously affect the proposed building. Mr. Conder's motion, on being seconded by Mrs. S. B. Glenn was unanimously adopted and the Board, on motion, adjourned until such time as the Architect is ready to report further.

City of Asheville, N. C.
Asheville, N. C.

Dear Sir:

I propose to erect the Library Building for a Fixed Fee of Eight thousand dollars ($8,000.00) and a Guaranteed cost of One hundred and twenty-two thousand ($117,000.00) dollars, using marble exterior and in full compliance with the specifications. I am of the opinion, however, that this work can be reduced ten or fifteen thousand dollars in costs by a conference with the Architect and making certain revisions or substitutions.

Respectfully

185 Working days will be required from the time the site is turned over to me.

Tuesday, February 10, 1925..... 9 o'clock, A. M.

The Board of Commissioners met in regular session; Mayor Cathey presiding. The minutes of the previous meeting were read and approved.

WOODFIN STREET..WIDENING...1925 ASSESSMENTS.
KIBLER..C.W.....OBJECTIONS.

Mr. Kibler appeared before the Board and objected to the assessments against his property by reason of the proposed widening of Woodfin Street, between Central Avenue and Charlotte Street, claiming that when the Jury passed on the widening of Woodfin Street, between Central Avenue and Broadway it was agreed by and between himself and the Board that his property, not assessed at that time, would be assessed not exceeding $10.00 per front foot for the balance of the widening, when same was completed.

Mr. Kibler contended also that if the report of the second jury was adherred to his property would be assessed considerably more than surrounding property.

This matter, on motion, taken under advisement.

H. A. CHEEK..
WATER AVENUE....SEWER STOPPAGE.

The report of the Water Superintendent showing the investigation of the claim for damages filed by Mr. H. A. Cheek, 91 Starnes Avenue, by reason of a stoppage of sewer, was, on motion, referred back to the Water Superintendent for further advice as to just what caused the stoppage of the sewer in question.

E. G. Thompson,
Sec-Treas. Re: 91 Starnes Avenue
In reference to the claim for damage of H. A. Cheek, beg to report that the main sewer was stopped and did back into Mr. Cheek's house, and also backed into a house owned by Mr. Ottis Green, our men cleared sewer as quickly as possible and cleaned out and disinfected both houses.

Very respectfully,
J. M. Quinton.

HORTENSE R. PATTERSON
HENRIETTA STREET....EXTENSION.

The request of Mrs. Hortense R. Patterson that Henrietta Street be extended thru her property was presented to the Board, and, it appearing to the Board that this extension was desired for the purpose of developing private property the Clerk was instructed to notify Mrs. Patterson that any extension proposed would have to be passed on and approved by the Planning Commission, therefore, it would be necessary for her to file maps and plats showing proposed sub-division and get same approved by the Planning Commission before the Board of Commissioners can legally act.

(Copy) To the Honorable Board of Commissioners
of the City of Asheville,

Gentlemen:

I respectfully petition that you extend Henrietta Street thru my property situated along Linton Avenue at the end of said Henrietta Street so that I may have an outlet either to Coleman Avenue or to Evelyn Court. I have been put to great expense in providing necessary conveniences for my property. I have recently put several thousand dollars into a house on this property, the sale of which is hindered and I am greatly damaged because of the uncertain and chaotic condition of the streets in this place.

Very truly yours,
Hortense R. Patterson

Asheville, N. C. Feb. 7, 1925

No Engineer's report is necessary on my part since I have had the woods cleared to such an extent that it is plainly clear that the elevation and grades are far better than those of many other streets in the neighborhood. H. R. P.

...nesday, 9:30 A. M. February 10, 1925

The Board met at the call of the Mayor. Present and participating: Mayor, John H. Cathey, Commissioner of Public Works, F. W. Conder, Commissioner of Public Safety, C. B. Bartlett, Donald Gillis, Mrs. S. E. Glenn, Geo. Wright and J. L. Brooker.

...M
LIBRARY.

The Architect reported that, in accordance with the Board's orders he ...with the various bidders, however, ...at the battery ...Hotel for a conference ...the only person submitting a proposition was J. M. Geary, whereupon the Clerk read the following proposal from Mr. Geary:

February 10, 1925

Hon. John H. Cathey, Mayor.
City of Asheville, N. C.
Asheville, N. C.

Dear Sir:

I propose to erect the Library Building for a Fixed Fee of Eight thousand ($8,000.00) dollars and a Guaranteed Cost of One hundred and One thousand ($101,000.) dollars, the same to be in strict compliance with the specifications and items listed under "Modifications and Omissions" dated February 9, 1925, as prepared by Mr. Edward B. Tilton, Architect. Nos. 1 to 15 inclusive.

Respectfully

J. M. Geary

The question arising as to the items listed under modifications and omissions as prepared by the Architect, it was ordered, on motion, that the Board confer with the architect and bidder and decide just what deductions from the original plans and specifications is desired before final action is taken.

Whereupon the Board adjourned to the Mayor's office for consultation with Mr. Geary and Architect Tilton.

After some discussion the Architect suggested that it might be a good idea the specifications be read in order that each item therein might be taken up and its cause before final action.

In reading the specifications it developed that the book stacks were specified to be olive green, baked enamel, whereupon, it was moved by Donald Gillis, seconded by ...that the stacks be made standard type light green enamel finish, which motion, on being put to a vote carried.

...der the heading of Plumbing it was ordered, on motion, that ...wrought iron galvanized pipes be used instead of copper as specified.

It developed that the specifications had never been approved by the City Commissioners, as provided in section 42, chapter 120, on motion, of Commissioner F. W. Conder, seconded by C. B. MARKET [illegible] DANCE HALL

Attorney J. B. Anderson, representing one A. G. Herbon appeared before the Board and explained that his client had been conducting dinner dances in his restaurant on Market Street, but while he was making no charge for engaging in the dances, he had been stopped by the police, by reason that he had not procured a license. He stated, however, that his client was anxious to comply with the law and do what was necessary to secure a license if same was required.

On the recommendation of the Commissioner of Public Safety, it was ordered that the inspections required under the ordinance regulating dance halls in the city be made and, if Herbon's place meets the approval of the Inspectors that he be granted a license to operate a public dance hall on the payment of the regular license.

H. A. CHEEK....
STARNES AVENUE.....PLUMBING.

The City Plumber appeared before the Board and exhibited certain [illegible] utensels taken from the sewer on Starnes Avenue, which he claimed caused the stoppage of the sewer complained of by Mr. H. A. Cheek.

In view of the fact that the sewer was stopped by reason of foreign impliments being placed therein, it was ordered that the city dis-claim any responsibility of any damage to Mr. Cheek's property and dis-allow any claim filed.

In connection with this matter, the City Plumber explained further that immediately upon notice the sewer was unstopped and Mr. Cheek's basement cleaned and dis-infected.

Honorable Commissioners.
Asheville, N. C.

Kind Sirs:

We highly appreciate the favorable reply from the Mayor to a letter addressed to the Commissioners a year ago asking for a comfort station for our women and children near the shopping district,

Having been informed that the commissioners have leased quarters in the Wilson Building for that purpose temporarily, a committee was [illegible] to ascertain the facts and see what is needed to set it up [illegible].

The committee made the following recommendations, that we ask for a metal screen to be placed in front of the toilets, two chairs a mirror a cot or lounge.

The Asheville Federation of Colored Women's Clubs are asking the Commissioners to kindly give the furnishings mentioned above and the club will aid the other necessities if allowed to do so.

Thanking you for past favors and asking your early consideration of the matter, we beg to remain.

Very respectfully,

The Federation of Colored Women's Club,

January 26, 1925

To the

Board of Commissioners
Asheville, N. C.

Gentlemen:

According to our understanding following two or three informal discussions relative to an adjustment between the City and myself for the land condemned thru my property between Church Street and Biltmore Avenue I am submitting this letter.

Let me say first that I appreciate the courtesy of the Board in leaving this matter upon pending this letter from me. While I take it that this courtesy on your part was due to the fact that the jury appointed to act in the matter met and made its report while I was absent from the city, no notice being sent to me until the Jury had been legally dismissed, your voluntary statement to me that the City would waive any legal rights as to notice, giving me recourse to the courts if I so desire, is none the less appreciated. I, of course, would not take advantage of the right so granted to me for legal action except as a last resort and, in view of this letter and the situation in which the matter now stands I am in hopes that my proposal as made herein will be considered by you as eminently just [illegible] to the City and will meet prompt acceptance.

I submit, therefore, without prejudice to either the City or myself in connection with any future legal action that may be taken, a proposal, given below, in connection with which the following facts and recitals:

ITEM 1ST:
The Benefits originally assessed by the Jury were set at $4500.00
I agree to this

ITEM 2ND:
The Damages originally allowed by the Jury were in the sum of 4000.00
I object to this.

ITEM THIRD:
The strip of land condemned thru my property for the new street is 40 x 238.75 feet in size and under the appraisal of the Valuation Committee of the Asheville Real Estate Board (See Certificate attached, Sheet #1) bears a value of $8,000.00

COMPARATIVE LAND VALUES:
In the attached letter of Cox Engineer's (See Sheet 2) is a list showing land condemned between Market Street and Coxe Avenue, giving areas and damages in each case. The figures for damages were obtained from City Records. As will appear I have taken the four largest areas and the value placed on each for the following table of comparisions:

Property	Area in Sq. ft	Damages Allowed	Value per sq ft	Benefits Charged
Frank Loughran	5225	16000.00	3.062	None
J. A. Penland	5200	8700.00	1.673	None
Mrs. C.W.Porter	5200	5000.00	.961	None
Geo. Stephens	9550	4000.00	.418	45 0.00

According to these figures for settlement, my land is valued at less than half of the one next above (Mrs Porter,) and then the value of $4000.00 damages allowed is cancelled by a benefit charge of 4500.00 leaving me owing the City $500.00 after losing the land. No other land of the four tracts mentioned has a benefit charge against it, and a retaining wall was built for the only one of the group (Mrs. Porter) that needed it, except mine

RETAINING WALLS:
The high street fill was put thru my property without retaining walls, thereby causing a spread of earth to hold up the fill of from twenty-five to fifty feet on each side of the street. To build retaining walls sufficient to hold the street fill, as was done on the properties adjacent and on others nearby would cost as follows: (See Estimate of Cox Engineer, Sheet 3)

South Wall	$18,044.00
North Wall	22,529.00
Total	40,573.00

In other words, to give my property the same protection that was given other property would cost over FORTY THOUSAND DOLLARS.

Assuming that buildings are to be erected along the street, the front walls of the buildings are to serve as retaining walls for the street fill, the excess cost of construction over the normal cost, due to the street being there, covering shoring up the street fill, extra grading and extra strength of walls required would be $21,770.00 (See letter Coxe Engineers, Sheet 4)

TO SUMMARIZE:

Land Value (As appraised by Asheville Real Estate Board)	8000.00
Extra Cost of Building Walls, due to street fill (Taking lowest cost given by Cox Engineers)	21770.00
TOTAL DAMAGES:	29770.00
Less Benefits charged	4500.00
NET DAMAGES	25270.00

PROPOSAL:
I am willing to adjust the matter at any time prior to February 28th, 1925, for the payment in cash to me of $25,000.00 the appraised value of the land, or, in lieu of the $8000.00 I will accept, at your option, a deed conveying to me title in fee simple to the 25 foot alley on the North side of my property; in either case with an amount to be added sufficient to cover street paving assessable against the property, payable as the said assessments accrue.

Permit me to say that my attitude in this matter has not been that of controversy. I am simply trying to show that a mistake has been made which can be remedied, and I believe will be, if you accept as true the statements above given. The proposal, therefore, under these conditions is far different from the claim I would feel justified in setting up if we were dealing at arm's length instead of in a spirit of friendly compromise.

Yours respectfully,
"Geo. Stephens"

Dear Sir:

Hereon as requested by your conversation of December 16, you will find the approximate areas acquired by the City from property owners for the construction of Hilliard Street from Market Street to the Grove property, ie:

C. W. Porter et al,	5200 square feet
J. A. Penland,	5200 square feet
N. Buckner,	3520 square feet
Mamie E. Meadows,	363 square feet
B. M. Noland	206 square feet
S. A. Chambers	16 square feet
H. L. Finklestein	152 square feet
Howard Hilliard 2 lots	305 square feet
Mrs. M. E. Hilliard	530 square feet
Mrs. L. H. Foster,	750 square feet
Frank Loughran	5225 square feet
Mrs. Belle Meyers, 4 lots.	6000 square feet
GEO STEPHENS	9550 square feet

It will be noted that these areas are determined from the location of the apparent or indicated lot corners as found prior to the construction of the street, and without more than chain measurements to determine the accuracy of these points, but without a complete survey of the lots.

Very truly yours,

Mr. George Stephens,
Citizen Building,
Asheville, N. C.

Sir:

Answering your request of November 22, for an estimate of the cost of two retaining walls along your property front on Hilliard Street, we find as follows:

The wall on the south side of the street along your property front which is 156.55 feet would cost:

Excavation	4260 cubic yards	@ 50	4130.00
Concrete	603.3 do	21.50	12970.00
Steel	50000 pounds	.0545	2725.00
Handrail	156.5 lineal ft	1.40	219.00
			18044.00

The wall on the north side of the street along your property front which is 227.74 feet would cost:

Excavation	5280 cubic yards	@ 50	2640.00
Concrete	753 do	21.50	16190.00
Steel -	62000 pounds	.0545	3380.00
Handrail	227.7	1.40	319.00
			$ 22529.00

A summary of the total cost would be

North Wall	22529.00
South Wall	18044.00
For both walls total	40573.00

The basis of the above estimate is the same as paid by the City for retaining walls on adjacent property, while the greater cost per foot in this case is due to excessive height of your walls, and we believe that these estimates are low on that account.

The estimated cost of retaining walls built by the City along Hilliard Street in front of adjacent property is listed below:

Howard Hilliard 2 lots	109	feet	front wall	1760.00
H. L. Finklestein	46	do	wall cost	940.00
S. A. Chambers	96	do.	do.	3890.00
C. W. Porter et al	267	do.	do.	5890.00

We hope that this will furnish you with the required information:

January twenty first, 1925 SHEET #4

Mr. George Stephens,
Citizen Building,
Asheville, N. C.

Dear Sir:

Answering your inquiry of this date as to the cost of retaining walls along your property Hilliard Street, where the walls would be constructed as front basement walls of buildings.

Above the normal cost of building such walls where there was no grading or shoring up to be done, we estimate as follows:

Grading (see letter of Dec. 20)	6770.00
Shoring up street fill, 10000 sq ft @ 50¢ per sq ft	5000.00
Extra reinforcement and bracing of walls over normal building wall construction (estimated)	10000.00
	$ 21770.00

The last item would vary with the type of building and the figure $10,000.00 is our estimate of minimum excess cost.

Very truly yours,
Cox Engineers.

To the
Board of City Commissioners,
Asheville, N. C.

Gentlemen:

In connection with the report of the Jury composed of the undersigned, and appointed by the City to appraise benefits and assess damages in connection with the opening of Hilliard Street, we wish to say the following with regard to that part of our report relating to the property of Mr. George Stephens under which we appraised the Benefits at $4500.00 and assessed Damages at $4000.00

(1) We understood that in addition to the Benefits of $4500.00 Mr. Stephens would have deeded to him an alley twenty-five (25) feet wide located on the North side of his property.

(2) In connection with the damages assessed, we did not take into consideration the matter of retaining walls, nor damages to cover any cost to him accruing from the spread of earth over his property to support the street fill.

We have read the letter of Mr. Stephens dated January 26th, 1925, addressed to your Board in which he makes a proposal for adjustment. In view of the figures submitted by Mr. Stephens, and the final adjustments made with other property-holders, especially those on whose property retaining walls were built, we believe that under the circumstances the proposal of Mr. Stephens is a liberal one and eminently just and fair to the City.

We understand that our authority to recommend as an organized jury ceased when the jury was dismissed, but each of us whose signatures appear below individually recommends that Mr. Stephens proposal be accepted by your Board;

Yours very truly,

R. E. Bowles

BARTON STREET....

A communication from the Health Officer recommending that a well belonging to Mr. Herbert H. Johnson on Barton Street, West Asheville, be filled was presented to the Board, and, on motion, it was ordered that the recommendation of the Health Officer be carried out and that Mr. Johnson be furnished with a copy of the Health Officer's report and instructed to fill the well in question at once.

(Copy) February 16, 1925

Hon. Mayor and Board of Commissioners,
City of Asheville, N. C.

Gentlemen:

Personal inspection reveals the fact that a well on the premises of Mr. Herbert H. Johnson, located on Barton Street, West Asheville, has a floor placed over same, with a lock and key. This well looks to be more than sixty (60) feet in depth and is having deposited herein slops, potato and apple parings, in fact all kitchen slops. I was told by the tenant that they had instructions to use this for a dumping place for all the above mentioned articles. This is a menace to public health and when hot weather comes there will no doubt be a stench from same.

It has been the policy of the Health Department to have all wells and holes in the City of Asheville that would prove a menace to public health, filled. As Health Officer I recommend that not only this wells, but other wells under the same circumstances, be filled.

Yours very truly,
"D. E. Sevier"
HEALTH OFFICER.

/LINDSAY HOME
SUNSET DRIVE...T. B. PATIENTS.

A communication from the Health Officer relative to the care of T. B. patients in cottages in the vicinity of Lindsay Home on Sunset Drive was presented to the Board, and, it was ordered that the Health Officer be requested to see that the T. B. ordinance of the city is enforced to the letter.

Feb. 16, 1925

Hon. Mayor & Commissioners,
City.
Gentlemen:

On investigation, I find that the cottage south east of Lindsay home on Sunset Drive has never been occupied by any tuberculous subject. I also find that in the cottage north east of the Lindsay home, all the open cases of tuberculosis have been removed, but there are still four closed cases remaining there.

I am asking for instructions as to these closed cases and I shall be glad to act in accordance with the pleasure of the Board.

Very truly yours,
"D. E. Sevier"
HEALTH OFFICER.

/WOODFIN PLACE...ACCEPTANCE.

A report from the City Engineer relative to Woodfin Place, was presented to the Board, and, on motion, it was ordered that the petition of the property owners be granted and the street accepted as a city street.

Feb. 16, 1925

The Hon. Mayor & Commissioners,
Gentlemen:

I have gone over and examined the condition of Woodfin Place, from Charlotte Street to Orchard Street. This street is only 24 ft. wide and 486 ft. long. It has been Macadamized and about 1/3 of the length if in good condition, the rest is considerably rutted by traffic, but is in passable condition. The street is curbed and has walks on both sides.

Very respectfully,
E. M. Lee,
CITY ENGINEER.

[illegible]....[illegible].

[illegible] City Engineer reported that he had measured the yardage in the sidewalk proposed [illegible] abutting property on Westwood Place and had accurately determined that the property owners had been charged with the curb and gutter, it was ordered, [illegible] the assessment for the paving as originally made [illegible] that was the [illegible] to proceed to collect as by law provided.

The Hon. Mayor and Commissioners,
Asheville:

I have made a careful search, [illegible] find no record of any charge against the property owned by Jerry M. Shope, between Millbrook Road and Highland Park, for [illegible] and guttering when they were changed to their present [illegible] 1917. The walk was changed, and was [illegible] for $1.04 per square yard. I have measured, and find, [illegible] yards of walk changed for, exclusive of the curb. I [illegible] yard of walk changed for, exclusive of the curb. I [illegible] it possible, in the matter, did gutterin[illegible] and [illegible] walk at $1.04 per sq. yd. On some [illegible] I [illegible] that portion but the walk was paid for; the [illegible] the same price, and [illegible] $1.08 to $1.14 per square yard.

A report by the City Engineer giving result of his investigation of the protest that lot #106 on Blue Ridge Ave. had been charged with two sewers one in the name of L. B. Is[illegible] and one in the name of Z. V. Cr[illegible] was presented to the Board, and, it was ordered, [illegible] the charge in the name of L. B. Irmel be cleared [illegible] and that the charge be placed against the property.

(Copy report) Feb. 16, 1925

The Hon. Mayor and Commissioners
Asheville:

In regard to Mr. Z. V. Crossman's complaint, that lot #106 on Blue Ridge Avenue now owned by him, has been charged with two sewer assessments; will report as follows: The sewer running south on Blue Ridge Ave. was built in 1923 and lot #106 then the property of L. B. Irmel was assessed $43.87 for this sewer. This assessment has never been paid. In July 1924 a sewer was built on the north end of Blue Ridge Ave., which will better serve lot #106 (now owned by Z. V. Crossman) so it was assessed for this sewer making two sewer charges against this lot. As neither assessment has been paid; I think it only just, to assess against this lot #106 its portion of the cost of the sewer that will serve it best; this will amount to $57.37. By agreement with the City; E. A. Patton extended the sewer built in 1923, 140 feet further so as to serve lot #106 the city to pay him for it, and charge the cost to the abutting property. I turned into the City, at this time a statement of the cost of this work as follows:

Earth Excav. 81.48 cu. yds. @ 60	$ 48.86
6" T.C. Pipe laid 140 ft @ 35	49.00
Total for lateral cost	97.86

The City paid Patton & Swaim as follows:

For labor on this sewer	161.00
For pipe (Kelly-Wilson & Co)	48.00
	209.00

More than twice the cost.

Very respectfully
B. M. Lee, City Engineer.

A petition signed by property owners and residents in the vicinity of Hollywood Street, asking that the nuisance in the way of the stable operated by the Biltmore Dairies in that vicinity be abated was presented to the Board and, on motion, was read by the Mayor, ordered filed with instructions to see that the law of the City is complied with.

Nov. 15, 1925

TO THE HON. MAYOR AND BOARD OF COMMISSIONERS
[illegible]

We, the undersigned residents, taxpayers and property owners of the City of Asheville, do hereby respectfully petition your Honorable Board to require the removal of the stable located on Hollywood Street, and being occupied and used by the Biltmore Dairies, in violation of Section 365 of Bemiell's Code of the City of Asheville; said stable being located in the center of a residential section and being nearer than fifty feet of buildings being used for residential purposes.

Respt. submitted.

The report of the City Engineer giving estimate of the cost of sewer to accommodate houses on the south end of Nevada Avenue, [illegible] Alley to Brady Avenue was presented to the Board, and, on motion, ordered filed.

Feb. 16, 1925

(Copy report)
The Hon. Mayor & Commissioners,
Gentlemen:

According to your order I have laid out a sewer on the south end of Nevada Ave., and extended it down through private property to connect with the sewer in Brady Ave. I have also cut and filled street line through the property of Campbell, Brown, Andrews, and Robinson to Cowan Alley as shown on attached plat.

The estimated cost of the sewer as laid out is as follows:

Earth excavation 216 cu yds @ 60	129.60
6" T.C. Pipe Furnished & Laid 400 ft	120.00
Manholes Complete 1 @ $50.	50.00
Engineering	15.00

W. A. Sullivan, Attorney, representing Mrs. [illegible] Sullivan, appeared before the Board and objected to the assessment against his client's property, contending that the survey as made by the City Engineer was not in accordance with his client's deed and that the assessment by the City was excessive, being practically the full value of the property.

W. H. [illegible] also appeared before the Board and objected to the assessment against his property on account of the construction of said sewer over the property on the grounds that no benefit was derived.

Attorney Sullivan, representing Lawrence S. Jones, Jr., also stated that his client's home be added to the number objecting until he and his client could hold further conference.

On motion, the objections of the aforesaid parties were referred to the Engineer for hearing with instructions that they notify their attorneys of the hearing with Mrs. Jane Sullivan added, also that they investigate the benefits to the property of J. H. Sherrill and Lawrence S. Jones, Jr., and report to the Board of the result of such investigation.

[illegible]

This being the day, according to the City's advertisement, for final action on the reports of the jurors assessing benefits on account of the construction of said storm sewers; one over the branch in the valley between Clingman Avenue and Roberts Street and one over town branch, between Biltmore Avenue and Southside Avenue, it was ordered, on motion, that both reports as submitted be signed by the Mayor, become complete and operative and that a list of same be turned over to the Tax Collector for collection, the Board reserving the right to investigate the contention of Mrs. Jane Sullivan, Mr. W. [illegible].

In connection with the opening of certain interested property owners for an outlet to their property in the vicinity of Riverview [illegible] the City Engineer submitted a report in which he advised that Mr. J. A. Lyman is willing to donate 20-feet and the Riverview Corporation 30-feet, making 40-feet street North of Riverview Road or Drive and that the Riverview Corporation will open the street without expense to the City.

[illegible], it was ordered that the [illegible] described by the City Engineer as the street marked 40-feet, north of Riverview Road or Drive be adopted by the City as the means of ingress and egress to and from the property with which the City was requested to provide an outlet, provided Mr. J. A. Lyman is willing to give 20-feet and that the street will be opened without expense to the City.

(Copy) Feb. 19 1925

The Hon Mayor and Commissioners,
Gentlemen:

I have made a survey and plot looking to securing an outlet for property owners on the southern end of Riverview Drive into Beverly Road. I have shown on the map two routes; one from Riverview Driver over a 30 ft. street, marked New Street Also the North line of L. B. Woodard's lot to a street 30 ft. wide named Lyman Rd. I saw J. A. Lyman about giving a right of way for a street along the north line of the Woodard lot, but he did not look on this favorably, so I suppose if this is secured it will have to be purchased. The grading and opening of this short street will cost about $155.00

The second route is over the St. marked 40 ft. street, North to Riverview Road or Drive. Lyman is willing to give 20 ft. or half of this 40 ft. street and Riverview Corp. will give the rest and open this street costing the City nothing.

Very respectfully,
W. M. Lee, City Engr.

[illegible].

On motion, it was ordered that a 250 C. P. light be installed in the hollow on Gudger Street, North of Hill Street and that an Arc light be installed on Evelyn Place, between the residence of J. R. Oats and Kimberly Avenue.

(Copy) Feb. 19, 1925

Mr. F. L. Conder,
Com. Public Works,
Dear Sir:

I have investigated the request for lights on Gudger and McDowell Streets.

I recommend a 250 C. P. light be installed in the hollow on Gudger Street, North of Hill Street.

I recommend an Arc light be placed on Evelyn Place, between the residence of J. R. Oats and Kimberly Avenue.

I do not recommend light be installed on McDowell Street, near Mt. Zion Church as this is a short street with an Arc light at either end and, in my judgment, is sufficiently lighted, at least until darker streets in town are provided with lights.

Very truly yours,
J. H. Sargent, Supt.

Dear Madam:

Regarding the petition signed by property owners on Tacoma Street requesting that said street be paved from Pearson Drive to the new street recently opened, I find that the said petition is signed by a majority in number of the owners, who represent a majority of all the lineal feet of frontage of the lands (owners of individual interests in one piece of property have been treated as one person) abutting upon the street or part of street proposed to be improved.

The following table shows the frontage of property on the street proposed to be improved, the number of property owners and the total frontage with the frontage petitioned for:

City.

Dear Sir:

I find that by order of the Commissioners, the Jombolt lots that were assessed by the Town of West Asheville with sewer on Beverly Road, have been relieved from the charge for sewer [illegible]. The assessment was made by Mr. Jombolt in that [illegible] Mr. Jombolt's lots, on Beverly Road (never before assessed for sewer) are impossible, because they are lower than the street. These lots front on the street, where the sewer is six ft. below the finished grade of street. There are no houses on these lots, but when they are built it is supposed that the [illegible] will be above the level of the street, giving ample fall for sewer from the rear of same.

Very respectfully

February 2[illegible], 1925

Mr. F. L. Conder,
Commissioner of Public Works,
City.

Dear Sir:

Pursuant to instructions from the Board, I made an effort this forenoon to reach agreement with some of the property owners on the tract of land in East Asheville, bounded by Garrison Road, Wagner Street and Howard Street, with the following results:

Mr. W. M. Owens, of 144 Pill, declined to name any price for his property.

Mr. Luther Burnett, lots 78 and 79 was not at home and his wife was sick in bed, however, she said that they positively would not sell 66-foot front, which is one half of their lot.

Lots 176 and 177 are owned by Mrs. Cora Williams. I talked with her Niece, who advised me that Mrs. Williams is in Washington and she did not know whether she would sell or not; also, the Niece, was not authorized to name any price.

I have been reliably advised that Mr. L. A. Lodwell and H. S. Cook have secured lawyer and will not sell their property to the City. I called at the Lodwell home, but was unable to get anyone to answer my repeated rapping on the door. I was advised, however that the Lodwells, if they sold, wanted $17,000.00 for their property.

I called at the home of H. S. Cook and could get no response by rapping on the door, altho' I am positive someone was at home.

I am unable to make any recommendations and am compelled to report I am unable to reach agreement with the affected property owners.

[illegible] AVENUE ... A. [illegible] SUBDIVISION ... [illegible]

On motion, it was ordered that S. A. Barbee be granted permission to open the streets in his new development off of Haywood Road in West Asheville [illegible] and [illegible].

(Copy)
Mr. F. L. Conder, February 21, 1925
Dear Sir:

Mr. Barbee is opening a new sub-division in West Asheville which he is now developing. Sewers installed, water and sewer. In addition the streets are now graded and will be further improved.

In checking over the names of the streets in his sub-division Mr. Barbee finds that he has a certain street named Hazelwood Street. We now have a street in the fourth ward named Beach Street. The later street has never been accepted by the City and is an unimproved street 450 feet long running between Silver Avenue and Asta Street.

There is a certain similarity in these names which is always objectionable, however the names are not so similar as the following example which is taken from the list of names of the present streets.

Park Place
Park Avenue
Park Boulevard
Park Street

It would seem to me that the present street now called Beach Street could be given a new name, when it is accepted by the City, and thereby enable Mr. Barbee to use the name Peachtree Street in his sub-division.

Very truly yours,
"F. L. Conder"
Comm. Engineer.

Dear Dr. Wheeler:

Eight persons, claiming to be residents of Hollywood Street, petitioned the Board of Commissioners to investigate and take action in regard to your stable on said street.

Inspection from the Health Department and a survey by the City Engineering Department shows that three houses are closer than fifty (50) feet to this barn, which is a violation of Section 265, Pennell's Code.

It will be necessary for you to comply with the city ordinance and in doing so you will be required to move your barn by March 1, 1925, which I feel will be ample time.

The Board of Commissioners met in regular session, Mayor Cathey presiding. The minutes of the previous meeting were read and approved.

The complaint of Mr. I. W. Glazier that he had been charged with 7-feet frontage on Pearson Drive in assessing the cost of the paving of that street against abutting property, whereas he does not own frontage on said street was, on motion, referred to the City Engineer for investigation and report.

A petition requesting the paving of State Street was presented to the Board, and, on motion, ordered referred to the Engineering Department for written report as to the property owners and front footage represented thereon.

TO THE BOARD OF COMMISSIONERS OF THE CITY OF ASHEVILLE:

Gentlemen:

The undersigned, petitioning your Honorable Board, respectfully show:

1st: That they are owners of lots or parcels of land in the City of Asheville, N. C., with a frontage abutting on State Street, hereinafter described and proposed to be improved.

2nd: Your petitioners respectfully request your Honorable Board to grade, sub-grade, and pave with some suitable material to be selected and designated by your said Board, that street in the City of Asheville, known as State Street, the part proposed and requested to be improved.

3rd: Your petitioners further request your Honorable Board, for the purpose of raising the money for making the local improvement herein petitioned for and paying for same when completed, to adopte the method for procedure for such purposes set forth and provided in chapter 56 of the Public Laws of North Carolina, ratified February 27, 1925, entitled "An Act Relating to Local Improvements in Municipalities," and exercise the powers and authority therein granted and conferred.

4th: Your petitioners further respectfully request and petition your Hon. Board to assess one-third the cost and expenses of said local improvement against the lots and lands fronting and abutting on said Street above described, and proposed to be improved, in accordance with the above mentioned act, and issue "Local Improvement Bonds" and "Assessment Bonds" to raise the funds necessary to pay for said improvement.

5th: That your petitioners are the owners of the following frontage, abutting directly on said street, for the improvement whereof this petition is filed, to-wit:

On motion, the City Engineer was instructed to lay out a sanitary sewer line on Aston Street, from Church Street to Coxe Avenue and to have the City's forces install same.

The City Engineer's report showing that one C. C. Meyres had been charged with the paving of Virginia Avenue with 60-feet whereas he should have been charged with only 50-feet was presented and the correction as recommended was ordered made on the books of the Tax Collector.

(Copy) March 5, 1925

The Hon. Mayor and Com.
Gentlemen:

In regard to the paving assessment charged against C. C. Meyers's lot #78 Virginia Avenue can report that this was corrected in the Tax Collector's office several weeks ago. C. C. Meyers was charged with lot #79, 60 feet front when he should have been charged with lot #78 50-feet front which was done some weeks ago. Lot #79 60-feet front belongs to Dever Reynolds and he has been properly charged.

Very truly yours,
B. M. Lee, City Engr.

Saturday, February 7, 1925.... 9 o'clock, A. M.

The Board of Commissioners met in regular session; Mayor Cathey presiding. The minutes of the previous meeting were read and approved.

The City Engineer reported that in charging the paving on Clingman Avenue he had found several instances where the calls in the various deeds do not check out, for instance one man's lead calls for 60feet, whereas he actually had under fence 68-feet and asked for advice as how to charge this paving.

It was suggested to the Engineer that he pro-rate the charge in cases of this kind against the owner of property actually having property in his possession and under fence.

The report of the jury showing change in the grade of Tiernan Street, preparatory to paving of said street was presented to the Board, and, on motion, unanimously adopted.

In view of the information containdd in the City Engineer's report it was ordered, on motion, that Mr. S. G. Chambers be allowed $24.00 for 300 feet of three-quarter inch water line installed by him on Conestee Street.

March 6, 1925

The Hon. Mayor and Commissioners:

Gentlemen:

In regard to the request of Mr. S. G. Chambers that the City reimburse him for the cost of the ¾" pipe that he had laid on Conestee Street. I have looked into the matter and find that the former commissioners had promised him, that when a 4" water main was laid on Conestee Street, that his ¾" pipe would be taken up for him. This was not done, as the 4" main was laid in the sidewalk space, and to dig up this ¾" pipe would cost the City more than the pipe is worth. Mr Chambers had laid on Conestee Street 300-feet of ¾" pipe for which he wants $0.08 a ft. making $24.00. I would suggest that the City pay him this $24.00 as they could not have taken it up for that amount.

Yours very respectfully,
B. M. Lee,
CITY ENGINEER.

$300,000 LOAN

The following resoultion being duly seconded was unanimously adopted:

BE IT RESOLVED BY THE BOARD OF COMMISSIONERS OF THE CITY OF ASHEVILLE;

That in order to raise funds for the operating expenses of the City of Asheville, the City borrow, in anticipation of the collection of taxes for the current year, the sum of THREE HUNDRED THOUSAND ($300,000) DOLLARS, and issue its negotiable notes therefor, bearing interest at the rate of four and one-half (4½%) per centum per annum, said notes to be dated the 10th day of March, 1925, and to mature on the 10th day of September, 1925, said notes shall be signed by the Mayor and shall be in denominations of ten notes of $10,000.00 each and eight notes of $25,000.00 each and shall be payable to the bearer, both principal and interest to be payable at the Hanover National Bank in the City of New York. The said notes shall bear the corporate seal of said city, attested by the Secretary-Treasurer and said notes when issued shall be in substantially the following form, to-wit:

No. $10,000.00 Asheville, N. C., March 10, 1925.

FOR VALUE RECEIVED, the City of Asheville, N. C., promises to pay to the order of Bearer, at Hanover National Bank in the City of New York, N. Y., on the 10th day of September, 1925, the sum of Ten Thousand Dollars, with interest from date at the rate of 4½ per cent per annum until paid

This note is issued in pursuance of a resolution duly adopted by the Board of Commissioners of the City of Asheville on the 7th day of March, 1925, and duly signed by the Mayor of said City of Asheville as required by law.

IT IS HEREBY CERTIFIED AND RECITED that each and every act, condition and thing required to be done, to have happened and to be performed precedent to and in the issuance of this note, has been done, has happened and has been performed in full and strict compliance with the Constitution and Laws of the State of North Carolina and that this note is within every debt and other limit prescribed by law, and the faith and credit of the City of Asheville are hereby irrevocably pledged to the punctual payment of the Principal and Interest of this note, according to its terms.

IN WITNESS WHEREOF, the City of Asheville, N. C. has caused its corporate name to be signed hereto by its Mayor and the corporate seal to be hereunto affixed and attested by its Secretary-Treasurer this the 10th day of March, 1925.

On motion, the Corporation Counsel was instructed to take the necessary proceedings at once to force collection of the special tax from the Western Union Telegraph Company and Postal Telegraph Company.

On motion duly seconded, unanimously adopted, it was ordered that the flag pole on Pack Square be removed.

On the recommendation of the City Engineer the Asheville Florida Realty Company was granted exemption of $8.40 on the paving assessment charged against lot #21, fronting on Majestic Avenue.

This action taken in view of the fact that in grading Majestic Avenue the frontage of the lot in question was cut down from 25 to 22½ feet.

(Copy) March 9, 1925

The Hon Mayor & Commissioners.
Gentlemen:

I find that when the Asheville Fla Realty Co. graded Dorchester Avenue from Haywood Street, North, they widened it, reduced the width of their lot #21 fronting on Majestic Avenue and shown on the Majestic Avenue map; from 25 feet front to 22½ feet front, which will reduce the paving, assessment against this lot from $84.00, to $75.60 whereby reducing their assessment $8.40 with which they should be credited. This company did a large part of the grading on Dorchester Ave.

Very respt.
B. M. Lee, City Engr.

In view of the explanation of the City Engineer, it was ordered on motion that Mr. W. C. Moody's request for exemption of sewer assessment charged against his property on Toxaway Street be respectfully refused. It was ordered that the assessment stand as originally charged.

The applications of H. G. Curry for the use of city water on Colonial Place and of Mrs. Robert W. Morgan for the use of city water on Turner Avenue, for domestic purposes were presented to the Board, and it appearing to the Board that they had complied with all of the provisions of the ordinance regulating the use of city water without the city, it was ordered, on motion, that the said applications be granted.

The City Engineer's estimate showing payment of $97.33 due B. T. Belote on account of the grading and paving of Coleman Avenue in Montview Acres was presented to the Board, and, on motion , the Mayor was authorized to settle with the contractor according to contract.

Attorney Burgin Pennell representing interested citizens residing in the vicinity of Hollywood Street and Furman Avenue was again before the Board relative to the stable now maintained in violation of the City ordinance in that locality.

Mr. Pennell was advised by the Mayor that the matter had been taken up with the Corporation Counsel and the City Health Officer notified to take immediate steps to have the stable moved.

[illegible].

The request of Mr. Stuart and Mr. Swatzburg for permission to have the awnings in front of their place of business on Haywood Street extended to the edge of the side-walk with flaps extending down about 6-inches more than is permitted under the City ordinance was referred to the Commissioner of Public Safety.

[illegible].

Mr Watson appeared before the Board and complained of dust and dirt on North French Broad Avenue caused from the hauling of dirt from the Battery Park Hill. Mr. Watson was assured the Board would do all possible to eliminate the condition complained of.

The City Engineer's report advising that in charging the paving of Maple Crescent to the property of Fred Springer and Hugh Sowers, an error had been made and recommending that said charged be changed to read:

Lot # 183 Fred Springer 25' @ $2.285 $57.125
" 183½ Hugh Sowers 25' " 57.125

was presented to the Board, and, on motion, the corrections recommended by the City Engineer was ordered made on the books of the Tax Collector.

The Hon. Mayor & Com.
Gentlemen:

In my paving assessment report for Maple Crescent I charged lot #183 to Fred Springer as it was shown on the tax books. It seems that this 20' lot has or had been cut into two 25' lots one owned by Fred Springer and the other by Hugh Sowers as follows:

Lot # 183 Fred Springer	25'	@	$2.285	$57.125
" # 183½ Hugh Sowers	25'	@	"	57.125
Total	50'			114.250

Very respectfully
B. M. Lee, City Engr.

The City Engineer's report advising while Nora Thomas's deed called for only 60 feet frontage on Clingman Avenue she really has in her possession 68.8 feet and recommending that the paving assessment against the property be changed so as to read Lot #30, Nora Thomas 67.8 at $1.334 $90.45, was presented to the Board and, on motion, referred to the Corporation Counsel for advise as to what steps to be taken in charging for assessments when the property owners deed calls for one frontage and they actually have under fence more property than called for.

This action taken in view of the fact that in numerous instances there is a large discrepancy in the calls in deeds on various streets; for instance: parties deed will call for 60-feet, they will actually have under fence 65 or 70 feet and the calls in the deed to the property on each side of them will work out showing that their is come 5 or 10 feet apparently belonging to no individual.

March 10, 1925

The Hon Mayor & Commissioners:
Gentlemen:

When turning in the paving assessment report on Clingman Avenue in January, I charged lot #30 property of Nora Thomas with 60' front, the amount called for in her deed. She really has in her possession, and not claimed by anyone else 67.8.

The charge made in January, Lot #30, Nora Thomas 60' at $1.334 $80.04

The charge for what she has in lot #30, Nora Thomas 67.8' at $1.334 $90.45

Very truly yours,
B. M. Lee, City Engineer.

The application of one Doc Roberts for the use of city water on Evergreen Knoll, Lookout Drive, for domestic purposes, was presented to the Board, and, it appearing to the Board that he had complied with all of the provisions of the ordinance regulating the use of city water without the city, it was ordered, on motion, that the said application be granted.

The City Engineer's report showing his investigation of the petition requesting the paving of State Street was presented to the Board, and, on motion, ordered filed until the future policies of the city relative to paving is determined.

March 11, 1925

Mrs. E. G. Thompson,
Sec. Treas.
City of Asheville
Dear Madam:

Regarding the petition signed by property owners on State Street requesting that said street be paved from Haywood Road to Amboy Road.

I find that the said petition is signed by a majority in number of the owners, who represent a majority of all the lineal feet of frontage of the lands (owners of individual interests in one piece of property have been treated as one person) abutting upon the street or part of str eet proposed to be improved.

The following table shows the frontage of property to be improved, the number of property owners and the total frontage with the frontage petitioned for:

The suggestion of Mr. Barbee that the city make the necessary connection to insure water accommodations to houses on Greenhill Avenue before the street in his subdivision is paved was, on motion, referred to the Commissioner of Public Works.

[illegible].

The Commissioner of Public Safety called attention to the fact that the law now regulating the examination of electricians provides for one Master Electrician, one Journeyman and the City Electrician and suggested, that, in view of the fact that this duty requires some of the time of the parties not really interested in the City that he be permitted to pay over the fees collected thru the outside members of the Board.

After some discussion, it was ordered, on motion that the Master and Journeyman Electrician were apart of the Electrician Examining Board be paid for their time the amount of fees collected, provided, however such payment are to be made thru the office of the City Secretary-Treasurer.

The Hon Mayor and Board of Com.
Gentlemen:

In regard to the request of T. T. Grisson and Mrs. Wilder for the extension of the water line on Landvale Avenue; will report thatthe present water pipe line on this street from Haywood Road to Dallas Street is only 2" to continue this size to Sand Hill Road, about 600 feet, using pipe that the City now has on hand will cost about $100.00. This 2" line will furnish water for domestic purposes, but will give no fire protection. To put in a 4" main will cost about $850.00, a 6" main will cost about $1,075.00

Very truly yours,
B. M. Lee, City Engr.

The applications of Mrs. N. W. Getz for the use of city water at Oteen and of Koon Oil Company for the use of city water on Biltmore Avenue were presented to the Board, and, it appearing to the Board that they had complied with all of the provisions of the ordinance regulating the use of city water without the city, it was ordered, on motion, that the said applications be granted.

CITY'[illegible]M.

The Commissioner of Public Works submitted a plan for financing the future paving program of the city, which was, on motion, duly seconded, unanimously adopted a copy of same ordered given to the press with a statement from all three members of Board that said plan would be adhered to rigedly in the future.

The City of Asheville is now in the midst of its greatest period of expansion and growth, which has called and is calling for the greatest program of improvements and betterments in its history. This program has already and will continue to necessitate the borrowing of considerable money. Many improvements are necessary if our City is to continue to take advantage of its opportunities of development. We must not only keep pace with the other cities of this state in improvements, but must make Asheville a more attractive place in which to live, because it is this attractiveness, coupled with Asheville's wonderful scenery, exhilarating air, pure water and the wholesome joy of living that is causing so many people to visit us and so many to make this their permanent home.

The one item of street paving will call for a large expenditure of money, larger than perhaps nearly all other items combined. Many of Asheville's streets paved years ago are sadly in need of repaving; many streets have no paving at all; many new streets are being opened. Asheville cannot be made attractive unless these streets are improved.

The various betterments and expansion features now being undertaken, together with those improvements already assumed, and the City's portion of paving costs are rapidly exhausting the City's borrowing capacity, as legal restrictions limit the amount of money available for these purposes.

If the present program of paving is to be continued the City's portion of the cost of paving must necessarily be considerably lessened. Heretofore the City has assumed the entire cost of paving incurred at street intersections, plus 1/3 of the balance of the cost; the

2.

remaining 2/3 being assessed against the abutting property.

After much thoughtful consideration of the problem and, in order to avoid stopping the progress of the City, the Board has reached the conclusion: that from now on it must consider the paving, repaving and improving of streets for which petitions may be filed under which petitions a majority of the property owners, owning a majority of the frontage, agree that the cost of such improvements incurred at street intersections shall be borne by the City and the remainder of the cost shall be assessed against the abutting property, one-half on each side of the street. The abutting property owner will be allowed to pay for same in ten equal annual payments, or may pay all in cash. This arrangement is possible under the provisions of Chapter 56, Public Laws of 1915.

This is the method that has been and is being followed by the other large cities of the State and has been made necessary by the same conditions that now confront the City of Asheville.

The City of Charlotte has followed this plan from the beginning and has done millions of dollars worth of paving under it.

Winston has expended about four million dollars in paving during the past three years, the entire cost being assessed against the abutting property.

Greensboro adopted this plan about three years ago and immediately received petitions for paving costing more than a million. Greensboro has probably done as much work as has Winston under it.

Raleigh adopted this plan last year and during the year ordered a million dollars worth of paving.

3.

Hendersonville and other places have recently adopted this method.

In these places the City has found it impossible to finance the paving of its streets without following the method which we now propose.

The property owners have come to realize that the paving of streets enhances the value of the abutting property many times the cost of the improvement.

This method is fair because the abutting property owner is given more than full value for his money and the property owners on unpaved streets are not taxed unduly to provide paving in front of the property of others.

This method is absolutely necessary if the City is to continue paving and improving the streets that so sorely need it.

In order that the property owners may have some idea of the cost of paving streets under this plan, we have taken the average cost of several streets recently paved and assessments recently levied and have derived from them the following figures on cost to the abutting property under the new plan:

Paving 18 feet wide		$3.14	per lineal	foot
20	" "	4.13	"	"
24	" "	4.80	"	"
30	" "	5.77	"	"
35	" "	6.67	"	"
40	" "	7.50	"	"

For example, on a street paved 24-feet wide, the owner of a 75-foot lot would pay a total of $360.00, or ten equal annual installments of $36.00 with interest at 6% deferred payments.

4.

It must be remembered, of course, that the cost of grading, paving and improving a street depends upon the amount of grading, drainage and width of the street. The City cannot guarantee that the assessment will be any fixed amount in any given case; but will cheerfully give any information as to costs actually assessed on any street already paved or any other information in its possession.

[illegible].

In view of the fact that the property at the corner of Clingman Avenue and Hilliard Avenue heretofore belonging to the City was sold to T. C. Greene with the understanding that the sewer and paving assessment were to be assumed by the city, on motion, of the Mayor-Commissioner of Public Accounts and Finances, duly seconded and unanimously adopted, it was ordered that the charge now against T. C. Greene for the paving of Hilliard Avenue be exempted of the following sum:

Storm sewer Clingman Avenue to Roberts Street assessed in the amount of $45.90.

Clingman Avenue and Hilliard Avenue paving assessment of $455.15.

[illegible].

The two houses at the corner of Pearl Street and Hilliard Avenue which were purchased by the City, due to the fact that a nine-foot embankment or fill has been erected alongside of them and later sold to D. S. Watson with the understanding that the City would assume the paving assessment which amount is $1,084.50.

On motion of the Mayor-Commissioner of Public Accounts and Finances, duly seconded, and unanimously adopted, it was ordered that the said paving assessment be exempted.

The report of the Assistant Street Superintendent, P. Frady, advising that the estimated cost of resurfacing Howland Road with stone to be around $2,000.00 was presented to the Board, and, on motion, ordered filed, the Clerk being instructed to forward to Mrs. Rubin Robinson copy of report in question.

March 14, 1925

Mr. F. L. Conder,
Com. Public Works,
City.
Dear Sir:

In reply to your verbal request for estimate of the cost of resurfacing Howland Road with stone, I beg to advise that it would take around 450 cu. yds., costing around $5.00 per yard placed. I think a fair estimate of this job would be around $2,000.00

Very truly,

The following minutes of a joint meeting of the County and City Commissioners held in the office of the Mayor on this date were presented to the Board, and, on motion, adopted in the minutes for future reference, all members of the said board having voted for the proceedings set out in said minutes.

(Copy)

A joint meeting of the County Commissioners and City Commissioners was held in the office of the Mayor at 9:30 o'clock, A. M., March 18, 1925; present and participating Messrs. Cathey, Lyda, Johnson, Bartlett, Conder and McLean.

The following proceedings were had: It appearing by virtue of Chapter 549, Private Laws of 1919, the joint Boards of the County of Buncombe and the City of Asheville are empowered to purchase or procure by deed, gift or otherwise a track of land not in excess of 200 acres on which shall be erected a reformatory for white males in the County of Buncombe under the age of sixteen years, plans and specifications were submitted for such a reformatory, and it appearing that the estimated cost of such building was approximately $60,000, it was moved, duly seconded and the motion carried that the City and County issue bonds for the erection of such a reformatory.

Since the track of land now owned for this purpose is only approximately fifty acres and it appearing that the track adjoining this same land, containing fifty-four acres, could be acquired at a reasonable price, it was on motion duly seconded and unanimously carried, ordered that the governing body of said reformatory proceed to acquire this additional fifty-four acres and that the purchase price of this tract of land and equipment necessary for the new plant be included in the issue of said bonds, the amount thereof not to exceed $35,000 by the County and $35,000 by the City.

On motion duly seconded and unanimously carried, J. Frazier Glenn was elected for a term of two years to serve on the governing body of said reformatory. The act under which this reformatory is established, directs that the Commissioner of Public Safety of the City of Asheville and the Commissioner of Public Institutions of the County of Buncombe, together with one other member elected by the joint boards shall constitute the governing body of said reformatory.

On motion duly seconded and unanimously carried, the Chairman of the Board of County of Buncombe Commissioners was authorized to advertise for bids for the erection of said reformatory; said bids to be opened by the joint boards.

There being no further business, the meeting adjourned.

The complaint of Mr. Haywood Parker, representing the Asheville Cemetery Company relative to the condition of Green Street, extending from Pearson Drive to Cemetery was discussed at some length.

Mr. Parker stated that the Cemetery Company had spent some thousand dollars in order to maintain this road and asked for the present status, that is, whether or not the City of Asheville has taken it over as a public street.

Mr. Parker also complained that parties in filling in lots on this street had cut the street up so that at this time it was almost impassable.

Mr. Parker was informed that the work done on a street by the city personally meant an acceptance by the city, however, it was suggested to him that, in view of the heavy expense in maintaining this street, he undertake to get a petition under chapter 56 of the Public Laws of 1915 and let the city pave it, which he promised to do.

...

Attorney Gallatin Roberts, representing Mr. T. C. Miller, asked for an exemption of $35.15, the sewer charge against his clients property on account of sewer recently constructed, contending that at the time the sewer was installed his client was connected with sewer on Haywood Road over a right of way purchsed by him.

This matter, on motion, referred to the Engineering for map or plat showing existing conditions and written report.

LOUISIANA A ...SEWER ASSESSMENT.

Mr. J. H. Weaver, representing himself Mr. Townsend, Mr. Garrold and Mrs. Evans complained that sewer assessment against their respective properties on account of the construction of a sewer line which Mr. Weaver stated had been constructed thru his as well as the properties mentioned by him without due process of law that is without condeming the right of way as provided by law

Mr. Weaver also contended that the property in question was already accommodated with sewer when the sewer for which it is charged was laid.

This matter on motion, referred to the City Engineer for report as to why the sewer referred to was constructed without the right of way first being condemned and also for map showing exinsting condition.

Hon Board of City Commissioners,
Asheville, N. C.

Gentlemen:

I hereby request that the city lay sewer in front of my property on Salola and Carter Streets West Asheville, beginning at the point where sewer stops in front of the Brown property on Salola Street, and running to a manhole at the corner of Carter street and thence down Carter Street about two hundred feet, and I will agree to pay my part of the assessment on demand.

Yours truly,

E. T. Belote

On the recommendation of the Commissioner of Public Works the following changes in the lighting system of the city were ordered made:

Change 250 C. P. light at the corner of Michigan Avenue and Alabama Avenue to an Arc light.

Move Arc light from in front of the Coca Cola Bottling Co, on Biltmore Avenue to the intersection of Biltmore Avenue and Hilliard Avenue.

Install Arc light at the intersection of Hilliard Avenue and Ravencroft Drive.

Install a 250. C. P. light on Ravencroft Drive in front of the Arizona Apartments.

Move the 250 C. P. light now located midway on Ravencroft Drive one pole lower.

Install Arc light at the intersection of Hilliard Avenue and Coxe Street.

Move Arc light on Clingman Avenue to the North corner of Hilliard Avenue and Clingman Avenue.

Install Arc light at the intersection of Clingman Avenue and New Street.

Install 250 C. P. light on the bridge on Park Avenue.

Install 250 C. P. light at the extreme north east end of Logan Avenue at crest of the Hill.

...

With reference to the request of the proprietor of the Princess Ann Hotel that the pole at the intersection of Chestnut Street and Furman Avenue be changed to a steel pole, Commissioner of Public Works submitted a communication from the Asheville Power & Light Company advising that they were willing to furnish the labor in setting the pole, provided the Princess Ann Hotel would bear the expense of the pole, viz: between $65.00 and $70.00.

On motion, a copy of the communication as submitted by the Commissioner of Public Works was ordered forwarded to the Proprietor of the Princess Ann Hotel as information.

(Copy) March 18, 1925.

Mr. Frank L. Conner,
Com. Public Works,

Dear Mr. Conner:

With further reference to the wooden pole located in front of the Princess Anne Hotel at the intersection of Chestnut and Furman Ave. I hardly see how this pole can be changed to any other location at this street intersection and have the Arc lamp which swings from this pole in the proper location.

I am advising Mr. Jenkins today that if he wishes to put in a steel pole at this particular location we will be glad to do this providing he bears the expense of cost of the pole; and to help him out we will be willing to furnish the labor and set the pole at our expense. This pole will cost in the neighborhood of $65.00 to $70.00.

Very truly yours,
F. A. Woodcock,
Supt. Dist.& Lighting.

Gentlemen: In re: Atkinson Street Blocking

Replying to yours of the 16th. Unless there has been an acceptance by the City of the extension of Atkinson Street, we are of the opinion that the City has no right to prohibit Frank Rogers from blocking the extension.

"Unless otherwise provided by statue or charter, it is elementary that an acceptance is necessary"
McQuillin on Municipal Corporations, Sec. 1575.

The burden of proving the acceptance is on the municipality alleging it.

"Acceptance of a dedication may be in any one of three ways, namely: (1) By express act; (2) By implication arising from the acts of municipal officers; and (3) By implication arising from user by the public for the purposes for which the property was dedicated"
McQuillin on Municipal Corporations, Sec. 1579

"Acceptance may be shown in a great many ways, by any act with respect to the property claimed to be dedicated that clearly indicates an assumption of jurisdiction and dominion over it. There need be but little affirmative action to indicate an intention to accept a dedication. So there need not be any affirmative action on the part of the municipal authorities. To constitute an acceptance the property dedicated need not be in the actual use or occupation of the public"
McQuillin on Municipal Corporations, Sec. 1579.

We do not know the facts relative to the extensions of Atkinson Street. Unless there has been some acceptance by the City of the extension, we are of the opinion, and so advise, that the City has no control over the extension of Atkinson Street.

Very truly yours,
JONES, WILLIAMS & JONES,
Corporation Counsel,

Gentlemen:

We wish to make a request for water and sewer on Gudger St. in the rear of Montford School.

We have sold all of the lots fronting on Gudger Street and one house is now in course of construction and several others are planned for the immediate future.

Hoping that you can give this matter your prompt attention, we are,

Yours very truly,

[illegible] MAYOR [illegible].

On motion, the Mayor was authorized to issue a check in favor of Mr. Haywood Parker of $800.00, the city's third of the cost of installing storm sewer over town branch from Eagle Street, about 100 ft South, near Valley Street.

March 16, 1925

(Copy)
To the Mayor and
Board of Commissioners of the
City of Asheville

Gentlemen:

Some months ago I requested that the storm sewer built over the branch which crosses Valley and Eagle Street along that portion of the same between said streets be extended for 100 feet South of Eagle Street. You gentlemen told me at the time that you could not undertake the work then, but stated that as I am owner of both sides of said branch, I could be liable for two-thirds of the cost of said storm sewer and that therefore if I would myself build the same under the City specifications and directions and pay for it, you would reimburse me one-third of the cost thereof.

I at once got in touch with Mr. Stevens and had him take the matter up with the City Engineer and after some negotiations between those gentlemen, the storm sewer was finally built under the specifications and requirements of the City and I have now paid for the same. The entire cost and amount which I paid was $2400.00

I am asking therefore that the City give me credit for the $800.00, being the one-third of the cost of the sewer, and I will be glad to receive a check for this amount whenever it is convenient for the City to pay it.

Very truly yours,
Haywood Parker,

Subject: Storm Sewer running 100 ft south of Eagle St. near Valley.

Mr. F. L. Conder,
City.

Dear Sir:

Replying to yours of 18th, inst., relative to storm sewer constructed by Mr. Haywood Parker, over Town Branch, from Eagle Street, 100 ft south.

This sewer was constructed by R. C. Stevens, Contractor, at a contract price of $24.00 per lin. ft. for a length of 100 feet, making the total cost $2400.00, as stated by Mr. Parker.

Mr. Stevens talked with me about the design of this culvert, and I approved the type of construction used.

Should a brick building of one or more stories be constructed over this culvert, the culvert should not be used as a part of the foundation walls, but should span culvert with a beam.

Yours truly,
M. C. Hutchins,
Asst. City Engr.

Subject: Complaint of Mrs. Siting, #57 Forest Hill Drive, relative to condition of sidewalk

Mr. F. L. Conder,
City.

Dear Sir:

I have investigated the above mentioned complaint, and find as follows:

Trucks delivering dirt to property of Mr. Barbee on Forest Hill Drive, ran over curb and sidewalk and badly damaged 115 lin ft of 4 ft sidewalk, which should be rebuilt by Mr. Barbee. A considerable portion of this walk was entirely bro en up, leaving no fit walkway in wet weather, except the paved street.

Also, subbstone, covering catch-basin at this point, was knocked out of place, and should be set back where it belongs.

Very truly
M. C. Hutchins,
Asst. City Engr.

The report of J. E. To the Hon. Mayor & Bd. of Commissioners,
City.

Gentlemen:

In behalf of Sidney Miles, residing on Clemmons Street, in this City, we hereby give notice of claim for damages against the City by reason of injuries received by him on January 23rd, 1925, on said Clemmons Street, resulting from falling into a hole which was left open and unprotected and as a result of this injury he was totally incapacitated, and is now suffering therefrom. He claims to have been damaged by reason of the above in the sum of $2,000.00

Mr. F.L.Conder,
Com. Public Works,
City.

Dear Sir:

I have investigated claim filed by Attorneys Weaver and Patla for Sidney Miles, who lives at 56 Clemmons Street.

The City is in no way responsible for the accident.

Last October or November the Asheville Telephone Company dug some pole holes on Clemmons Street, two of which, for some reason, were never used, but were left open.

Before the accident, the Telephone Co. was notified by Julia Forney, who lives at 52 Clemmons Street, that the holes were there and that she was afraid her child would fall into them, and was told they would be filled immediately, but they were not.

After the accident, the Telephone Company was again notified by Emma Vance, who lives at 56 Clemmons Street that a man had fallen in one of these holes and been hurt and they immediately sent over and had them filled.

Mr. Hamilton, Construction Superintendent, for the Telephone Company, has a record of this and knows all about it.

Very truly,

The report of J. E. Patton, showing his investigation of alleged personal injuries sustained by Mr. Johnson, by being run over by an automobile driven by Raleigh Allen was, on motion, ordered embodied in the minutes as information.

Mr. F. L. Conder,
Com. Pub. Works,
City

March 18, 1925

Dear Sir:

Regarding the accident that happened on Valley Street, yesterday, when Mr. Johnson, colored, was hit by automobile driven by Raleigh Allen.

Mr. Allen himself took the man to the Mission Hospital and engaged a room for him and ordered everything done for him possible. He voluntarily came to police headquarters and reported the accident, stating he would pay the hospital and doctor bills and also settle with Johnson satisfactorily.

Chief Hyder advised me not to arrest Mr. Allen, unless that I found Johnson is seriously hurt.

I have the names of all witnesses and in the event Johnson wants to prosecute Mr. Allen, he can swear out warrant for him.

Very truly yours,

It appearing to the Board that the Jury in assessing benefits on the East side of Maywood Street on account of the widening of that street, between College Street and a point opposite the Auditorium arrived at their assessment on the basis of $10.00 per front foot and the map on which they were basing their report was in error the property belonging to S. A. Sondley being shown as 55 feet, whereas the actual frontage, by actual measurement, was only 41.95 ft, it was ordered, on motion, that the assessment charged against the property of S. A. Sondley be credited with 13.5 ft. at $10.00 per front foot.

(Copy)

March 19, 1925

To the
Mayor and Board of Com.
City.

Gentlemen:

As information, I beg to advise that the jury, of which I was a member, in passing upon the benefits and damages to accrue by the widening of Maywood Street, on the 2nd day of April, 1917, arrived at the benefits to property on the East side of the street on the basis of $10.00 per front foot, therefore, if the Engineering Department made any error in the frontage of the lots as shown on the plat submitted to us, the property owners should be credited at the rate of $10.00 per front foot for any frontage shown in excess of that called for in their respective deeds, less any frontage taken by the City in widening West College St. Therefore, in the case of F. A. Sondley he should only be charged at the rate of $10.00 per front foot for the actual frontage owned by him.

Very truly yours,
"Jno. A. Campbell"

Subject: Maywood St. frontage of lot owned by F. A. Sondley.

Mr. F. L. Conder,
Com. Public Works,
City.

Dear Sir:

In accordance with your request, I have measured the frontage of the F. A. Sondley lot at the corner of Maywood Street and College St.

Owing to the construction of the building, due to a downgrade, it is difficult to determine the line on Maywood Street, between the Sondley property and the Redwood property. My measurements give the Redwood property a frontage of 46.56 feet on Maywood St and the Sondley property a frontage of 42.27 feet.

The Maywood Street parking assessment map gave the Redwood property a frontage of 47.0 feet and the Sondley lot a frontage of 41.95 feet.

According to the old maps on file, when College Street was widened, it was supposed to 47.0 feet wide at Broadway and 49.0 ft wide at Maywood Street, the North side of the street to be a straight line from Broadway to Maywood. In my opinion, the Sondley lot encroaches on College Street a foot at the Maywood Street corner, since College Street at this point now measures 48.0 feet. Measured along the East line of Maywood Strrre, College Street measures 49. 26 feet.

Yours truly,
" M. C. Hutchins"

Attention: Mayor and Commissioners

Gentlemen:

You are hereby notified that the undersigned, claims and demands from the city of Asheville, the sum of Fifteen Thousand ($15000.00) Dollars, said claim of fifteen Thousand ($15,000.00) Dollars coming out of the wrongful taking by the city of Asheville, Four (4) feet of frontage of the real estate of the claimant, situated on the Southern margin of Haywood Street, almost opposite the City Auditorium, for the purpose of widening said Street. That said real estate was wrongfully taken, by the city of Asheville, without the city first condemning same and without notice to the owner, the claimant herein; that the first notice this claimant has of the taking of property aforesaid, was on or about the 8th day of January, 1925.

You are further notified that this claimant, objects and protests the paving assessment placed against the aforesaid property, that the same is excessive in as much as 4 feet frontage when, as a matter of fact, the city has only 2 feet frontage of said property, the city having confiscated an additional 4 feet, and for the further reason that the cost of paving a portion of Haywood Street, was not been pro-rated as against the property fronting the assessment against the property of without giving any arrangement for equitable entry.

The Hon. Mayor & Commissioners,
Gentlemen:

In regard to Mrs. M. H. Harris claim of $15,000.00 damages to her property on Haywood Street will report as follows:

The condemnation of this property was by due process of law, the jury was ordered on February 28th, 1917, and the jury made its report April 2, 1917, awarding Mrs. Harris $1,000.00 damages and $600.00 benefits on her two lots. As to her claim that she was charged for 160 feet front while there are only 116 feet front since the street was widened. The paving report shows that she was charged with 116.2 ft front, Mrs. Harris lots were each 50 feet front on Haywood Street and 33 ft wide at the back, so the further the fronts were set back from Haywood Street, the narrower they are. All the property on this portion of Haywood Street is assessed the same price per front foot, as Mrs. Harris lots.

Very respectfully,

Dear Sir:

I have investigated claim filed by Philip L. Morgan for damages to his car by one of the city trucks.

On Sunday February 15th, Ford truck number 11, driven by J. H. Fox an employee of the city was left standing in front of the filling station near the garage on Valley Street.

As Mr. Morgan was passing the truck rolled backwards into the street, ran into Mr. Morgan damaging his fenders and breaking off his running board.

The Morgan car can be repaired for eighteen or twenty dollars, and all Mr. Morgan asks is that the City pay this repair bill.

Very truly,
J. T. Patton

WOODFIN STREET... IMPROVEMENT.

J. T. Patton, special agent reporting he had been unable to reach agreement with interested property owners relative to the proposed widening of Woodfin Street, between Central Avenue and Charlotte Street, the Mayor was, on motion, authorized and instructed to issue his writ for a jury to condemn the land necessary.

March 20, 1925

Mr. F. L. Conder,
Com. Pub Works,
City.

Dear Sir:

Herewith map showing widening of Woodfin Street, between Central Avenue and Charlotte Street.

I beg to advise I have been unable to reach agreement with property owners affected by this improvement.

Very truly yours,
J. T. Patton,
Special Agent.

MINNICK AVENUE
HILLIARD AVENUE...NAME CHANGE.

On motion, the City Engineer and Water Department were instructed to change the records of the city so as to change the name of Minnick Avenue to Hilliard Avenue, in accordance with the recent order of the Board.

Wednesday, March 25, 1925..... 9 o'clock, A. M.

The Board of Commissioners met in regular session; Mayor Cathey presiding. The minutes of the previous meeting were read and approved.

J. T. EARLY
RECREATION PARK....CLAIM.

Attorney Gallatin Roberts representing Mr. J. T. Earley appeared before the Board and filed claim on account of alleged damage to his clients property at the Recreation Park. Mr. Roberts stated that this client had erected a building at a cost to him of $215.00 at Recreation Park in which he stored exhibit; the City without notifying Mr. Earley had moved his exhibit and destroyed the house.

In this connection, the Commissioner of Public Works recommended the City pay Mr. Earley not exceeding $25.00 in lieu of any damages.

Mr. Earley refused to accept this, therefore no action was taken.

JORDANS RESTAURANT
PACK SQUARE .....CLAIM.

Judge Frank Carter, representing Mr. Jordan, the Proprietor of Jordan's restaurant on Pack Square offered a compromised settlement with the City, the City to pay his client $500.00 in lieu of all claim for damage caused by the Contractor in razing the Library Building.

This matter, on motion, referred to the Mayor for adjustment with the Contractor.

LIBERTY STREET EXTENSION...REPORT OF JURY.

The report of the jury passing on the extension of Liberty Street, from Orange to Chestnut was presented to the Board, and, on motion, duly seconded, unanimously adopted, the Clerk being instructed to send a copy of same to Mrs. Schartle.

To the Honorable Mayor & Board of Commissioners of the City of Asheville, N. C.

We, the undersigned jurors, having been duly summoned and sworn to assess damages to the lands of:

The City Engineer's report showing his investigation of the contention of Mr. T. C. Miller that he should not be charged for the sewer accommodating his property on Virginia Avenue because he had connected with the sewer on Fairfax Street was presented to the Board and in view of the information therein contained, it was ordered that Mr. T. C. Miller's request for exemption be disallowed, and the Clerk was, on motion, requested to furnish Mr. Miller with a copy of Engineer's report.

March 24, 1925

The Hon. Mayor and Commissioners

Gentlemen:

In regard to claim of Mr. T. C. Miller that he should not be charged for the sewer on Virginia Avenue because he connected with the sewer on Fairfax Street, will say that he paid nothing for the sewer on Fairfax Street. The sewer on Fairfax Street was completed in May 1921. The sewer on Virginia Avenue was completed in June 1922 and T. C. Miller was charged with 60 feet front @ .53 per foot $31.80. Of course it cost him more to connect with the Fairfax Street sewer than it would to connect with the Virginia Avenue sewer for the distance is nearly three times as great. It seems to me, that he should pay for the building of one of the sewers. I asked Mr. Miller how much he paid for the right of way to Fairfax Street sewer and he said he did not know as it was included in the bill for laying his sewer. I am attaching a plat showing the situation.

Very respt.

TO THE HONORABLE MAYOR, AND ITY COMMISSIONERS OF THE CITY OF ASHEVILLE, N. C.

Notice is hereby given that on the 18th day of March, 1925, during the evening, the houses owned by the undersigned, W. M. Jackson, said property being located on the south side of West Haywood Street, and the east side of Molk Street, in said City of Asheville, was damaged by the flooding of said premises together with the basements of three of the houses located thereon by water caused to be backed up onto the said property by reason of the stoppage of the storm sewer constructed, owned and maintained by the City of Asheville on said property and leading therefrom, under said Westwood Street; the injury resulting to the plaintiffs and to the said property from the flooding aforesaid being caused proximately by the negligence of the said City, in the construction, care and maintenance of said storm sewer by said City, as the claimants are informed and verily believe. [illegible] will further take notice that the said W. M. Jackson and wife [illegible] Jackson claim damages from the said City for such damages to their said property in the sum of Two Thousand ($2,000.00) Dollars.

This notice given this the 25th day of March, 1925.

(Copy) March 26, 1925

The Hon. Mayor & Commissioners:

Gentlemen:

I have looked into the complaint of Mr. Sarley, whose place is at the corner of Hanover and Montana Streets. I cannot see that the city has cut off anything from the front of his lot. The City in grading Montana Street cut to the line leaving the banks vertical; these banks have crumbled at the top leaving them sloping. The frontage of the block between Montana and Alabama Streets is several feet more than the combined frontage of the lots contained in this block according their deeds on record.

WATER MAINT.. CONSTRUCTION.. OPENING.. NEW LINE.

A petition requesting the city to accept, open, grade and install a water line in Westview Street was presented to the Board, and, on motion, referred to the City Engineer for advice as to whether or not the street is in condition for acceptance, also for estimate of the cost of installing water line therein and grading.

Asheville, N. C.
March 24, 1925.

To the Honorable Mayor
and City Commissioners,
City

Gentlemen:

We, the undersigned property owners of West View Street, West Asheville, respectfully request the grading of said West View Street, which street runs parallel and just west of Vernon Avenue, also a water line as far as the new houses.

At least two new houses will be under construction on this street within the next two weeks, and several others are contemplated, provided enough work can be done on the grading of this street to allow entrance to the proposed new houses.

In view of the fact that comparatively little grading would be necessary to serve our temporary needs on this street, we would greatly appreciate any help or consideration that you may be able to give us just now.

Hon. John H. Cathey, Mayor and
City Commissioners of the
City of Asheville, N. C.

I, Chas. ... Brown, hereby protest against any assessment being made against my property on the left side of Haywood road for the reason that my property is not in any way benefited by the widening of the street on the lands of Mr. Barbee and Mr. Bledsoe etc. I was never served with any notice by the city or any person that the street would be widened or that I would be assessed with benefits by reason of the said widening.

I therefore protest against any assessment being made against my property.

Respectfully,
March 18, 1925. Chas. ... Brown.

PINELLAS AVENUE...SEWER.

A map or plat submitted by the City Engineer was, on motion, adopted as the zone of benefits and damages on account of the proposed condemnation of a right of way for sewer to accommodate certain property in the vicinity of Pinellas Avenue and W. . . Patton a points special agent for the city to negotiate to reach agreement with interested property owners.

Pending the condemnation of right of way for the a sewer thereof sewer, the Engineering department was authorized to have Kelly-Wilson & Company proceed with the construction of the sewer.

WILSON PATTON...WATER REBATE.

On the recommendation of the water superintendent, it was ordered, on motion, that Wilson Patton be rebated $9.50 water rent.

This action taken on the explanation of the water department that this excess water rent was entirely the default of the department they having failed to cut the water off when notified and someone, after notice was served, turned the water on, permitting it to run to about amount.

MERRIMON PLACE...SEWER.

A report from the Engineering Department showing his explanation of the charge of the Merrimon Avenue sewer was presented to the Board, and, on motion, ordered published in the minutes, the Mayor being requested to take the matter up with Burton L. Owenby and Mrs. W. M. Owenby, in view of reaching some compromise in connection with their claim for damage to their property by surface water.

Subject: Assessment's for sanitary sewer on Merrimon Place and on South Liberty St. between Orange and Chestnut.

Hon. Mayor and Commissioners:

I submit herewith map and report for sanitary sewer constructed on Merrimon Place now on a portion of South Liberty Street, between Orange Street and Chestnut St.

At the time this sewer was constructed, there was a 4" sewer from Merrimon Avenue on Merrimon Place which served the Owenby lots and Mrs. Lowe's property. This sewer was constructed years ago by Mr. Lowe. As it was not of the proper size, or in proper location where Liberty St was extended from Orange Street to Chestnut St., it was necessary to construct the sewer shown on the attached map. However, as the original sewer (4") was built by Mr. Lowe and was satisfactorily serving his property, I did not assess any of the cost of the new sewer against the Lowe property. As the Owenby lots connected to the Lowe sewer by consent, and never paid any of the cost of sewer from their lots to Merrimon Avenue, I thought it just that they bear their proportional part of the cost of the new sewer.

Respectfully submitted,
M. C. Hutchins,
Asst. City Engineer.

MYERS STREET...BREVARD TO AIRWAY.
MYERS STREET.

The City Engineer's report showing estimate of the cost of opening street from Brevard to Fairfax Street was presented to the Board, and, on motion, ordered filed.

March 28, 1925

Subject: Complaint of J. E. Weaver and others relative to construction of and assessments for Jarrett Street Sewer.

Hon. Mayor and Commissioners:

With reference to above mentioned complaint, I find that work began on Jarrett sewer during the week ending Nov. 29th, 1924. The first work done was on the Ralph Young property, working toward Haywood Road. Work on the property of the complainants was started during the first week in December, 1924. This sewer was completed during the week ending Feb. 28, 1925.

Map was submitted to Commissioners, and special agent appointed to secure right-of-way, on Nov. 17th, 1924.

Special Agent reported to Commissioners and jury was ordered on November 19th, 1924

The jury report was submitted to Commissioners and adopted on Nov. 19th, 1924.

Assessments were made against property owners when the sewer was more than 150 feet from the street upon which previous assessments had been made, and when the property could not be served by any other sewer.

Map showing Jarrett St sewer and adjoining streets, sewers and property owners sent herewith.

Respectfully submitted,

City.

Dear Sir:

The Water Dept is cleaning out Hominy Creek Outfall sewer near Flint and Montreat Streets. Owing to proposed fills in the [illegible] sewer has been broken and it is necessary to [illegible] large gravel and sand.

I would recommend that 288 lin. ft. of 12" cast iron pipe, [illegible] pipe, Class "A" be laid to replace this exposed section of sewer.

To the
Mayor and Board of Commissioners
of the City of Asheville,
City.

Gentlemen:

Replying to your inquiry as to when liens against property on account of paving, sewer or other public improvements become in force and effect, we report as follows:

PAVING

When paving has been made in accordance with the provisions of the Charter of the City of Asheville in effect before the last Act passed by the Legislature, the paving assessments become completed and operative after the City Engineer had made a survey and report of the amount of work done, showing the name of each abutting owner thereon, the number of front feet of each lot, and the pro rata shares of such cost of such street improvement to be assessed against such real estate, and, upon the adoption and approval of the said report, the date of the approval and adoption of the report fixing the date when the lien became effective.

In the event of paving under the last Act of Legislature in proceedings before the Clerk, the assessments become a lien "whenever the Board of Commissioners of the City may confirm the report of a Jury and the Secretary-Treasurer of the municipality shall enter upon the Minutes of the governing body the date of such confirmation." The lien becomes effective from the date of such confirmation.

NOTICE AND CLAIM FOR DAMAGES

TO:
BOARD OF COMMISSIONERS
City of Asheville, Buncombe County,
North Carolina.

Your undersigned complainants hereby assert, claim and show:

1.

That they are the owners in fee simple of lot on the eastern margin of [illegible] in the City of Asheville, [illegible] Buncombe, of the dimensions [illegible] forty-four (44) [illegible] frontage on said Avenue; [illegible] depth of one hundred and one (101) feet along the North line and of ninety two and one-half (92½) feet along the South side; and of forty-seven and one-half (47½) feet at the rear. That said lot is known as lot No. 37 of a plat of Prospect Park; that said plat is registered in the office of the Register of Deeds of Buncombe County, North Carolina, in Book 71 page 474, and that your complainants acquired said property by deed from J. H. P. Cuthbertson and wife, dated November 25, 1908, recorded in Book 191, at page 497, of the records of deeds in the office of the aforesaid Register of Deeds. That there is a two-story house on said property in which complainants have lived and made their home for several years.

2.

That on or about the 4th day of February, 1925, the City of Asheville completed the excavation, grading, filling-in, etc., of a certain street, running under and below the property of your complainants and leading from the Eastern end of the West Asheville bridge into Depot Street, thru its duly constituted agents and employees the Howerton Engineering Company and E. A. Wells Construction Company, having ordered, directed and authorized the said two companies to perform the work which commenced several months before the date above mentioned and continued up until that time.

That at the prosecution of said work of excavating for said street, said contractors blasted considerable to move rock, and shook the complainants' house until its foundations, walls and the chimneys thereof have been shaken to such an extent that they are apt to fall; That rocks were thrown through windows and through the roof, breaking furniture in the house and shaking off and cracking the plaster in every room, and damaging and breaking claimants' furniture and their piano, shaking and breaking windows on the South side of the house, farthest away from the blasting, and bursting and cracking the weather-boarding on claimants' house, primarily damaging the house and home for residence purposes and imperiling the life and limb of claimants, and causing them great suffering in body and mind; that the house continually settles and cracks since said blasting and the undermining of its foundation; that besides this, the City, through its agents aforesaid, appropriated some two or three feet of claimants' property at Park Avenue and have dumped and filled in at the back, covering claimants' stable, several fruit trees and other trees on complainants' yard, destroying their garden and otherwise rendering their premises untenable; filling in with the embankment at the back and Eastern extremity of claimants' lot some twenty-five (25) or thirty (30) feet on claimants' property, and wrongfully appropriating for the street [illegible] of claimants' property along the South of claimants' lot and destroying their corners.

That the claimants never received any notice of any condemnation proceeding by which the City of Asheville sought to condemn their land for public use, and are informed and believe that they were never made parties to any such proceeding.

That the property of claimants is and has been for years their home; that the taking of their property and the grading of said street, and the negligent prosecution of the work, whereby claimants' house was damaged, has rendered the property almost untenable now and in the future, as a home and residence for the claimants or others, and that the claimants have been damaged by the negligence and disregard of the City of Asheville, through its employees, servants and contractors as herein fully set out, in the amount of $10,000.00

3.

That That J. A. Davis is a paralytic and is confined to his home, and can move only with the assistance of a rolling chair, and that as claimants are informed and believe, the City of Asheville has purchased the homes and property of other residents of the immediate vicinity, who were damaged by, and whose homes were rendered untenable as dwellings, by this improvement and excavation under Park Avenue, and that claimants are unable to sell their property for residence purposes because of the condition created by the city by this improvement, and the shaken and impaired condition of their house because of the blasting herein complained of, and that they are informed and believe there is no demand and will be none for use for their said property for business purposes and uses.

4.

WHEREFORE, claimants hereby claim of and demand of the City of Asheville for said injuries as herein fully set out to claimants' and their property, the sum of $10,000.00

Mr. F. L. Conder,
Com. Public Works,
City.

Dear Sir:

The Powers Engineering and Construction Company now constructing a building at the corner of Wpedin and Market Streets have torn the sidewalk up and in doing the excavating with a steam shovel, tore up all the underground wiring and conduit of the Asheville Telephone Company and also completely tore up the Police Alarm System.

The Buchholz Const. Co. also at work on the same street cut the sidewalk in order to build an ash conveyor next to the building they are putting up. So far they have done no damage to the underground wiring and Mr. Buchholz says he will arrange satisfactorily with the Telephone Company to move any wires that are in their way.

Neither of these companies have a permit to cut or to tear up the sidewalks.

Awaiting further orders from you, I am

Very truly,

J. E. Patton

Wednesday, April 8, 1925...2 o'clock, A. M.

The Board of Commissioners met in regular session; Mayor Cathey presiding. The minutes of the previous meeting were read and approved/

Attorney C. G. Lee, representing Mr. King on Montford Avenue appeared before the Board and complained of surface water had been turned on his clients property washing away his property and asked that the piped be extended.

This matter, on motion, referred to the Engineering Department for full investigation and report and specific advice as to whether or not the course of the water thru his property is a natural course.

Attorney Lee also called attention to the fact that in assessing the paving assessment on account of the paving of Hilliard Avenue also the jury in assessing benefits and damages on account of the widening of this street the property owned by Mr. Tench C. Coxe had been listed in the name of Mr. Grove and the jury had awarded Mr. Grove $600.00, who owns no property on that side of the street at all.

This matter, on motion, referred to the City Engineer for investigation and written report.

Mr. Lee also called attention to the fact that the City now owns a strip of land about 38 feet in length and about 7 feet in width between Mr. Eugene Sawyers property and Hilliard Avenue and representing Mr. Sawyer proposed to the City, that if the City would deed the strip of land in question to Mr. Sawyer Mr. Sawyer would assume the paving assessment.

This matter, on motion, referred to the City Engineer for a map showing the exact dimensions of the property now owned by the City.

This being the day, according to the City's advertisement, for the receipt of bids for the furnishing of approximately 4,000 barrels of cement at the Bee Tree Water Shed, bids from the following concerns were opened and read by the clerk:

Cambell Coxe Company
Southern Steel & Cement Co.
Rutherford & Atkinson Company

On motion, all bids submitted were ordered referred to the Purchasing Agent and Engineer for tabulation and report.

On motion a request for permission to block the sidewalk on Eagle Street in connection with the new building now being erected was, on motion, referred to the Commissioner of Public Safety.

A report of the City Engineer showing his investigation of the request that Westview Street be accepted by the city and opened was presented to the Board, and, on motion, ordered filed, the Board agreeing that it could not consider the acceptance of the street, until same has been put in passable condition.

April 1925

The Hon. Mayor and Commissioners
Gentlemen:

I have made a survey and have taken the levels on Westview Street, a street laid out about 265 feet west of Vermont Avenue and running parallel with Vermont Avenue. This street has never been graded. I am enclosing a map showing this proposed street, and also an estimate of the cost of grading the street and laying a 2" galvanized iron pipe in it.

Estimated cost of grading st & laying 2" water pipe

Earth excv.	1203.0 cu. yds @	.50	601.50
18" drain pipe furnished & laid	50 ft @ 1.25		62.50
2" water pipe furnished & laid	1070 ft @ .42		449.40
	Total		1113.40

Very respectfully.
B. M. Lee, City Engr.

The complaint of John Downs that he had been charged with a sewer assessment on Curve Street, whereas his property was already accommodated by sewer when the sewer with which he is charged was installed was, on motion referred to the City Engineer for investigation and written report.

The City Engineer's report showing his investigation of the complaint of Mr. Ledbetter that the city had turned surface water from the Aycock School grounds on his lot was read to the Board and, on motion, ordered filed, the Clerk being instructed to furnish Mr. Ledbetter with a copy of said report.

April 8, 1925

The Hon. Mayor & Commissioners:

Gentlemen:

The complaint of Mr. Ledbetter that the City has turned the roof water from the Aycock School building onto his lot, was referredto me for a report. The natural slope of the ground would carry most of the water from the shool building and yard to the hollow running northward through the Ledbetter lot, and it would be hard to make it run in any other direction. The City a few years ago put in a 12" pipe to carry the roof water from the Aycock School into the Ledbetter lot to reach the hollow above mentioned, but it does not appear to be washing it any.

Yours respt.
B. M. Lee, City Engineer.

On the recommendation of the Commissioner of Public Safety, it was ordered, on motion, that the Asheville Power & Light Company and the Postal Telegraph Company be requested and instructed to jointly use the same poles on Church Street and Lexington Avenue for their wires it appearing that the Postal Telegraph Company now has a line of poles with only two wires thereon.

On motion, the Corporation Counsel was instructed to at once institute suit against the Western Union and Postal Telegraph Companies in an effort to collect the pole tax which they refuse to pay.

On motion, the following building permits were granted:

T. S. Lance	5 rm house	128 Murdock Avenue	Est cost	3,500.00
James Rutherford	5 rm house	Southside Avenue	"	1,4 0.00
Hattie Tatum	7 rm house	East end Poplar St	"	5,000.00

On motion, adjourned.

Secretary-Treasurer.

Thursday, April 9, 1925.... 9 o'clock A. M.

The Board of Commissioners met in regular session; Mayor Cathey presiding. The minutes of the previous meeting were read and approved.

Attorney A. R. Reynolds, representing Mr. M. V. Meadows, appeared before the Board and requested a second jury be summoned to pass on his claim for alleged damage to his property in the opening of Hilliard Avenue and agreed that his client would stand by and accept the report of the second jury.

On motion, it was ordered that Mr. Meadows request be complied with provided he will sign agreement to absolutely abide by the decision of the jury.

Mr. Caleb Leonard, representing the Lutheran Church, at the intersection of French Broad Avenue and Hilliard Avenue, appeared before the Board and requested the city exempt paving assessment against said property.

This request, on motion, respectfully refused, Mr. Leonard being advised that practically all of the churches are either charged with or have paid assessments for improvements.

Attorney S. G. Barnard, representing W. H. Lassiter, complained of surface water damaging his property on Biltmore Avenue, at its intersection with Forest Hill Drive, and requested that the city extend the present pipe line thru his property.

No action.

The request of the Dixie Poster Advertising Company for permission to erect a sign board on Mrs. Webster's property, between Biltmore and Church Street, was on motion, granted, provided said concern meets with the requirements and pays the tax levied by the City ordinance.

On motion, the Corporation Counsel was requested to advise the Board at once when it could expect suit by and between the City of Asheville and Dixie Poster Advertising Company to be heard.

On the recommendation of the Commissioner of Public Safety, it was ordered, on motion, that one Arthur Darkins be granted permission to operate a dance hall in the Wilson Building on Eagle Street, on the payment of the regular license tax.

It appearing to the Board that the Campbell-Coxe Company had submitted the lowest bid for cement delivered at the Bee Tree Dam site, it was ordered, on motion, that the contract for the cement be awarded to that concern, they being required to execute bond at the City's expense for the faithful performance of their contract.

The Board of City Commissioners,
Asheville, N. C.

Dear Sirs:

As per your "Notice to Contractors" herewith attached, your Purchasing Agent and our representative have tabulated bids as shown below for 4,000 barrels of cement delivered at Bee Tree Dam:

Campbell-Coxe Company $3.13½ per barrel, less 10¢ per bbl. for payment within ten days from date of invoice.

Southern Stell & Cement Co $3.38 per barrel, less 10¢ per bbl. for payment within ten days from date of invoice.

Rutherford & Atkinson $3.24 per barrel, less 10¢ per bbl for payment within ten days from date of invoice.

As the Campbell-Coxe Company has the lowest bid we recommend that they be awarded the contract.

Yours very truly,
Chas. E. Waddell
R. S. Hollingsworth.

The City Engineer's report showing that the petition requesting the paving of Houston Street was sufficient both as to property owners and front footage it was, ordered, on motion, that the petition be filed and that the street be included in the City's next paving program.

April 8, 1925

Mrs. Thompson
Sec-Treas.
City.
Dear Madam:

Regarding the petition signed by property owners on Houston Street, requesting that said street be paved from Courtland Avenue to lot #48 as shown on Arbogast map, I find that the said petition is signed by a majority in number of the owners, who represent a majority of all the lineal feet of frontage of the lands (owners of individual interests in one piece of property have been treated as one person) abutting upon the street or part of street proposed to be improved.

The following table shows the frontage of property on the said St. proposed to be improved, the number of property owners and the total frontage with the frontage petitioned for:

On motion, duly seconded, the following resolution was approved and unanimously adopted;

RESOLUTION AUTHORIZING SALE OF PORTION OF INCINERATOR PROPERTY.

WHEREAS, in April, 1922, it became imperative for the City to immediately construct a new incineration plant, which necessitated the purchase of sufficient land for the erection thereof, and being unable to purchase the exact amount necessary without securing an additional boundary, and because of said imperative necessity the Board of Commissioners deemed it unwise to delay the beginning of erection and construction as aforesaid until condemnation proceedings could be instituted and consummated to secure the exact boundary of land necessary, and in order to expedite the erection thereof, the City, on the 10th. day of April , 1922, did purchase thirty-four and seventy-nine one-hundredths (34.79) acres of land located in the northwestern portion of the City, which tract contained an acreage greatly in excess of that necessary for the purpose for which purchased; and,

WHEREAS, the greater portion of the thirty-four and seventy-nine one-hundredths (34.79) acres have been held by the City since that date without being used for any specific purpose whatsoever, and the City now has no use for said land and the investment of public funds therein is deemed unwise and inexpedient; and,

WHEREAS, the Board of Commissioners has been offered the sum of Fourteen Thousand Seven Hundred Sixty & no/100 Dollars, for fourteen and seventy-six one-hundredths (14.76) acres of said land by Messrs. E. C. Greene and Chester Brown, which is the reasonable and fair value of said land;

NOW, THEREFORE, BE IT RESOLVED by the Board of Commissioners of the City of Asheville in regular session, this the 21st. day of April, 1925:

-1- That in the opinion of said Board of Commissioners that the City of Asheville cannot use to any advantage whatsoever for any purpose the fourteen and seventy-six one-hundredths (14.76) acres of said tract of land, as shown on plat of the City Engineer, and that the same has never been at any time held in trust for the use of the municipality, nor has the same been devoted to the purpose of government, and constitutes a surplusage;

-2- That in the opinion of the Board of Commissioners the price offered by Messrs. E. C. Greene and Chester Brown as aforesaid is a just, fair and equitable offer for the same, and that the municipality will be benefited by a sale of said property upon the terms and conditions proposed by said Messrs. Greene and Brown;

-3- That the Mayor-Commissioner of Public Accounts and Finances and the Secretary-Treasurer be and are hereby authorized, directed and empowered to execute a warranty deed to E. C. Greene and Chester Brown in the corporate name of the City of Asheville, conveying the fourteen and seventy-six one-hundredths (14.76) acres of the original incinerator tract, as shown on plat in the office of the City Engineer, upon the said E. C. Greene and Chester Brown complying with the terms of their offer to purchase as filed with said Mayor-Commissioner, and that the Secretary-Treasurer be and is hereby directed to affix the corporate seal of the City to said deed, and that when said deed is executed as aforesaid, the same shall constitute an act and deed of the City of Asheville.

I move the adoption of the foregoing resolution.

Mayor-Commissioner

Approved as to form:

Jones, Williams & Jones,
Corporation Counsel.

WHEREAS, it appears to the Board of Commissioners that that certain resolution authorizing the sale of a certain portion of the incinerator tract to E. C. Greene and Chester Brown, duly passed by the Board of Commissioners on the 22nd. of April, 1922, was failed to be recorded on the minutes of the proceedings of said Board on said date by reason of an oversight or error;

NOW, THEREFORE, BE IT RESOLVED by the Board of Commissioners that the Secretary-Treasurer be and is hereby authorized, directed and empowered to place said resolution upon the minutes of the proceedings of the Board of Commissioners for this day's session, and that said resolution shall constitute the act and deed of said Board of Commissioners as of the 22nd. day of April, 1922, as if same had been duly docketed in the proceedings on that date.

I move the adoption of the foregoing resolution.

Mayor-Commissioner

Saturday, April 11, 1925.... 9 o'clock, A. M.

The Board of Commissioners met in regular session; Mayor Cathey presiding. The minutes of the previous meeting were read and approved.

On motion, permission was granted Mr. Plott Boyd to bridge the alley in the rear of Wachovia Bank & Tr. Co building On Patton Avenue on condition that he comply with all of the building laws in force in the fire district.

On motion, the Purchasing Agent was authorized and instructed to advertise for bids for the purchase of uniforms for the firemen.

An ordinance prohibiting soliciting for public service automobiles by work of mouth at or front of any store building on or any street corner at any street intersection, or on any public street, square, alley or sidewalk within the City of Asheville was presented to the Board by the Commissioner of Public Safety and, on motion, passed on its first reading.

The City Engineer's report showing his investigation of the complaint of Eugene Sawyer that the Sawyer Motor Company had been charged with the whole of its front on Hilliard Avenue for the paving of that street, whereas the City of Asheville owns 37.8 feet was presented to the Board, and, on motion, it was ordered that the strip in question be deeded to the said motor company, provided it agrees to pay the paving assessment and lay sidewalk at its expense.

April 1o, 1925

The Hon. Mayor & Commissioners
Gentlemen:

The complaint of Eugene Sawyer that the Sawyer Motor Co is charged with the whole front on Hilliard Avenue on lot 198½, whereas the City of Asheville owns 37.8 feet of this front. His complaint is well founded for this error was made in the paving assessment report as report it is as follows:

Lot 198½ Sawyer Motor Co 150 ft @ 5.76		864.00
It should be as follows:		
Lot 198½ Sawyer Motor Co 112.2 ft @ 5.76		646.27
" 199 City of Asheville 37.8		217.93
		864.20

I am attaching a plat showing the position of the City lot, and from which a description can be made.

Very respectfully,
"B. M. Lee," City Engr.

The City Engineer's report showing his investigation of the complaint of T. C. Coxe that the benefits and damages awarded and assessed by the jury for the opening of Hilliard Avenue had been awarded and assessed to E. W. Grove, whereas the property belonged to T. C. Coxe was presented to the Board and, on motion, the books of the Tax Collector was ordered changed to conform with the recommendation of the City Engineer.

The Hon Mayor & Com. April 1o, 1925
Gentlemen:

The map, made by Coxe Engineers and that the Jury used October 1923 in assessing damages and benefits for opening Hilliard Avenue shows lots 198, 242½ as belonging to E. W. Grove, while they belonged to T. C. Coxe and should be listed in his name.

The finding of the Jury as contained in their report is as follows:

Lot #198 Damages	$8,000.00	Benefits	$7,500.00
" 242½ "	200.00	"	875.00
	8,200.00		8,375.00

The paving assessments against the above lots was made against the Coxe Est. There is no charge for paving Hilliard Avenue east of Coxe Ave. made against E. W. Grove.

Very Respt.
B. M. Lee, City Engr.

A petition requesting the Board to accept Brotherton Avenue as a public street was presented to the Board and, on motion, referred to the City Engineer for investigation and written report.

STATE OF NORTH CAROLINA
COUNTY OF BUNCOMBE
CITY OF ASHEVILLE

PETITION

TO THE HONORABLE MAYOR COMMISSIONER AND BOARD OF COMMISSIONERS OF THE CITY OF ASHEVILLE, N. C.

We, the undersigned, each being citizens and tax payers, and residents of the City of Asheville, North Carolina, respectfully show the Hon. Board of Commissioners of the City of Asheville, the following facts:

1. That we are property owners abutting a street or Avenue known as Brotherton Avenue, in West Asheville, N. C. the said Ave being shown on a map or plat known and designated as re-survey of the George Craig Property, which said plat is duly registered in the Office of the Register of Deeds for Buncombe County, N.C. in Book of Plats Number 6, on page 74.

2. That we are all owners of the property abutting said street and we own all of thelots abutting on said street or avenue known and designated as Brotherton Avenue.

3. That we he ewith petition that the City of Asheville accept said Street or Avenue as one of the public streets or avenues of said city as they are empowered and authorized to do by statute made and provided.

4. That two (2) copies of said plat are attached hereto showing the location of said Brotherton Avenue as the same appears on the plat above referred to.

Respectfully submitted to the Board of Com. of the City of Asheville, N. C., this the 6th day of April, 1925.

The City Engineer's report showing his investigation of the complaint of Jno. Downs relative to sewer assessment against his property on account of the construction of sewer on Curve Street was presented to the Board and, in view of the information contained in the Engineer's report, it was ordered that the request of John Downs for exemption be respectfully refused, the Clerk was instructed to furnish Downs with copy of Engineer's report as information.

April 10, 1925

(Copy)
The Hon. Mayor and Commissioners,
Gentlemen:

In regard to the complaint of John Downs that his property was served with sewer, before the sewer on Curve Street with whibh is is charged was built, will say that this lot was charged with a sewer on the west side; but his lot extends back from this sewer some 230 feet; and it is the portion of the lot beyond a hundred and fifty foot depth, as shown on accompanying plat, that is charged with the Curve St. sewer.

Very respt.
B. M. Lee, City Engr.

The City Engineer's report showing investigation of complaint of Ida P. Luther relative to sewer assessments against her property on Rankin Avenue was presented to the Board and in view of the information therein contained, it was ordered that the request of Ida P. Luther that she be exempt of the sewer assessment in question was respectfully refused, the Secretary-Treasurer being requested to furnish Mrs. Luther with a copy of the Engineer's report.

April 10, 1925

The Hon. Mayor & Commissioners,
Gentlemen:

In regard to complaint of Ida P. Luther whose property is on the corner of Rankin Avenue and Starnes Avenue that this property was connected with the sewer in Starnes Avenue before the sewer on Rankin Avenue (with which she is charged) was built. You will see from the attached plat, that her lot is 175 feet deep, and it was thought that she would at some time wish to connect the back end of her lot with a sewer, so she was charged on a 40 feet front lot. Lot #3, Ida P. Luther's property had never before been charged with a sewer, as the sewer on Starnes Avenue was built before the cost of sewers were charged to the abutting property.

Very respt.
B. M. Lee, City Engr.

The complaint of Mr. Ledbetter of damage to his property on Buffalo Street by surface water was, on motion, referred to the Engineering Department for investigation and report.

J. S. Patton, special agent, for the city reporting he had been unable to reach agreement with property owners relative to the proposed widening of Lexington Avenue between College & Broadway, the Mayor was, on motion, authorized and instructed to issue his writ for a jury to condemn the land necessary for the proposed improvement.

April 5, 1925

Mr. F. L. Condor,
Com. Public Works,
City.

Dear Sir:

I return herewith map showing widening of N. Lexington Avenue, from N. College St to Broadway and beg to advise I have been unable to reach agreement with interested property owners relative to said proposed improvement.

Very truly,
J. S. Patton,
SPECIAL AGENT.

The Board of Commissioners met in regular session; Mayor Cathey presiding. The minutes of the previous meeting were read and approved.

An ordinance prohibiting the soliciting for public service automobiles by word of mouth in the City was presented to the Board, and, on motion passed on its second reading.

On motion of the Commissioner of Public Works, it was ordered that all bids with the exception of the bids of the Dempster Construction Company, R. C. Stevens and Kelly-Wilson Company be rejected and the Mayor was authorized to return all checks with the checks filed by the abovementioned concerns.

The following recommendation of the Commissioner of Public Works and Engineer was presented to the Board, and, on motion, duly seconded, unanimously adopted and it was ordered that the contract for the construction of the dam in connection with the Bee Tree Impounding basin be awarded to the Dempster Construction Company in accordance with said recommendation.

April Thirteenth

Hon. Mayor and
Board of Commissioners,
City of Asheville, N. C.

Gentlemen:

Following a series of conferences since receipt of bids on Thursday, April 9th, for the contracts on the Bee Tree Impounding Dam, we have finally succeeded in securing the unit prices from the following concerns which according to revised estimates show the total cost of that portion of the proposed improvement to be let to competitive bids as follows:

Engineer's Estimate	$ 337.220
Dempster Construction Co	362,205
Hardaway Contracting Co	298,892
Rinehart & Dennis	296,342
Allport Construction Co	477,305

We have gone into this matter most painstakingly and carefully, securing all the information possible and after numerous conferences with the contractors and others whom we thought might be able to give us some help, we have reached the conclusion that the Dempster Const. Company, whose unit prices according to our estimate make the total improvements let to competitive bids cost $362,205 - or only $24,985 in excess of the Engineer's original estimate - is the best bid we can possibly secure. The only way in which the price of the proposed dam could be reduced would be by reducing the size of said dam, which, in our opinion would be most unwise.

We, therefore, recommend to your honorable body that we accept the bid of the Dempster Construction Company, who agrees to take the earth contract at unit prices totaling $291.750 and accept the

lowest bid submitted to the City on the concrete and pipe contracts which are:

Concrete	$52,440
Pipe	18,015

Respectfully submitted,

"F. L. Conder"
Commissioner of Public Works

"Chas. T. Waddell"
Engineer.

Attorney O. K. Bennett, representing the local order of the A. . . K. appeared before the Board and requested use of the Ball Park one night soon for the convention of the K. K. K. and also asked for permission to stage a parade.

Mr. Bennett was informed that he needed no permission to give a parade and that the Ball Park was under supervision of the baseball committee, Mr. Norman Reed being business manager. It was suggested that he take this matter up with Mr. Reed.

J. A. Davis and Ida Davis filed notice of appeal from the report of the jury in assessing benefits and damages on account of the opening of the new street from Clingman Avenue thru to Roberts Street.

It appearing to the Board that the period for filing of appeals required by law, had expired it was ordered, on motion, that the appeal be filed and no further action taken.

Mr. J. T. Patton, special agent for the city, reporting that he had been unable to reach any agreement with interested property owners relative to the change in the grade and widening of Pearson Drive, the Mayor was, on motion, authorized to issue his writ for a jury to pass on said improvement.

April 5, 1925

Mr. F. L. Conder,
Com. Pub Works,
Dear Sir

The city Engineer's report of his investigation of the complaint of Mr. King of damage to his property on Montford Avenue by surface water was presented to the Board, and, on motion, re-referred to the City Engineer for correction, the Mayor stating that the Engineer's report was not in accordance with what he had advised him.

April 11, 1925

The Hon. Mayor & Commissioners
Gentlemen:

I have looked into the complaint of Mr. King on Montford Avenue in regard to the street water being turned onto his lot, and will report as follows: Where the water from the street was turned, there was a natural depression leading down into a regular water course and some rain water always ran this way, but, of course there is more water from the street running on his lot since the street was paved, for all the street water for a distance of some seven hundred feet is brought to this point and turned out on the west side through an eighteen inch pipe which extends some 130 feet down the hill from the end of this pipe laid by the city some twenty years ago. Mr. King has extended the drain thru his lot some 160 ft at a cost of about $350.00 He does not want the drain extended any further; but wants the city to allow him something on what he has paid out.

Very respt.
B.M.Lee, City Engr.

Mrs. E. G. Thompson
Sec-Treas.
Dear Madam:

Answering your letter of April 8th having reference to the Postal Tel Co and our Company using the same poles on Church Street and N. Lexington Avenue, please be advised that in view of the fact that the Postal Tel Co. poles are entirely too small to accommodate our wires and as their pole line only carries two wires, it would be more suitable for the Postal Tel Co to place their wires on our poles and remove own.

Yours very truly,

At a meeting of the Board of Commissioners of the City of Asheville, N. C., held on April 13, 1925, the following members being present, to-wit: John H. Cathey, Mayor and Messrs. Conder and Bartlett, Commissioners, the same being the full Board, the following resolution was unanimously adopted.

BE IT RESOLVED that the proposition of HAYDEN GRINDSTAFF for the purchase of the Auditorium property on Haywood Street, at the price of $182,600.00, be and the same is hereby accepted, and the said Auditorium property is hereby sold to the said HAYDEN GRINDSTAFF in accordance with the terms and conditions set forth in his set proposalof April 13th, 1925, which said proposal is in the following words and figures, to-wit:

"To the Honorable Mayor and Board of Commissioners
of the City of Asheville.

Gentlemen:

I have been endeavoring to find a purchaser for you for the Auditorium property on Haywood Street, consisting of 147 feet front, and a depth of 200 feet. I have been working on this proposition for some time, and beg to advise that I have not succeeded in interesting a group of business men in the purchase of the property. They are willing, and do submit you the following offer for the said property:

They will pay for said property the sum of $182,600.00 payable as follows: $18,260.00 cash upon the delivery of a good and sufficient deed for said property, free from all liens and encumbrances, and the balance to be paid as follows: $18,260.00 on or before May 15th, 1927, and $18,260.00 on or before May 15th, each succeeding year thereafter until the entire balance is paid, the said deferred payments to be secured by a deed or deeds of trust on said property, and to draw interest at six per cent.

It is understood that the purchasers are to have until May 15th, 1925, to examine the title to the said property, and that the deed for the same is to be dated May 15, 1925.

It is further understood and agreed that the deed of trust securing the purchase price of the property is to contain a reasonable clause providing for the release of a portion of the property upon terms to be mutually agreed upon between the City of Asheville and the purchaser, such terms to be agreed upon prior to the execution of the deed of trust. The deed for said property to be made to the purchasers or their assigns.

The purshasers of the property, as a guarantee of their good faith in making this offer, deposit herewith a cashier's check in the sum of $5000.00, which said check is to be held by you pending examination of the title to said property, and when the deed is delivered it is to be cashed and considered as part of the first payment.

This proposition is made by the purchasers for immediate acceptance and with the understanding that if not accepted the said check is to be immediately returned.

Yours very truly,

HAYDEN GRINDSTAFF"

BE IT FURTHER RESOLVED that the Mayor be and he is hereby authorized and empowered to acknowledge to the said Hayden Grindstaff, acceptance of said contract.

On motion, adjourned.

Secretary-Treasurer.

FRIEDMAN CLAIM.

The claim of Mr. Friedman that one of the sanitary trucks had backed into his car sometime ago, damaging same in the amount of $45.00, was, on motion, referred to the Commissioner of Public Works.

The following ordinance prohibiting soliciting by word of mouth on the public streets, squares or alleys in the City of Asheville was presented to the Board, and, on motion, passed on its third and final reading and it being for the immediate preservation of the public peace and safety of the citizens of Asheville, was declared an emergency ordinance to take effect immediately on its first publication in a newspaper published in said city:

AN ORDINANCE PROHIBITING SOLICITING
OF PUBLIC SERVICE AUTOMOBILES BY
WORD OF MOUTH.

THE BOARD OF COMMISSIONERS OF THE CITY OF ASHEVILLE DO ORDAIN:

Section 1. That no public service automobile or bus line driver, or owner, or the agent, employee or servant of any such automobile or bus line driver or owner, or any other person or persons, shall solicit patrons by word of mouth at or in front of any store, or any street corner, or at any street intersection, or on any public street, square, alley or sidewalk, with the City of Asheville; nor shall any such driver or owner, or the agent, employee or servant of any such driver or owner, or any other person or persons solicit business by word of mouth at or in front of any store, or any street corner, or at any street intersection, or on any public street, square, alley or sidewalk within the City of Asheville.

Section 2. Any person or persons violating this ordinance shall be subject to a fine of fifty ($50.00) Dollars for each and every offense.

Section 3. This ordinance being for the immediate preservation of the public peace and safety of the citizens of the City of Asheville is hereby declared an emergency ordinance to take effect immediately upon its publication in a newspaper published in said city.

I move the adoption of the foregoing ordinance, this the 10th day of April, A. D., 1925.

"C. E. Bartlett"
Commissioner.

Approved as to form:
"Jones, Williams & Jones,"
Corporation Counsel.

The City Engineer's report showing his investigation of the complaint of Z. T. Ledbetter on account of alleged damage by surface water on Burton Street was presented to the Board, and, on motion, it was ordered that the claim of Mr. Ledbetter and all similar claims be refused.

April 14, 1925

The Hon. Mayor & Com.
Gentlemen:

In regard to the complaint of Z. T. Ledbetter that his property on Buffalo Street or Burton Street is being damaged by storm water being turned on it. I will say that there is an 18" pipe that carries the water under the street, from a hollow in his land lying west of Burton St and also from the street surface. This drain empties into his land 3 feet south of Ledbetters north line and runs a short distance thru his land, and then enters a lot owned by Henry Justice. The water follows the hollow the natural water course, and it would require a good deal of work to make it run elsewhere.

Very truly, B. M. Lee, City Engr.

The report of the City Engineer showing his investigation of a request that the city accept Brotherton Avenue was presented to the Board, and, in view of the information given therein, it was ordered, on motion, that the request that the street be accepted was, on motion, respectfully refused.

April 14, 1925

The Hon. Mayor & Com.
Gentlemen:

In regard to the request that the City accept Brotherton Ave. will say that there has been practically no grading done on it, a road about 8 feet wide has been plowed out for a distance of some 150 feet; the rest of the distance has not been touched. If this street is accepted by the City, it will have to make it. One house is being built on it.

Very respt.
B. M. Lee, City Engr.

On motion, the following building permits were granted:

S. P. Fox	6 rm house	Hornsy Heights	Est. cost	2,500.00
George Wells	6 rm house	Hibernia St.	"	3,500.00

Hon.C.H.Bartlett,
Com. Pub. Safety,
City.

Dear Sir:

We are enclosing herewith for cancellation Public Service Driver's License, held by one G.S.SAMS, as we find that he is not suitable man for the position.

We, also, respectfully request that cancellation of Johnson Gregory's Public Service License. We have made repeated demands on him for his card without success. He is now in the County jail for reckless driving within the County.

Trusting that you will see fit to grant our request in these matters, we are,

Very truly yours,

A communication from the Health Department calling attention to the fact that his inspectors, in trying to enforce the ordinance prohibiting the washing of automobiles in the public streets, had received numerous complaints of the city allowing fire trucks being washed on the Square, in front of the City Hall, and asking for instructions was read to the Board.

It was suggested to the Commissioner of Public Safety that he endeavor to make arrangements to have the trucks washed at the City Garage or rear street.

April 15, 1925

Hon.Mayor and Bd. of Com.
City of Asheville,
Gentlemen:

Numerous complaints have come to the Health Department relative to the washing of the fire trucks and other cars in front of the City Hall. When inspectors stop the washing of cars on other streets, the above condition is called to their attention the parties being reprimanded, claiming that if they are forced to stop washing cars in the streets, the city should comply with the same ordinance. It seems to me that if the City allows washing in the streets that the ordinance should be repealed.

I shall be glad to have instructions from your honorable body as to what course to pursue.

Yours very truly,
D. T. Cevier,
Health Officer.

The report of J. T. Patton, special investigator, showing his investigation of the claim of S. H. Friedman on account of alleged damage to his automobile by city truck backing into it was read to the Board.

Altho' Mr. Patton's report showed that he had been unable to get any information as to the accident or any advice as to which of the city employees were responsible, in view of the fact that Mr. Osborne an eye witness states positively he was present and saw the accidnet and knows that the accident was caused by the Sanitary trucks it was ordered that Mr. Freeman be offered $50.00 in full settle of all claim for damages.

Apr. 15, 1925

Mr. F. L. Conder,
Com. Public Works.

Dear Sir:

In regard to claim of Mr. S. H. Friedman who says that a sanitary truck, on June 16th, 1924 backed into his car and damaged it to the extent of eighty five dollars and ninety cents ($85.90)

I have seen the foreman of the Sanitary Dpt. and I have personally seen every driver and every helper on all trucks and not one of them know a thing about this accident.

A Mr. Osborne who is employed by B. L. Owenby and Co at number 24 Broadway is the only person that I am able to find that seems to know anything about it, and what he says is that it was a city truck but is unable to give me the number of truck or to identify the driver.

Yours very truly.
J. T. Patton.

On motion, it was ordered that a sewer line be installed on Short East street to accommodate certain property in that vicinity.

The applications of Robert Turnbull for the use of city water on Edgemont Road and Dacy Avenue and of F. A. Tweed for use of City water on Mount Vernon Circle, Colonial Place, were presented to the Board and, it appearing the the Board that they had complied with all of the provisions of the ordinance regulating the use of city water without the city, it was ordered, on motion, that the said applications be granted

On the recommendation of the Commissioner of Public Works, it was ordered that a sewer line be installed on Balsam Avenue to accommodate certain houses which are located between the two sections who now have sewer accommodations.

Apr 15, 1925

Mr. F. L. Condar,
Com. Pub. Works,

Dear Sir:

In accordance with your request, I have made survey and estimate for sanitary sewer on Balsam Avenue.

I have indicated in RED the frontage which will pay for the proposed sewer. Lots 79 and 84, incl. are in Bella Vista and have a sewer in the rear. Lots 10 and 14 front on the Haywood Road, with sewer there. Lots 15, 16 and 21½ paid for the sewer shown running from Haywood Road to a point in Balsam Ave, in front of Lot 21½

The proposed sewer is estimated to cost as follows:

20 cu yds earth excv. 7-12' @	$0.97	19.40
" " rock " 0-7'	4.50	90.00
460 " earth " 0-7	0.70	322.00
726 lin ft 6" V.C. sewer pipe laid	0.30	217.80
24 " " 6" C. I. pipe "	1.32	31.68
4 Manholes, complete in place	55.00	220.00
Engineering and Inspection		51.31
Advertising		20.00

The Board of Commissioners met in regular session; Mayor Cathey presiding. The minutes of the previous meeting were read and approved.

BIL[illegible]

Mr. Morris Meyers and other interested citizens and property owners on Biltmore Avenue appeared before the Board objecting to the plans of the traffic committee of the Chamber of Commerce to establish a bus terminal on Haywood for all busses. Mrs. Babcox, one of the property owners, stating she had leased her property and was remodeling same for the use of independent touring cars.

It was suggested to the committee present that the matter be taken up with the traffic committee of the Chamber of Commerce.

[illegible]

On motion, it was ordered that all bids submitted on the Library lot on Church Street be rejected.

MAGNOLIA PARK...COMPLAINT.

The complaintsrelative to Magnolia Park were presented to the Board and after some discussion, it was ordered that the playing of baseball on this park be prohibited, an ordinance making it a violation of law to play baseball on this park be enacted and that the Commissioner of Public Safety be requested to place signs on said park so stating.

[illegible]

It was ordered, on motion, that Mrs. Mary Carry and the Standard Oil Company be permitted to haul dirt across a sidewalk to fill up their property on Victoria Drive, provided that they would both agree, in writing, to replace said sidewalks within the next thirty days.

PACK SQ. A[illegible]

Attorney Zeb. V. Nettles, representing interested property owners in the vicinity of Pack Square, filed a petition requesting that the proposed bus terminal be located in the vicinity of Pack Square, instead of Battery Park hill or Haywood Street.

(Copy Petitions)

STATE OF NORTH CAROLINA
COUNTY OF BUNCOMBE
CITY OF ASHEVILLE

TO THE MAYOR AND COMMISSIONERS OF ASHEVILLE, N.C.

We, the undersigned merchants, property holders and citizens of the City of Asheville, do hereby petition your honorable body to locate the proposed bus terminal either on the property now owned by the city adjacent to the new city market house, or on Biltmore Avenue, or on some other centrally located site adjacent to Pack Square. We further petition your honorable body not to locate the said bus terminal on Battery Park Hill, as same would be too far from the business section. We further believe that the locations abovementioned are conveniently located for the traffic which comes from the North, East and South, and that the traffic coming from the west can reach these locations over the new street now being finished from west Asheville to the new city market. This will allow all traffic to reach the proposed terminal at either of the two sites above mentioned without going thru the congested district.

It developing that there is a small strip of land three feet in width between the property of D. S. Watson and Otis Street, near its intersection with French Broad Avenue, it was ordered, on motion, that a map or plat submitted by the City Engineer be adopted as the zone of benefits and damages on account of the proposed condemnation of said strip of land and J. E. Patton was appointed special agent for the city to undertake to reach agreement with interested property owners.

On motion, it was ordered that certain extra wiring in the Market building be approved and the City honor checks for 80% of the cost of same retaining 20%.

On motion, the recommendation of the City Engineer that the sewer assessment charged against lot 27, Rubin Sorrells property on North View Street be reduces to $66.50, was adopted, and the correction ordered made on the books of the Tax Collector.

April 16, 1925

The Hon. Mayor and Commissioners
Gentlemen:

In making sewer assessment charges against property abutting on North View Street on May the 22nd, 1923, Lot #37 property of Ruben Sorrells was charged with 106 feet front, the actual front between lot stakes at that time, standing. Mr. Sorrells says he deed calls for only 100 feet. At the time this sewer was built he had his house connected with a sewer on Hillside Street but he changed his connection to the new sewer in North View Street. Mr. Sorrells thinks, that considering the fact, that this house was connected with a sewwer and that his deed calls for only 100 feet front for lot #37 he should not be charged for more than 50 feet front for this lot #37, changing the report from what it now is as follows:

Report made May 22, 1923.	Lot #37	Rubin Sorrells	106' 1.33	$140.98
Corrected report	2	" "	50 "	66.50

Very respectfully
B. M. Lee, City Engr.

On motion, it was ordered that a 250 C. P. light be installed on White Fawn Drive, about opposite #37.

On motion, the following building permits were granted:

Ed Jones	Basement room	56 Max Street	Est cost	175.00
Mrs. Elizabeth White	Garage	23 N. Ann	"	250.00
Mrs. M. L. Shook	Garage	508 Haywood Road	"	200.00

The Board of Commissioners met in regular session; Mayor Cathey presiding. The minutes of the previous meeting were read and approved.

Attorney Lyles Jones, representing J. H. Buckner & Son, appeared before the Board and stated that the work of razing the Library Building had been finished and requested that the city pay his client the remainder due on the contract for said work.

It was explained to Mr. Jones that Jordan's Restaurant had filed claim against Buckner & Son in the sum of $500.00 and that, in order to protect the City, they file a property damage bond in the sum of $1,000.00 when said bond is accepted the remainder will be paid said Buckner & Son.

Petitions requesting that South Spruce Street, from College Street to Eagle Street, Pisgah Avenue, Courtland Avenue to Houston Street and Linden Avenue, from its intersection with Henrietta to its intersection with Coleman Avenue were presented to the Board and, on motion, referred to the Engineering Department for report as to the front footage and property owners represented thereon.

A communication from Geo. W. McCoy in regard to the unsanitary condition of Victoria Place was referred to the Health Officer.

April 14, 1925

Mr. F. L. Conder,

Dear Sir:

I enclose herewith petition which is self-explanitory. Since the first part of the petition was written many of the property holders have expressed a desire to see the street named something else besides DEPOT, THIS or POLLYAN A AVENUE. Personally, I prefer Rosine Avenue and a number of others also prefer this name. I hope you wee fit to take favorable action upon this petition in the near future.

I would have taken this petition to you personally, but could not find you in your office the two or three times I called.

There is another matter of some importance to my family that I would like to bring to your attention. We respectfully submit that the granting of permits to build privies and out houses in the city limits is a danger to the health of citizens. A number of such out houses have been built on Clair Street and on Connelly's Ridge, immediately to the rear of my home on Victoria Place, near the end of South Depot Street. I understand permits have been granted to Messrs. Hill, Jarrett, Mitred and others. Is there not some method of stopping this? Will you not have the city sanitary inspector investigate conditions at once? It would be service greatly appreciated.

Thanking you for these two favors, I am

Cordially yours,
Geo. W. McCoy,

A petition requesting the name of Depot Street be changed from the corner of Depot and Southside, running up hill to what is known and partly called thru error "Victoria Place" was, on motion, referred to the Engineering Department for investigation and report.

March 30, 1925

CITY BOARD OF COMMISSIONERS

We, the undersigned, respectfully petition that you rename the street now called Depot Street from the corner of Depot and Southside, running up hill to what is known and partly called thru error Victoria Place. This will eliminate some confusion and we also contend that Depot Street is not the proper name for this residential street. We suggest that this street be called "POLLYANNA AVENUE" The latter part of this name "Anna" in memory of one of Asheville's departed citizens Mrs. Anna Carlsholm. Or if you prefer change to one of the following names instead:

The City Engineer's report showing certain changes in the sewer assessment charged against J. P. Dunlops property on Biltmore Avenue was, on motion, ordered filed, the corrections as recommended being ordered made on the books of the Tax Collector.

April 17, 1925

The Hon. Mayor and Com.
Gentlemen:

In charging sewer assessments on Biltmore Avenue, an error was made in charging J. P. Dunlop's property.

He was charged with 116.4 feet which amounts to $20.41
He should have been charged with 102.5 feet which will amount to $17.93

On motion, F. L. Conder was granted leave of absence Monday and Tuesday April 20th and 21st.

The City Engineer's estimate of the cost of installation of sewer on Roosevelt Street was presented to the Board, and, it appearing that the greater amount will be assessed against Mrs. M. J. Campbell's property, it was ordered, on motion, provided Mrs. Campbell will agree to pay her proportional part that the said sewer be installed.

(See copy of Engineer's report on Page 28, this book)

The Board of Commissioners met in regular session; Mayor Cathey presiding. The minutes of the previous meeting were read and approved.

Conway Garrett and T. C. Stewart, having complied with all of the provisions of the ordinance regulating the conduct of public service automobile chauffeurs, and all papers being approved, it was ordered, on motion, that their licenses to operate public service cars in the city be granted.

The application of Chas. M. Bonham for the use of city water on Larchmore Road and of Dr. Arthur F. Reeves, for the use of city water on Lenilworth Drive, were presented to the Board, and, it appearing to the Board that they had complied with all of the provisions of the ordinance regulating the use of city water without the city, it was ordered, on motion, that the said applications be granted.

On motion, it was ordered that the city offer a reward of $100.00 to the party or parties recovering the body of Robert Harmon, drowned in the French Broad River several days ago.

The request of Mrs. Glenn that Biltmore Avenue be paved and a sewer installed therein was, on motion, referred to the Engineering Department for estimate of the cost of the improvements requested.

A petition signed by tenants of the City Market requesting the Board to order the closing of the city market on Monday, April 27th, in order to permit the owners and workers of the City market to attend the opening of the baseball game of the season was presented to the Board, and, on motion, duly seconded unanimously adopted.

It was ordered that not only would the City Market be closed but all departments of the Municipal Government, with the exception of the Police & Fire Departments, between the hours of 1 and 6 P. M., in order that employees of the city may attend said game.

The Board of Commissioners met in regular session; Mayor Cathey presiding. The minutes of the previous meeting were read and approved.

HERBERT STREET.....SEWER.

Mr. P. G. Justice explained to the Board that there were 9 houses on Herbert Street, beyond Virginia Avenue, which had no sewer connections and as the State law prohibits the building of cess pools he requested that the city install a sewer line on Herbert Avenue or grant him permission to construct a septic tank or use sanitary cans.

On motion, permission was granted Mr. Justice to install a septic tank or use sanitary cans under the provisions of the law and the matter of installing a sewer was referred to the Engineering Department for estimate of the cost and report.

WOODFIN STREET...WIDENING.

The report of the jury showing benefits and damages on account of the widening of Woodfin Street, 15 feet on the North side, from Central Avenue to Charlotte Street was presented to the Board, and, on motion, adopted.

The City Engineer's report showing his investigation of the petition for the paving of Pisgah Avenue was presented to the Board, and same being found sufficient, fast as to property owners and front footage, it was ordered, on motion, that Pisgah Avenue be included in the paving program for this year.

April 21, 1925

To Mrs. E.J.Thompson
Sec-Treas,
Dear Madam:

Regarding the petition signed by property owners on Pisgah Avenue requesting that said street be paved from Courtland Avenue to Houston Street, I find that the said petition is signed by a majority in number of the owners, who represent a majority of all the lineal feet of frontage of the lands (owners of individual interests in one piece of property have been treated as one person) abutting upon the street or part of street proposed to be improved.

The following table shows the frontage of property on the street proposed to be improved, the number of property owners and the total frontage with the frontage petitioned for:

B. M. Lee, City Engineer.

The City Engineer's report showing his investigation of the complaint of Mr. King in regard to street water being turned on his lot on Montford Avenue was read to the Board and, on motion, ordered filed.

April 11, 1925

To the Hon Mayor and Commissioners
Gentlemen:

I have looked into the complaint of Mr. King on Montford Avenue in regard to the street water being turned onto his lot, and will report as follows:

As the point where to storm water is turned from the street is at the bottom of two grades the storm water for a distance of some seven hundred feet, is brought to this point, and as the street at and near this point, is located on the crest of the ridge the water from the street would naturally flow both East and West from the center or crown of the street. The water from the east portion of the street instead of being allowed to flow east as it naturally would from the contour of the ground was piped by the city (when the street was paved some 20 years ago) under and across to the west side of the street

and discharged thru an eighteen inch pipe some 130 feet down a depression by King's lot and turned into a natural hollow or water course. From the end of this pipe Mr. King has extended the drain thru his lot some 160 ft. at a cost of about $150.00 He does not want the drain extended any further; but wants the City to allow him something on what he has paid out.

Very tru y.

B. M. Lee, City Engr.

The City Engineer's report showing correction in the paving assessment of W. C. Wilson, on Westwood Place was presented to the Board and, on motion, the correction as recommended by the City Engineer was ordered made on the books of the Tax Collector.

April 18, 1925

The Hon. Mayor & Commissioners
Gentlemen:

In making a report for paving assessments on Westwood Place I had the map before which showed 144 feet front for Mr. W. C. Wilson's lot, as it was reported, but his deed calls for only 141 feet. I overlooked the fact that the old paving extended some 15 feet north of the south end of his lot so he should be credited with the difference. As report is is as follows:

Lot #220	W. C. Wilson	144 ft front @	$3.354	$482.98
As it should be:				
Lot 220	W. C. Wilson	141 " " "		432.67
		Difference		50.31

Very truly,
B. M. Lee,
City Engr.

The City Engineer's reports showing total and pro-rata cost to property owners on account of the paving of Coleman Avenue, from Merrimon Avenue to Montview Drive and of Montview Drive from Coleman Avenue to Coleman Avenue were presented to the Board, and, on motion, ordered advertised according to law.

The City Engineer's revised report showing total and pro-rata cost to property owners on account of the installation of sanitary sewer on Coleman Avenue and Montview Drive was presented to the Board, and, on motion, ordered advertised according to law.

On motion, the following building permits were granted:

The complaint of J. W. Baity that the city in making preparation for paving Pennsylvania Avenue in front of his house left him no way to get in and out was presented to the Board, and, on motion, ordered filed.

On motion, a map or plat submitted by the City Engineer was adopted as the zone of benefits and damages on account of the change in grade of Pennsylvania Avenue and J. S. Patton was appointed special agent to undertake to reach agreement with interested property owners.

April 24, 1925

City Commissioners
Gentlemen:

In making preparations for paving Pennsylvania Avenue in front of my house there was quite a fill made, which makes a high bank in front of my house and I have no way of getting out or in without climbing a steep bank. I thought you would put a jury on it to assess damages and benefits. I have been waiting patiently but nothing has been done on that line. This bank proved to be a good deal wider than necessary from the fact after this fill was made the Engineer lowered the street one foot but did not remove any dirt filled in on me.
I want something done, everybody that sees my place says I am damaged several hundred dollars. I know I ought to have enough to build a retaining wall and steps.

Please let me hear from you at once and oblige,
Yours truly,
J. W. Baity.

The application of Fred L. Johnson for the use of city water at Oteen Park, was presented to the Board, and it appearing that he had complied with all of the provisions of the ordinance regulating the use of city water without the city, it was ordered, on motion, that the said application be granted.

On motion, the following building permits were granted:

J. C. Dean	6 rm house	Vermont Avenue	Sat cost.	$ 5,000.00

The City Engineer's report relative to the [illegible] of Millionaire Avenue and estimate of cost of grading said street was read to the Board, and, on motion, referred filed.

April 24, 1925

The Hon. Mayor & City
Gentlemen:

I have examined the specifications of Millionaire Avenue and of Upper Spring road, and grading has been done to the satisfaction of Upper Spring road, but the gutter [illegible] is not to [illegible] and raised a little higher to protect the sewer that is partitioned for. There is a gate drain under the fill water is only temporary. There are some four [illegible] that grade will be only 25 ft. long. I will suggest that the City build the [illegible] to protect the sewer and make the street passable.

The [illegible] will cost as follows:

Earth Excavation 202.75 yds @ .70	$ 141.90
[illegible]" sewer pipe furnished & laid 350 ft @ .30	105.00
Manhole complete (2) @ $35	70.00
Interest & Engineering	85.00
	$ 401.90

The grade the street is paying at present grade now [illegible] sufficient funds with [illegible] $350. but I [illegible] it may be made passable at a cost of $300.

Very respectfully,
F. L. Lee,
City Engineer.

Hon. Mayor & Board of Commissioners,
City of Asheville.

Gentlemen:

I wish to enter an appeal from the report of the jury assessing benefits and damages on the widening of Woodfin Street against Lot____as designated on the Assessors' Map in the City of Asheville owned by Cora M. Logan, on the grounds that the Assessors were under the impression that said lot had a greater depth by 33 feet than it actually has and that the damages allowed me would have been greater had the Assessors known the true depth of the lot.

S. T. Logan (AGENT)

STATE OF NORTH CAROLINA
COUNTY OF BUNCOMBE

TO THE HONORABLE MAYOR AND BOARD OF COMMISSIONERS OF THE CITY OF ASHEVILLE, NORTH CAROLINA:

We, the undersigned jury, designated to assess benefits and damages on the widening of Woodfin Street from Central Avenue to Charlotte Street, in said City, and being the jury which has rendered its report to you, as required by law, thereon hereby declared that in the assessment of benefits and damages to lot____owned as designated on the assessors' map of the City of Asheville, owned by Cora M. Logan, we were unadvised as to the actual depth of said premises and thought the same to have a greater depth by thirty-three feet than it actually has, and our report was based upon said greater depth. We further beg to report had we known the actual depth of said property, our report thereon would have been different and we would

have given to said owner a greater amount of damage for the taking of a portion of said property than is specified in said report.

This the 23rd day of April, 1925.

The City Engineer's report showing result of his investigation of the complaint of C. W. McKenzie that he was charged with too much sewer assessment on Westwood Place, was presented to the Board and adopted, the Clerk being instructed to furnish Mr. McKenzie with a copy of same as information.

May 1, 1925

The Hon Mayor & Commissioners,
Gentlemen:

As to the complaint of Mr. C. W. McKenzie that his lot on Westwood Place is charged with too much sewer assessment I have examined the matter, and report as follows:

I am submitting a map with my report which shows the conditions. This lot is charged with 90 ft. front on sewer, which does not seem to be excessive, as the whole lot is accommodated, and there is no other sewer which it can reach.

Very respectfully,
B. M. Lee,
CITY ENGINEER.

RESOLUTION CONSOLIDATING $385,000 MARKET, POLICE AND FIRE HOUSE BONDS, AND $135,000 BONDS FOR THE STORAGE, REPAIR AND MAINTENANCE OF VEHICLES AND OTHER MUNICIPAL EQUIPMENT, INTO A CONSOLIDATED ISSUE OF $520,000.00 PUBLIC BUILDING BONDS.

WHEREAS, two several ordinances were passed May 2, 1925, authorizing, respectively, an issue of $385,000 Market, Police and Fire House Bonds and an issue of $135,000 Bonds for the storage, repair and maintenance of vehicles and other municipal equipment; and

WHEREAS, it is deemed necessary that all of said bonds at once be issued for the several purposes for which they were so authorized, and that they be consolidated into one issue under the Municipal Finance Act, as amended;

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF COMMISSIONERS OF THE CITY OF ASHEVILLE:

Section 1. That it is hereby provided and directed that both of said buildings shall be of nonfireproof construction as defined by the Municipal Finance Act, that is buildings the outer walls of which shall be constructed of brick, stone, iron, or other hard incombustible materials, but which in some other respects differ from fireproof buildings as defined by said act.

Section 2. That the probable period of usefulness of each of the two buildings for which said bonds are to be issued is forty years from April 1, 1926, the latter being a date less than one year after the date of the passage of said ordinances and that the average of said periods, taking into consideration the amount of bonds to be issued for each purpose, is forty years and that said average period expires April 1, 1966.

Section 3. That all of said bonds shall be consolidated into one issue of $520,000 Public Building Bonds, consisting of 520 bonds of $1,000 each, numbered 1 to 520, inclusive, dated April 1, 1926, bearing interest at a rate not exceeding six (6%) per centum per annum, both principal and interest to be payable

in gold coin of the United States of the present standard of weight and fineness at the office of the United States Mortgage and Trust Company, in the City of New York, said bonds to mature in numerical order, April 1st annually, $6,000 1928 to 1932, $10,000 1933 to 1939, $12,000 1940 to 1949, $15,000 1950 to 1959 and $20,000 1960 to 1966, all inclusive without option of prior payment, and such interest to be payable semi-annually, on the first days of April and October in each year.

Section 4. That of the proceeds of each bond issued hereunder and sold 77/104ths shall be devoted to the erection and equipping of a Municipal Building for the Police and Fire Departments and as a Public Market and the acquisition of a site therefor, and 27/104ths to the erection and equipping of a Municipal Building for the storage, repairing and maintenance of municipal vehicles and other municipal equipment and the acquisition of a site therefor, all as provided by the said ordinances, and that upon the payment of any bond issued hereunder $740.38 shall be deemed to be the amount of market house debt paid and $259.62 the amount of municipal garage debt paid.

I move the adoption of the foregoing resolution this the 2nd day of May, 1928.

RESOLUTION CONSOLIDATING $400,000 BONDS FOR ACQUIRING PROPERTY FOR OPENING, WIDENING AND EXTENDING PUBLIC STREETS, SQUARES AND ALLEYS AND $200,000 BONDS FOR STREET IMPROVEMENTS INTO A CONSOLIDATED ISSUE OF $600,000 STREET BONDS.

WHEREAS, two several ordinances were passed May 2, 1928, authorizing, respectively, an issue of $400,000 bonds for acquiring property for opening, widening and extending public streets, squares and alleys and $200,000 bonds for street improvements; and

WHEREAS, it is deemed necessary that all of said bonds shall at once be issued for the several purposes for which they were so authorized, and that they should be consolidated into one issue under the Municipal Finance Act, as amended:

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF COMMISSIONERS OF THE CITY OF ASHEVILLE:

Section 1. That none of the proceeds of said bonds shall be used except for such improvements as the Commissioners have authority to make under existing laws.

Section 2. That it is hereby found and determined:

(a) That petitions have been filed by property owners, as required by law, for the making of such local improvements as the said ordinance authorizing $200,000 bonds for street improvements directs shall be made from the proceeds of said bonds, the said petitions consenting that at least 50% of the cost thereof, except of paving at street intersections, shall be specially assessed, and that the estimated cost of such improvements so petitioned for is $200,000.

(b) That the probable period of usefulness of such property for opening, widening and extending public streets, squares and alleys is fifty years, and of such street improvement is twenty years; all of said periods being computed from April 1, 1928, being less than one year after the date of the passage of said ordinances, and that the average of said periods, taking into consideration the amount of bonds to be issued for each of said purposes, is forty years, and that said average period expires April 1, 1968.

Section 3. That all of said bonds shall be consolidated into one issue of $600,000 Street Bonds, consisting of 600 bonds of $1,000 each, numbered 1 to 600, inclusive, dated April 1, 1928, bearing interest at a rate not exceeding six (6%) per centum per annum, both principal and interest to be payable in gold coin of the United States of the present standard of weight and fineness, at the office of the United States Mortgage and Trust Company in the City of New York, the said bonds to mature in numerical order, April 1st annually, $10,000 1928 to 1942, $15,000 1943 to 1953, $20,000 1954 to 1961 and $25,000 1962 to 1966, all inclusive, without option of prior payment, and such interest to be payable semi-annually, on the first days of April and October in each year.

Section 4. That of the proceeds of each bond issued hereunder and sold 2/3 shall be devoted to acquiring property for opening, widening and extending of public streets, squares and alleys and 1/3 for the payment of the cost of constructing and reconstructing the surface of roads, streets and highways, including the contemporaneous construction or reconstruction of sidewalks, curbs, gutters and drains, including grading, and that upon the payment of any bond issued hereunder $666.67 shall be deemed to be the amount of the debt paid for acquiring property for opening, widening and extending public streets, squares and alleys, and $333.33 shall be the amount of street improvement debt paid.

Dear Sir:

Attached, is a print showing the relation between East Haywood Road and the J. A. Davis lot.

The street line touches his lot for a distance of 12.5 ft as shown. The face of the wall at the North end is on Mr. Davis property 3½ inches and leaves his lot at a distance of 5½ ft. from the north end.

In regard to the earth fill on his lot; it was necessary to make a cut in amount of fill to support the roadway. The fill in excess of this necessary amount is almost negligible.

Thursday, May 7, 1925..... 9 o'clock, A. M.

The Board of Commissioners met in regular session; Mayor Cathey presiding. The minutes of the previous meeting were read and approved.

[illegible]....

A communication from the City Engineer calling attention to the fact that, in the erection of the medical building on the corner of Market and Walnut Streets, the owners of said building have occupied with steps to the basement a portion of the sidewalk on Market Street, 3 feet and 8" wide about 9 feet in length was presented to the Board, and, on motion, referred to the Corporation Counsel with the request that he immediately take steps to see that the portion of the building on public property was immediately removed.

The Hon. Mayor & Com. May 6, 1925.
Gentlemen:

In erecting the Medical Building on the corner of Market Street and Walnut Street, they have occupied with steps to the basement, a portion of the sidewalk on Market St 3.8 ft. wide by about 9 feet in length, which will be quite an obstruction to people passing on the sidewalk. This obstruction should be removed.

Very respectfully,
R. L. Lee, City Engineer.

[illegible]....

[illegible], Chas. L. Harris, having complied with all of the provisions of the ordinance regulating the use of city water without the city, was granted use of city water on Woodfin Ave, for hose purposes.

[illegible]....

A petition requesting the installation of a sewer line to accommodate certain lots on Greenlee & Roosevelt Street was presented to the Board, and, on motion referred to City Engineer for estimate of the cost of the sewer requested.

To the Hon. Board of Com.
of the City of Asheville, N. C.

Gentlemen:

We, the undersigned property owners, owning property in the Campbell subdivision on Greenlee St and Roosevelt St hereby respectfully petition your honorable body to install a sewer line to accommodate lots in this subdivision and do hereby agree to, without charge, deed the City right-of-way for said sewer line where said line crosses our private property.

It is understood that this line is to be installed in accordance with the provisions of the existing laws.

Respectfully sub:
Margaret J. Campbell John M. Campbell

[illegible]....

The report from the City Engineer showing his investigation of the complaint of Jno. L. Bradley of storm water turned onto his lots on the corner of said Brownwood Ave was presented to the Board, and, on motion, ordered filed.

May 7, 1925

The Hon. Mayor & Com.
Gentlemen:

In regard to Mr. Bradley's complaint that the storm water has been turned onto his lots on the north side of Brownwood Ave. I will report as follows: From A to B as shown on small plat attached there was a 30" dr. tile pipe laid by the town of W. A. to take the storm water from the east side of Haywood Rd. under said road and Brownwood Ave. and in on the Bradley land in the hollow. From B to C there is no pipe from C to D there is a 30" pipe laid on the St. of Asheville and from D to E there is a 24" pipe, but the water is carried in a ditch in the street the rest of the way. I have marked on the plat (as near as I can tell) the location of the hollow where the storm water comes in. I think it will take a 30" pipe to carry the storm water from the area drained.

Very truly,
R. L. Lee, City Engineer.

[illegible]....

Mr. Guy Brown appeared before the Board and stated that he intended to erect a building [illegible] on the corner of College Street and Pack Square and asked whether or not there was a building line on Pack Square. It was stated that there was a building line on Pack Square.

On motion, duly seconded, unanimously carried, it was ordered that a building line be established on the south side of Pack Square, College Street and Walnut Street. of 5 feet from property line

[illegible].

[illegible].

The complaint of Mrs. Cobb of [illegible] on Tremont Street, West Asheville, was presented and referred to the City Engineer for investigation and report, together with a petition [illegible].

[illegible].

On motion, the following building permits were granted:

Secretary-Treasurer.

Friday, May 8, 1925..... 9 o'clock, A. M.

The Board of Commissioners met in regular session; Mayor Cathey presiding. The minutes of the previous meeting were read and approved.

[illegible]....

W. C. [illegible], having complied with all of the provisions of the law, regulating the appointment of special policemen, it was ordered on motion, that his application be granted and the Mayor was authorized to swear him in subject to the provisions of said law.

[illegible].

E. H. [illegible], having complied with all of the provisions of the ordinance regulating the conduct of public service chauffeurs, and all papers being approved, it was ordered, on motion, that his license to operate a public service car in the city be granted.

[illegible]....

The following objections were noted to the exception of the report of the jury showing benefits and damages assessed on account of the proposed widening of North Lexington Avenue.

Attorney Ed. Swain, representing John O'Donnell, Attorney L. P. Curtis, representing J. A. Chambers and Attorney Gilmer Burch, G. A. Grier.

After full discussion, it was ordered, on motion, that the report of the jury be adopted by the Board, but that the jury be re-summoned to convene in the Council Chamber of the City Hall at 11 o'clock, Saturday, May 9th, to hear arguments of the property owners and make recommendations to the Board.

The City Engineer's report showing correction in the paving assessment charged against the property of Geo. Stephens on Hilliard Avenue was presented to the Board and the correction as recommended by the Engineer was, on motion, ordered made on the books of the Tax Collector.

May 8, 1925

The Hon. Mayor & Commissioners,
Gentlemen:

There is an error in the paving assessment against Lot #142A property of Geo. Stephens on Hilliard Avenue. As reported it is as follows:

Lot #142 A	Geo. Stephens	255 ft. @	$5.76	1,486.08

There it should be as follows:

Lot #147 A	Geo. Stephens	233 "	"	1,342.08

The unit from which I made the assessment charge was incorrect. A correction may have been made, and the charge in the Tax Collector's office against the above lot should be corrected as shown above.

EXCEPTION

THE HONORABLE MAYOR AND BOARD OF COMMISSIONERS OF THE CITY OF ASHEVILLE:

J. L. Smathers without waiving any of his legal rights, respectfully requests the Mayor and Commissioners of the City of Asheville to reject the report made by the Jury appointed to assess damages and

benefits to him, the said J. L. Smathers, on account of the widening of North Lexington Avenue in the City of Asheville, for that said [illegible] is irregular and not in compliance with law; and further, that the [illegible] allowed to Mr. the said J. L. Smathers, are totally inadequate, and the benefits assessed against him are much too high; in fact, the said J. L. Smathers will receive no benefits whatever, but his damages, in fact and truth, will be not less than Eighteen Thousand ($18,000.00) Dollars.

That the said report of said Jury, as adopted by the said [illegible] Commissioners is in substance the confiscation of the property of this plaintiff, without compensation and is unconscionable and in violation of the rights guaranteed to him under the constitution of the United States and the constitution and laws of the State of North Carolina. The said J. L. Smathers, from the report of the said Commissioners adopting said report, appeals to the Superior Court of Buncombe County.

NOTICE OF APPEAL

[illegible]:

TAKE NOTICE: That the undersigned, John O'Donnell, [illegible] to the report of the juries appointed to assess [illegible] the property affected by the proposed construction, [illegible] repairing and improving the streets and [illegible] in the City of Asheville, Buncombe County, North Carolina, on the [illegible] of Lexington Avenue and at the intersection of College Street, [illegible] Street for by reason of the widening, improving and repairing of [illegible] sidewalks, in accordance with resolutions passed by the Board of Commissioners of the City of Asheville, on the ___ day of ___ 1925 and the adoption thereof on the 8th day of May, 1925, have damaged the plaintiff as far as they relate to and affect or attempt to affect the property of the plaintiff, described in said reports of said juries, as [illegible] of the undersigned, on said Lexington Avenue, in Asheville, and particularly the failure of the said juries to award [illegible] and just amount to the undersigned as damages for taking, [illegible] improving and repairing said street and sidewalks.

And the plaintiff particularly excepts and objects to the [illegible] of said jury, in improving, laying off and repairing [illegible] Avenue, for that in so doing they have damaged and injured the lands and property of this plaintiff.

The plaintiff further objects and excepts to the report of [illegible] and the confirmation of said report for that the said report of said juries and their findings did not award a fair, adequate and just [illegible] this plaintiff for the destruction of his property.

That the undersigned appeals from said report as aforesaid, and the adopting of said reports, to the next term of the Superior Court of Buncombe County, North Carolina, for that said resolutions, adoptions and [illegible] of them are contrary to law and the evidence, and the benefits and assessments against said property are unfair and unjust, for that damages should be allowed to the plaintiff in the sum of at least Twenty five Thousand Dollars.

NOTICE OF APPEAL

TO THE CITY OF ASHEVILLE:

TAKE NOTICE, that the undersigned, S. M. Biddle, excepts and objects to the report of the juries appointed to assess [illegible] special benefits to the property affected by the proposed [illegible] laying out and widening the streets in the City of Asheville, on Broadway, said street; said property of the undersigned being situate at No. 135 Broadway, Asheville, N. C. being on the [illegible] side of said street; that the property of the undersigned has been damaged by reason of sidewalks repairing and improving said street, [illegible] passed by the Board of Commissioners of the City of Asheville, on the [illegible] day of _____ 1925, and the adoption of said report of said [illegible] the 8th day of May, 1925, in so far as said resolutions, and [illegible] aforesaid, relate to and affect or attempt to affect the land described in said reports of said juries, as the property of the undersigned on Broadway in the City of Asheville and particularly the failure of said juries to award a fair, and adequate and just amount to the undersigned as damages for taking and damaging said lands in widening said street; and the plaintiff particularly excepts and objects to the report of said jury, in awarding and [illegible] in so doing they have damaged the property of the undersigned, and unduly injured the same.

The plaintiff excepts and objects to the report of the juries and the confirmation of said report for that said report of the juries and their findings did not award a fair and adequate award to the said plaintiff for the destruction of his property.

The undersigned appeals from said report as aforesaid, and the adoption of said report, to the next term of the Superior Court of Buncombe County, North Carolina, for that said resolutions and [illegible] of them are contrary to law and the evidence, and the benefits and assessments against said property are unfair and unjust, for that damages should be allotted to the plaintiff in the sum of at least Ten Thousand ($10,000.00) Dollars.

DESCRIPTION & NOTICE OF CLAIM

To the Hon. Mayor and Board of Commissioners for the City of Asheville:

The ... A. Drexy Estate, in apt time and without waiving any rights either legal or equitable, makes special appearance through its attorney, enters objections to inclusion of said action and files exceptions to the report of the jury which assessed benefits and damages to property owned on N. Lexington Avenue, in the City of Asheville, by reason of the proposed widening of said Avenue; the said jury having been acting under the orders of said Board of Commissioners in making its report under date of May 7, 1925 and which report was adopted by said Board at its regular meeting on May 8th, 1925.

The assessment of ($4029.00) Four Thousand and Twenty Nine Dollars benefits to the C. A. Drexy Estate on lot known as No. 82 North Lexington Avenue on account of and by reason of the proposed widening of said Avenue, is out of all proportion to the benefits

to said [illegible] will amount to almost confiscation, therefore, [illegible] the notice of appeal to the Superior Court of Buncombe [illegible].

The assessment of ($1, 25.00) One Thousand and Twenty [illegible] by said [illegible] said lot No. 82 N. Lexington Avenue [illegible] account of and by reason of the narrowness [illegible] of said lot and the consequent taking of the best part [illegible] of the property in the proposed widening and broadening of said Avenue, the damages will undoubtedly be a great deal more than [illegible] the sum of assessments received. Therefore the C. A. Greer Estate [illegible] notice of appeal to the finding and report of said Jury and [illegible] adoption by said Board to the Superior Court of Buncombe County.

This the 16th day of May, 1925.

EXCEPTION

THE HONORABLE MAYOR AND BOARD OF COMMISSIONERS of the CITY OF ASHEVILLE:

Mrs. M. F. Malloy without waiving any of her legal rights, respectfully request the Mayor and Commissioners of the City of Asheville to reject the report made by the Jury appointed to assess damages and benefits to her, the said Mrs. M. F. Malloy, on account of the widening of North Lexington Avenue in the City of Asheville, for the reason that said report is irregular and not in compliance with law; and further, that the said damages allowed to her, the said Mrs. M. F. Malloy, are totally inadequate, and the benefits assessed against her are much too high, in fact, Mrs. M. F. Malloy will receive no benefits whatever, but per contra, in fact and truth, will be out less than Eight Thousand ($8,000.00) Dollars.

That the said report of said Jury, as adopted by the said Board of Commissioners is in substance the confiscation of the property of the claimant, without compensation and is unconstitutional and in violation of the rights guaranteed to her under the constitution of the United States and under the constitution and laws of the State of North Carolina. The said Mrs. M. F. Malloy, from the order of the said Commissioners adopting said report, appeals to the Superior Court of Buncombe County.

NOTICE OF APPEAL

To the Mayor and Board of Commissioners of the City of Asheville, North Carolina:

TAKE NOTICE, that the undersigned excepts and objects to the report of the Jurors on the question of damages and special benefits to the property of the plaintiff, by reason of widening, grading and laying out, widening and improving Broadway at corner of Broadway and Lexington Avenue, Asheville, N. C. lot 1st No 120 City Map, thereby damaging the property of the plaintiff, by reason of widening, grading and paving said street and sidewalks, in accordance with resolutions passed by the Board of Commissioners of the City of Asheville, on the ____ day of _____ 1925, and the adoption of the report of the Juries on the ____ day of May, 1925, by the said resolutions, and orders aforesaid, which constitute an attempt to affect the land described in said reports of said Juries to the property of the undersigned on said Broadway and Lexington Avenue, in the City of Asheville, N. C. and particular the failure of said Juries to award adequate and just amount to the undersigned as damages for the land taken in widening said street and avenue.

And the plaintiff particularly excepts and objects to the said reports of said Juries, widening, improving and repairing said streets and sidewalks, for that they have damaged the property of the plaintiff.

The plaintiff further objects and excepts to the report of the Juries and the confirmation of said report for that the said report of said Juries and the confirmation thereof does not award a fair and adequate damage to said plaintiff for the damages to her property.

That the plaintiff appeals from said report aforesaid and the adoption of the same by the Superior Court of Buncombe County, N. C. for the said proceedings, and exceptions are contrary to law and the evidence, for that said assessments against said property are unfair and unjust, for that it would cost the plaintiff in the sum of at at least ($_____) Dollars.

NOTICE OF APPEAL

To the Mayor and Board of Commissioners of the City of Asheville, North Carolina:

That the undersigned excepts and objects to the report of the Jurors on the question of damages and special benefits to the property of the plaintiff, by reason of the construction laying out, widening and improving the extension of Lexington Avenue, Asheville, North Carolina at the corner of Lexington Avenue and Griffin Street, being No ____on the East side of Lexington Avenue, Asheville, N. C. thereby damaging the property of the plaintiff, by reason of widening, improving and repairing said street and sidewalks, in accordance with resolutions passed by the Board of Commissioners of the City of Asheville on the ____ day of _____1925, and the adoption of said report on the 8th day of May, 1925, by the said resolutions, orders and adoptions, aforesaid, which constitute an attempt to affect the property of the undersigned on _____ Avenue, in the City of Asheville, N. C. and particularly the failure of said Jurors to award a fair, adequate and just amount to the undersigned as damages for the land taken in the widening, improving and repairing of said street and sidewalks adjacent thereto.

That the plaintiff particularly excepts and objects to the first named report of said Jury and laying off, improving widening and repairing said street and sidewalks, for that in so doing they have damaged the property of the undersigned.

That the plaintiff further excepts and objects to said report of said Jurors and laying off, improving and repairing said streets as aforesaid, and the confirmation of same, for that, in so doing they have damaged the property of the plaintiff.

That the plaintiff further excepts and objects to the report of said Jurors and the confirmation of the said report for that the said report of said Jurors and their findings did not award a fair and adequate and just amount as damages to said plaintiff for the destruction of said property.

[illegible] the undersigned appeals from said report aforesaid and the adoption of the same by the Superior Court of Buncombe County, N. C. for the said proceedings, and exceptions are contrary to law and the evidence, for that said assessments against said property are unfair and unjust, for that it would cost the plaintiff in the sum of at at least ($_____) Dollars.

The claim of Lizzie Mills for $5,000.00 damages on account of the loss of her residence, 38 Jackson Street, by fire, thru alleged negligence of the City in failing to furnish proper water supply, was presented to the Board, and, on motion, was ordered duly recorded.

On motion, the Clerk was instructed to furnish the Corporation Counsel with a copy of the claim, also to furnish him with itemized statement of the tax listing sheets showing property listed for taxes in the name of personal property.

To the Hon. Mayor and Board of Com. of the City of Asheville, N. C.

WHEREAS, the undersigned on or about the 9th day of May, 1925, sustained loss of her residence at 168 Jackson Street, Asheville, N. C. by fire, [illegible] lower, on account of insufficient water and [illegible] connections, although said residence [illegible] fire limits, that her property was entitled to the protection of [illegible] fighting apparatus and other equipment, which she is advised and believes, if the same had been sufficient and reasonable adequate, the said property could have been saved from loss by said fire [illegible]

That on account of the negligence of the City of Asheville, lack of proper equipment, poor connections and water supply she has sustained loss [illegible] property to the use of $1,000.00 and personal property, such as [illegible] in the sum of $1,000.00, a total sum of $2,000.00 [illegible] and upon the City of Asheville.

That the undersigned has sustained a total loss and has no means of support.

This the 18th day of May, 1925.

Mrs. L. E. Thompson,
City.

Dear Madam:

At the meeting of the Board of Aldermen on May 19th, Mr. R. J. Stokely, Deputy Tax Collector, appeared before the Board in behalf of Dr. Roth on Orchard Street claims for assessments for paving and sidewalk, which were ordered to the Board, and, on motion, were referred to the Finance Committee for report, also with the request that the exact frontage of Dr. Roth's property, on which he is claiming, be ascertained and reported to the Board.

Yours very truly,
J. E. Patton,
Special Agent.

Mrs. L. E. Thompson,
City.

Dear Madam:

Dr. T. C. Roth has been trying to settle the paving and sidewalk assessments against his property on Orchard Street. He claims there is an error in the measurements. The total charge for paving was $143.27 and for sidewalk $57.19. He paid me $121.50 on paving account and $57.89 on sidewalk account, claiming that these amounts are all he should pay. This leaves $21.77 on paving account and $0.25 on sidewalk account. He also owes $18.98 of interest charged amounting to $18.98. Mr. Bartlett was in the office while Dr. Roth was here and asked me to write you this letter so you could have it before the Board tomorrow morning.

Very truly,
R. J. Stokely

The Board of Commissioners met in regular session; Mayor Cathey presiding. The minutes of the previous meeting were read and approved.

H. A. Cheek, thru his Attorneys, Carter, Shuford, Hartshorn & Hughes, filed notice that his client owned a leasehold estate in certain land and building situate on the Northeast corner of North Lexington Avenue and West College Street and does protest as illegal and without warrant of law the threatened action of the City to widen said street and to appropriate a portion of his property and estate without compensation to him.

This action, on motion, referred to the Corporation Counsel as information.

TO THE CITY OF ASHEVILLE AND TO THE MAYOR AND BOARD OF COMMISSIONERS OF SAID CITY:

You are hereby notified that the undersigned Harry A. Cheek is the owner and in possession of a leasehold estate in the land and building situate on the northeast corner of North Lexington Avenue and West College Street, in the City of Asheville, by virtue of a lease in writing from John H. Lange to the said Harry A. Cheek, dated the 25th day of April, 1922, and duly registered on June 24th, 1924, in Book of Deeds No. 287, at page 62; the term of said lease being five years, beginning on the date of said lease and expiring on the 25th day of April, 1927; and you are further hereby notified that the proposed appropriation of a portion of said premises by the City of Asheville for the further purpose of widening said North Lexington Avenue will greatly injure and damage the property and estate of the undersigned in the respects and particulars following, namely:

1st. The interference with the operation of the business of the undersigned, which will necessarily result from the demolition of a portion of said building and the reconstruction and repair of the remaining portion thereof.

2nd. The injury and practical destruction of the comparatively costly fixtures heretofore installed by the undersigned on said leasehold premises for the purposes of his business, and which were designed for the space then existing, and which are likely to be incapable for use in the lesser space which will remain after the proposed appropriation by said city, by reason whereof the value of said fixtures will be almost wholly destroyed.

3rd: The diminution of the area of the premises of the undersigned to result from the appropriation of a portion of said premises, which will compel the undersigned to dispense with one of the barber's chairs now in use on said premises.

You are further hereby notified that the undersigned protests as illegal and without warrant of law the threatened action of said city to appropriate a valuable portion of his property and estate without compensation to him, and without any pretense of compliance by the said city with the requirements of its charter or of the general laws of the State for the purpose of acquiring the right so to appropriate the property of the undersigned, either by private negotiations or by the exercise of the right of eminent domain; and you are further notified that you will be held by the undersigned to a strict accountability at law for any and all damages which the undersigned may sustain by reason of any invasion of his rights or appropriation of his property and estate as threatened by you.

This the 22nd day of May, 1925.

HARRY A CHEEK,
By, Carter, Shuford, Hartshorn & Hughes
HIS ATTORNEYS AT LAW.

The foregoing notice was this day presented to the Mayor and Board of Commissioners, at their regular session, and by their order was duly filed with the undersigned.

This the 22nd day of May, 1925.

Secretary-Treasurer of said Board.

McCORMICK COMPANY...TRADE EXPANSION.

A representative of the McCormick Company appeared before the Board and advised that his company expected to put on a trade expansion campaign in the City and to, if possible, interest some 12 or 15 merchants in same and asked whether or not each merchant would have to pay the $100.00 license tax under the City's Tax Ordinance or whether his company as the concern putting on the campaign would be allowed to pay same on the payment of one license tax.

This matter, on motion, referred to the Corporation Counsel for investigation and legal advice.

M. T. MEADOWS.

The report of the jury showing damages to the property of M. T. Meadows on Hilliard Avenue by reason of the opening and widening of Hilliard Avenue and change in grade of said street was presented to the Board and, on motion, adopted:

(Copy) To the Honorable Mayor and Board of Commissioners,
of the City of Asheville, N. C.

We, the undersigned jurors, having been duly summoned and sworn to assess damages to the lands of M. T. MEADOWS, owner of land situated, lying and being in the City of Asheville, a portion of which premises is required by the Board of Commissioners of said City for the purpose of Opening and Widening of Hilliard Avenue 40 feet wide, as surveyed and staked off by the City Engineer, from Market Street to Clingman Avenue, and also to assess the benefits to the lands aforesaid, in pursuance to the condemnation of lands for said purpose, made by the Board of Commissioners of said City of Asheville, at their meeting held on the 15th day of May, 1925, by agreement and in pursuant of the writ thereupon issued by the Mayor of said City, dated May 20, 1925, directing a policeman of said City to summon a jury for said purpose.

We, the said jury, having been duly summoned and sworn, respectfully report as follows:

That on the 21st day of May, the said party in interest having had due notice we proceeded to view the lands heretofore condemned for said proposed improvement being the Opening and Widening of Hilliard Avenue, 40 feet wide, as surveyed and staked off by the City Engineer, from Market Street to Clingman Avenue, and also to view the lands contiguous thereto, and of the said parties mentioned in said writ, and we find as follows:

That the lands of M. T. Meadows is damaged NO dollars

The Board of Commissioners met in regular session; Mayor Cathey presiding. The minutes of the previous meeting were read and approved.

E. D. Carter stated that his lots on Wellington Street were already provided with sewer which was constructed by J. C. Penland, therefore, he had no use for the sewer constructed by the City.

This matter, on motion, referred to the City Engineer for written report.

Attorney Gallatin Roberts, representing C. B. Wright, appeared before the Board and stated that Mr. Wright's house on Brevard Road was charged with two sewer assessments one on Brevard Road and one in the rear of his lot.

It was explained to Mr. Roberts that the law provided that a lot over 100 feet in depth can be charged with more than one sewer, therefore, it was ordered that the assessment stand as originally made.

L. M. Luther and Garfield Stone, having complied with all of the provisions of the ordinance regulating the conduct of public service automobile chauffeurs, and all papers being approved, it was ordered, on motion, that their licenses to operate public service cars in the city be granted.

A communication from Mrs. J. D. Gibbs asking for the change in the name of Center Street was referred to the Board and, on motion, referred back to Mrs. Gibbs for petition signed by property owners requesting the change in the name of said street.

May 22, 1925.

Hon John H. Cathey,
City.

Dear Sir:

Won't you and the City Commissioners kindly take into consideration a change in name for Center Street, which is constantly conflicting with Central Avenue. Groceries have been delivered to our door which should have gone to Central Avenue. I would suggest Hibernian Place as a good name, though if you know of a better one it will be satisfactory to me, and I trust to the other residents of this street.

Trusting you will see fit to make the change in name, I am,

Respectfully yours,
Mrs. J. D. Gibbs

On motion, the following resolution was unanimously adopted:

WHEREAS, on May 8th this Board did duly adopt a report of the jury assessing benefits and damages on account of the proposed widening of Lexington Avenue, and;

WHEREAS, in view of the fact that certain of the property owners appeared before the Board and contended that they did not have the privilege of presenting evidence to said jury, this Board did request the said jury to reconvene and review the matter and make such recommendations to this Board as it felt was equitable under the circumstances, and;

WHEREAS, said Jury did reconvene and view the matters pertaining to said proposed improvement and did recommend to this Board that its original report as approved and adopted by this Board, according to law be allowed to stand as originally made.

NOW, THEREFORE, BE IT RESOLVED that the recommendation of said jury be adopted and made a part of the proceedings looking to the proposed widening of said street.

On motion, adjourned.

The City Engineer's report showing estimate of the cost of sewer to accommodate new Christian Church on Oak Street was presented to the Board, and, on motion, it was ordered that the sewer be installed and cost thereof charged to property benefited, according to law, provided the Church secures a right-of-way for same.

---Christian Church Sewer ---

Mr. S. L. Conner,
Commissioner of Public Works,
Dear Sir:

Herewith plan and estimate for sanitary sewer to serve basement of new Christian Church on Oak Street.

As present sewers in Oak Street and Vance Street are not deep enough to serve basements, this sewer will serve future buildings with basements on Vance Street., Oak Street, and can be extended southwardly to serve property on the North side of College Street.

My understanding is that the Church is to secure rights-of way, and to pay the entire cost of sewer. If this is correct, I can furnish the Church officials with print. Then if righgs-of-way cannot be secured by Church, other steps can be taken.

The cost is estimated as follows:		
250 Cu. Yds earth Excavation	0.70	175.00
4 Manholes, complete	55.00	220.00
510 Lin. ft. 8" T.C.Pipe, laid	0.49	249.90
9 Sq. Yds street pavement cut and repaired	5.00	45.00

	Total	720.00

AN ORDINANCE AMENDING THE ORDINANCE REGULATING CONDUCT IN THE PUBLIC PARKS IN THE CITY OF ASHEVILLE.

BE IT ORDAINED BY THE BOARD OF COMMISSIONERS OF THE CITY OF ASHEVILLE:

Section 1. That the ordinance regulating conduct in and the use of public parks of the City of Asheville, passed by the Board of Commissioners on the 15th day of March, A. D., 1924 and recorded in Minute Docket #19, Page #90, be and the same is hereby amended by inserting between sections 14 and 15 thereof the following sections:

Section 14-A. It shall be unlawful for any person to go in bathing or swimming in any lake or other body of water except regular designated swimming pools in any area or space which may be set aside and designated as a public park by the Board of Commissioners of the City of Asheville, provided, however, that should the said City Commissioners designate or establish bathing beaches on any such lakes or bodies of water then bathing or swimming may be permitted under such rules and regulations as the Board of Commissioners may determine.

Section 14-B. It shall be unlawful for any person to fish or attempt to fish in any lake or body of water in any area or space which may be set aside and designated as a public park by the City Commissioners of the City of Asheville, provided however, nothing herein contained shall prohibit the Board of Commissioners permittingfishing under such rules and regulations as it may determine.

Section 14-C. It shall be unlawful for any person to place any boat or canoe or other water conveyance on any lake or body of water in any area or space which may be set aside and designated as a public park by the City Commissioners of the City of Asheville, provided, however, nothing herein contained shall be constructed as to prohibit the City from operating boats, canoes or other water conveyances on such lakes or bodies of water under such rules and regulatimns as the Board of Commissioners may prescribe.

Section 14-D. It shall be unlawful for any person to ride, or undertake to ride, on any of the pleasure devices, or in any manner interfere with or use any such devices, which are provided or may be provided in any area or space set aside and designated as a public park, without paying the fee or prescribed charge, or to violate any of the rules and regulations prescribed by the Board of Commissioners of the City of Asheville in connection with the operation of any amusement device or whatsoever name called, which is or may be installed in any such area or space.

Section 14-E. It shll be unlawful for any person to interfere with, or annoy any of the birds, animals or reptiles housed or kept in any area or space which may be set aside and designated as a public park by the City Commissioners of the City of Asheville.

Section 14-F. It shall be unlawful for any person to refuse to comply with any of the parking or traffic rules and regulations prescribed by the Park Committee appointed by the Board of Commissioners of the City of Asheville or by the Board of Commissioners of said City in any area or space which has been, or may be

set aside or designated as a public park by said Board of Commissioners, or to park or attempt to park any motor or horse drawn vehicle by whatsoever name called in any such area or space except in such places as are designated for parking and plainly marked "Parking Space"

Section 2. That this ordinance being for the immediate preservation of the public peace and safety of the citizens of Asheville is hereby declared an emergency ordinance to take effect immediately on its publication in a newspaper published in said City.

I move the adoption of the foregoing ordinance this the 26th day of May, A. D., 1925.

"F. L. Conder"

Commissioner.

Approved as to form:
Jones, Williams & Jones,
Corporation Counsel.

The request if Henry H. Harris for water and sewer connection to accommodate his property on Hibrighton Street was, on motion, referred to the City Engineer for map and estimate of the cost of said sewer and water lines.

On motion, it was ordered that no petitions for paving streets in the City, setting forth the material to be used will be considered.

On motion, it was ordered that 250 C. P. light be installed on Sulphur Springs Road at Covington Street.

" #29	Miss Hughes	100 "	" "	329.00
				519.82

These charges should be as follows:

Lot #28½	M. F. Miller	52 ft	@ $3.29	171.08
" 29	Miss Hughes	106 "	" "	348.74
				519.82

Respectfully,
B. M. Lee,
City Engineer.

The report from the Corporation Counsel concerning the claim of Lizzie Mills against the City on account of loss to her residence thru alleged negligence of the City in failing to provide proper water supply was presented to the board and, on motion, ordered filed.

(copy) May 25, 1925.

To the
Mayor and Commissioners
of the City of Asheville,
Asheville, N. C.

Gentlemen: In re: Lizzie Mills Claim, M.C. 20, P. 202.

Replying to your letter of May 23 relative to the above claim, in which the claimant claims damages on account of the loss of her residence "Thru alleged negligence of the City in failing to provide proper water supply" We are of the opinion, and so advise, that the City is not liable to her for any damages to her residence through failure to supply adequate water supply. Section 2807 of the Consolidated Statutes is as follows:

"The City may own and maintain its own light and water works system to furnish water for fire and other purposes, and light to the City and its citizens, but shall in no case be liable for failure to furnish a sufficient supply of either water or light".

"The common law principle upon which a City may not be held liable for its failure to supply water for extinguishing fires is now set at rest by our valid statute, Consolidated Statutes 2807".

Mack v. Charlotte, 181 N.C. 382.

Hoke, J., in delivering the opinion in the above case, says: "The question was directly presented and same ruling made in Howland v. Asheville, 174 N. C. 749."

From the above statute and decision of the Supreme Court, we are of the opinion, and so advise, that the City is not liable in this case.

Very truly yours,
JONES, WILLIAMS & JONES,
Corporation Counsel.

The Hon. Mayor and Commissioners

Gentlemen:

In making assessment in May 1923 for sewer on Rich Street, against lot #35, property of N. A. Franklin; this lot was charged for 172 feet front, while it should have been charged for 122 feet front. This lot #35, fronting on Hudson Street, is 272 feet deep and had been charged with the sewer on Hudson Street, allowing 150 ft. depth, will leave 122 feet to be charged to the Rich Street Sewer.

The present charge for Rich Street sewer is as follows:

Lot #35	N. A. Franklin	172 ft.	@	0.85	$146.20

It should be

Lot #35	N. A. Franklin	122 ft.	@	0.85	103.70

The Hon. Mayor and Commissioners:
Gentlemen:

In regard to G. D. Carter's complaint, that the sewer in front of his lot on Wellington Street built by the City, is of no use to him as he has connected with the sewer back of his lot built by J. C. Penland. Will say that Penland had not built his sewer when the City built the sewer in Wellington Street. The Penland sewer discharged into the City sewer about 50 feet below Carter's lot.

Very truly,

Thursday, June 4, 1925..... 9 o'clock, A. M.

The Board of Commissioners met in regular session; Mayor Cathey presiding. The minutes of the previous meeting were read and approved.

A representative of the Powers Engineering Company appeared before the Board and called attention to the fact that the Building Inspector had refused to grant his concern the permit to erect a building on Coxe Street, on the grounds that the foundation does not extend to solid earth and asked that the Board over rule the Building Inspector.

The Gentleman present was informed that the Building Inspector was merely complying with the State Law, which the Board had no authority to violate.

Attorney Gallatin Roberts, representing Mrs. Ada Bradley appeared before the Board and contended that one of his clients lot had been charged with two sewer assessments, one for the construction of sewer on Montana Avenue and one for construction of sewer on Michigan Avenue.

On motion, this matter was referred to the City Engineer for advice as to whether or not the lot in question is charged twice.

On motion, the City Engineer was instructed to furnish the Board with a map preparatory to placing jury on Drake Street to pass on benefits and damages by reason of the change in the grade of this street.

A petition requesting that Lexington Avenue be extended 50 feet wide thru from Aston Street to Hilliard Avenue was presented to the Board and, on motion, the City Engineer was instructed to furnish the Board with a map or plat showing the proposed zone of benefits and damages on account of this proposed improvement.

The following resolution was presented to the Board, and, on motion, duly seconded, unanimously adopted:

STATE OF NORTH CAROLINA,
COUNTY OF BUNCOMBE,
CITY OF ASHEVILLE.

The Board of Commissioners of the City of Asheville, N. C., met in regular session on the 5th day of June, 1925, in the City Hall in the City of Asheville, the following members being present, to-wit: John H. Cathey, Mayor, and Messrs. Conder and Bartlett, Commissioners, the same being the full Board.

Upon motion the following resolution was unanimously adopted:

BE IT RESOLVED by the Board of Commissioners of the City of Asheville, N. C., that the City borrow the sum of THREE-HUNDRED SIXTY-FIVE ($365,000.00) DOLLARS, and issue its negotiable notes therefor, to be dated the 5th day of June, 1925, and to mature on the 30th day of September, 1925; the said notes shall be signed by the Mayor, attested by the Secretary-Treasurer, and shall have the corporate seal of the said City attached thereto. The said notes shall be payable at the Hanover National Bank in the City and State of New York, and shall draw interest at four and one-half per cent per annum; seven of the said notes, aggregating $350,000.00 shall be in denominations of $50,000.00 each and shall be numbered from one to seven, inclusive; the remainder of said loan, to-wit: $15,000.00, shall be evidenced by one note, numbered eight.

BE IT FURTHER RESOLVED that the said notes, when issued, shall be in substantially the following form, to-wit:

ASHEVILLE, NORTH CAROLINA.

No. ____ June 5, 1925.

FOR VALUE RECEIVED, the City of Asheville, North Carolina, promises to pay to bearer, on the 30th day of September, 1925, the sum of FIFTY-THOUSAND (FIFTEEN THOUSAND) DOLLARS, with interest thereon at the rate of four and one-half per cent per annum, from date till paid; this note is payable in lawful money of the United States of America at the Hanover National Bank, in the City of New York, N. Y.

It is hereby certified and recited that all acts, conditions and things required to be done, precedent to, and in the issuance of this note, have been legally had, done and been performed, in full and strict compliance with the constitution and laws of the State of North Carolina, and that this note is within every debt and other limit prescribed by law and that the full faith and credit of said City of Asheville are hereby irrevocably pledged to the punctual payment of the principal and interest of this note, according to its terms.

IN WITNESS WHEREOF, the City of Asheville has caused this note to be signed by its Mayor and attested by its Secretary-Treasurer, and its corporate seal to be hereunto affixed, all as of the 5th day of June, 1925.

Mayor of the City of Asheville, North Carolina

Attest:

Secretary-Treasurer.

LEGAL OPINION

TO WHOM IT MAY CONCERN:

Referring to the above note given by the City of Asheville, North Carolina, and executed by the Mayor and Secretary-Treasurer, dated June 5, 1925, for ____ Dollars, payable September 30, 1925, I wish to advise that in my opinion, said note is a valid and binding obligation of the said City of Asheville.

Attorneys for City of Asheville, North Carolina.

Saturday, June 6, 1925..... 2 o'clock, P. M.

The Board of Commissioners met in regular session; Mayor Pathay presiding. The minutes of the previous meeting were read and approved.

Judge J. L. Adams, representing the Biltmore Forest Bus Lines, appeared before the Board and requested permission to operate busses as they are now operating, explaining that, in his opinion, the agitation in the papers relative to regular bus traffic was much a to-do about nothing.

Judge Adams went into the matter at some length but finally agreed that his company could operate busses up Cox, then Commerce and down Church Street, provided some relief could be given in the way of eliminating some of the congestion on Church Street.

Mr. Adams was assured that the Board would do anything possible to co-operate with him and his company taking into consideration always the general welfare of the town.

Messrs. J. A. Richbourg, H. F. Bridges, and others representing the Chamber of Commerce bus terminal committee, appeared before the Board and stated that this committee was standing by its original proposition advocating one centrally located bus terminal.

No action taken.

The Commissioner of Public Works reported that the County had requested that the City pay one-half of the cost of repairing Carrier's bridge and maintaining the road to Bee Tree and called attention to the fact that both of these projects were out of the City Limits and the project at Bee Tree was directly necessitated due to the City furnishing water to the suburban districts around Asheville, in an effort to help promote their growth; that if the City had not undertaken to furnish its suburbs with water the expenditure of the large sum of money now being spent on Bee Tree could have been postponed for a number of years. He also called attention to the fact that the project now being undertaken by the City was of directly as much improvement to Buncombe County as to the City of Asheville, in view of the fact that the furnishing of water to the outlying districts materially increase taxable valuations of which the County would derive benefits and stated that, in his opinion the County should agree to maintain the road in such condition as to permit the City proceeding with the present construction without delay.

On motion, the Mayor was requested to confer with the Chairman of the County Board of Commissioners in an effort to reach some agreement.

Herman Segal, having complied with all of the provisions of the ordinance regulating the conduct of public service automobile chauffeurs, and all papers being approved, it was ordered, on motion, that his license to operate a public service in the city be granted.

An ordinance regulating traffic, operation of vehicles of all description and conduct of pedestrians and chauffeurs of public service automobiles within the City of Asheville was presented to the Board and, on motion, passed on its first reading.

The City Engineer's report showing that the petition requesting the paving of Middlemont Road between Sulphur Springs Road and Fenner line was insufficient, so far as the frontage is concerned it was ordered, on motion, that the petition be referred back to Mrs. Ellen F. Glenn who presented same for consideration.

To Board of Commissioners
City of Asheville

Regarding the petition signed by property owners on MIDDLEMONT ROAD requesting that said street be paved from Sulphur Springs Road to the Elsmar Line, I find that the said petition is signed by a majority in number of the owners, who represents a majority of all the lineal feet of frontage of the lands (owners of individual interests in one piece of property have been treated as one person) abutting upon the street or part of street proposed to be improved.

The following table shows the frontage of property on the street proposed to be improved, the number of property owners and the total frontage with the frontage petitioned for.

Lot No	Name	Frontage Ft & Ins.	Petitioned for Ft & Ins.

THE BOARD OF COMMISSIONERS OF
THE CITY OF ASHEVILLE DO ORDAIN:

CHAPTER 1

Title

Section 1. That this ordinance may be cited as "AN ORDINANCE REGULATING TRAFFIC, THE OPERATION OF VEHICLES OF ALL DESCRIPTIONS AND THE CONDUCT OF PEDESTRIANS AND CHAUFFEURS OF PUBLIC SERVICE AUTOMOBILES WITHIN THE CITY OF ASHEVILLE".

Section 2. That the driver of a vehicle shall stop or move such vehicle whenever, and as signaled or ordered to do so by a police officer, and in the congested district or at any point where the electrical signal is installed vehicles must come to a stop when approaching said signal when the light shows red and prepare to start when the light shows amber and proceed to move on when the light shows green, and no left-hand turns shall be made unless directed by a police officer on duty at that particular point when said left-hand turn is desired, and all pedestrians must move in the same direction and at the same time as vehicles are required to move. And pedestrians shall not cross any street in the congested district except at regular street crossings and designated safety zones.

Section 3. Vehicles of any kind or description in traveling on any of the streets of the City of Asheville shall not be driven side by side, or abreast, but shall follow each other, except when one vehicle is passing another vehicle; provided, however, that when the

drivers of such vehicles are directed so to do by any policeman to avoid a jam of vehicles may proceed to drive such vehicles side by side or abreast as directed by such policeman.

Section 4. That any person, firm or corporation violating any of the provisions of any of the sections of this ordinance shall be subject to a penalty of Fifty ($50.00) Dollars for each and every such offense.

Section 5. That this ordinance being for the immediate preservation of the public peace and safety of the citizens of the City of Asheville is hereby declared an emergency ordinance to take effect immediately upon its first publication in a newspaper published in the City of Asheville.

I move the adoption of the foregoing ordinance this the 6th day June, 1925.

Wednesday, June 10, 1925.... 9 o'clock, A. M.

The Board of Commissioners met in regular session; Vice-Mayor Conder presiding. Mayor Cathey absent on leave of absence. The minutes of the previous meeting were read and approved.

Gallatin Roberts, representing Mr. Privey, appeared before the Board and made an appeal for the exemption of benefits assessed against his clients property on Virginia Avenue on account of the widening of Virginia Avenue.

The Board being under the impression settlements had been made to the the property owners by the Mayor, it was ordered, on motion, that the benefits assessed on account of this improvement be held in abeyance until his return.

On motion, the Corporation Counsel was requested to draw deeds covering the purchase of certain property on Park Avenue, J. W. Alexander $500.00, W. D. Householder $500.00 and Mrs. Harrison $269.24, deeds to be drawn in accordance with plats submitted.

It was explained by the Commissioner of Public Works that this property was being purchased for the purpose of eliminating necessity of erecting an expensive wall to protect the property in question.

On motion, the Secretary-Treasurer was instructed to bring all bills and vouchers before the Board for its approval before same are paid.

A communication from Mr. Norman W. Reed, Secretary of the Park Commission, that the property tendered to the City by Mr. J. S. Horney be accepted and improved for park and playground purposes at a date when the financial condition of the City will permit, was presented to the Board, and, on motion, it was ordered that the recommendation of the Park Commission be adopted, provided the developing of the park is left entirely in the hands of the City and that the property is deeded to the City in fee simple, without any requirements or stipulations noted in the deed.

Mrs. J. G. Thompson,
Secretary- treasurer,
City of Asheville,
City.

Dear Madam:

Please be advised that a special meeting of the Park Commission was held this afternoon for the purpose of considering the matter set forth in yours of the 5th instant.

After an inspection of the property, a resolution was unanimously adopted recommending: First, that the property tendered be accepted by the City for park and playground pruposes; Second: that the same be improved for such at the earliest date which the financial condition of the City budget devoted to park and playground purposes would permit. Third, that Mr. Horney be commended for this splendid evidence of his public spirit.

Respectfully submitted in behalf of the Park Commission and by its authority.

Norman W. Reed,
Secretary.

The matter of cleaning up Sternberg's Field, near the passenger station was, on motion, referred to the Commissioner of Public Works with power to act.

An ordinance regulating traffic the operation of vehicles of all description and conduct of pedestrians and chauffeurs of public service automobiles within the City of Asheville was presented to the Board, and, on motion, passed on its first reading.

W. W. Price, having complied with all of the provisions of the ordinance regulating the conduct of public service automobile chauffeurs, and all papers being in order, it was ordered, on motion, that his license to operate a public service car in the city be granted.

On motion, the following building permits were granted:

Thursday, June 11, 1925.... 9 o'clock, A. M.

The Board of Commissioners met in regular session; Vice-Mayor Conder presiding. Mayor Cathey absent on leave of absence. The minutes of the previous meeting were read and approved.

On motion, a small portion of W. S. Silkin's lot on the right hand side of Deni Hill Road was ordered exempted the amount of paving assessment against same in view of the fact that the lot is too small for any particular use.

Permission was requested by the operators of the Weaver Garage on Aston Street to install a gasoline tank in the alley running from Aston Street in the rear of the buildings on Biltmore Avenue.

It was explained to the petitioners that this was a private alley and the city had no authority in the matter.

A communication from Mr. J. T. Horney's Agent, calling attention to the fact that an agreement by and between Mr. Horney and the City of Asheville in Spring 1924, a settlement was made by which certain money's were to be refunded to Mr. Horney for having originally installed a sewer in Horney Heights and asked that this matter be investigated and this charge against Mr. Horney be stricken from the record.

This matter, on motion, taken under advisement, the Clerk being instructed to furnish the Board with transcript of the minutes showing agreement by and between Mr. Horney and City of Asheville.

(Copy) June 10, 1925.

Hon. John H. Cathey,
Mayor and Commissioner of Finance,
Asheville, N. C.

Dear Sir: In re: Horney Heights Sewer

Relative to the above matter, you will remember that in the Spring of 1924 Mr. Horney and the City of Asheville had a final settlement, by terms of which, certain moneys were refunded to Mr. Horney for having originally installed the sewer and all claims and demands that either party had against the other on account of

of the construction of the sewer were cancelled.

It has just come to my attention that certain property in Horney Heights is advertised for sewer assessment assessed against Horney Brothers. No one but J. T. Horney had any interest in Horney Heights and the fact that this assessment was charged against Horney Brothers caused us, at the time of settlement, to overlook the cancellation of the same. In as much as this property is advertised for sale on account of this assessment, will you kindly have the proper entries made on the books so that the record will show the release?

Thanking you, I am

Very truly Yours,
"Eugene C. Ward"

The application of Com. C. Myers for the use of city water in Kenilworth Road, was presented to the Board and, it appearing to the Board that he had complied with all of the provisions of the ordinance regulating the use of City water without the city, it was ordered, on motion, that the said application be granted.

On motion, payments were authorized to J. M. Geary in the amounts of $25,884.30 on account of the construction of the New City Market and $8,289.59 on account of construction of Pack Memorial Library.

On motion a payment was authorized to [illegible] on account of the construction of addition to Clayton School in the amount of $[illegible].

Notes given in payment for the west Asheville High School Site, one to J. C. Penland for $5.00 and one to Rosa A. Logan for $5.000 were presented to the Board and, on motion, ordered paid.

All other bills presented to the Board by the Clerk were approved and the Vice-Mayor was authorized to sign the checks covering same.

A petition requesting the paving of Atkins Street extension was presented to the Board, and, on motion, referred to the City Engineer for verification and report.

To the
Mayor and Board of Commissioners,
of the City of Asheville.

Under and by virtue of, and pursuant to Chapter 56 of the Public Laws of North Carolina, session 1915 and acts amendatory thereof, the undersigned, owners of real estate who are at least a majority in number and who represent at least the majority of all the lineal feet of frontage of the land abutting upon ATKIN STREET & EXTENSION in the City of Asheville, State of North Catolina, do respectfully petition and request that the Mayor and City Commissioners of the City of Asheville, gradeand pave Atkin Street and install the necessary surface drains therein, extending from _____ and we also petition and request the Mayor and Board of Commissioners of the City of Asheville to assess the total cost of all the improvements herein before mentioned to the property owners abutting on the said street between the points herein before mentioned, one-half of the total cost to be assessed against the owners abutting on each side of said street; provided, however, the total cost of paving at street intersections is to be borne by the City.

Gentlemen: Mrs. Tom Smith, owner of the [illegible] ordered to be [illegible].

Mayor and Commissioners:

I have investigated the complaint of Mrs. Tom Smith, relative to [illegible] Madeline Ave. to City Sewer.

I find that [illegible] lin. ft. of 6" sewer should be built from Madeline Ave. This would serve two houses. Mrs. Smith, also a [illegible] on Lot No. 31 and [illegible] other lots that may be [illegible].

The cost of proposed sewer is estimated to be as follows:

241.0	cu. yds. excavation, 0-7' cut	$ .70	$168.70
14.1	" " " over 7'	1.97	27.74

Secretary-Engineer

Saturday, June 20, 1925
9 o'clock A. M.

The Board of Aldermen met in regular session, Vice-Mayor Conder presiding, and the minutes of the previous meeting were read and approved.

On motion, it was ordered that the Board agree to condemn a right of way across private property when same is necessary for Mr. W. D. Miller to use the sewer with which he is connected.

Mr. Miller's request for an exemption on account of the above mentioned sewer was, on motion, respectfully refused.

The City Engineer's report covering his investigation of the complaint of R. M. Wells and H. A. Dunham relative to a sewer assessment on Dunwell Street was, on motion, referred to the City Engineer for the reason that his report does not agree with what Mr. Wells claims the City Engineer told him relative to the matter.

June 19, 1925.

Hon. Mayor & Council
Asheville, N. C.

Gentlemen:-

As to R. M. Wells's complaint, that he and Dunham have a lot on Dunwell Ave. which is too low to connect with the Dunwell Ave. sewer, which he is charged. will say that I am satisfied that he is mistaken, for a house built on any part of this lot can be connected with the sewer.

Very respectfully,

"B. M. Lee".

City Engineer.

The complaint of Mr. H. A. Dunham that he cannot connect with the sewer with which he is charged, as the grade is too flat to run a private sewer 185 feet in the rear of his property to connect with the sewer in the hollow, also his request that the assessment was, on motion, referred to the City Engineer for a supplemental report.

The City Engineer was instructed to investigate the feasibility of [illegible] Dunwell Street and furnish the Board with an estimate of the cost of same.

Mr. [illegible] was instructed to perfect the most feasible plan [illegible] with as little water and trouble to the Board with [illegible].

Petition of the following citizens of W. Merritt Jordan, H. A. [illegible] Ethel Cheek [illegible] was presented to the Board and, on motion, referred to the City Attorney.

Mr. J. L. Conder July 7, 1925.
Commissioner of Public Works
Dear Sir:

I have examined the conditions in the southeastern part of the City adjoining Forest Hill, and there are some twelve negro families living inside the City limits there, that have no water nearer than a spring some 600 feet from their houses, and on a lot owned by a Mr. Cunningham, who allows them to use it. The nearest City water is on Sherwood Road where there is a 6" main. The estimated cost of a 6" C. I. water pipe laid from Sherwood Road to this place will cost as follows:

6" C. I. Pipe Class C 800 ft laid @ $1.32		1056.00
6" Hydt. furnished & set 1 @ 53.50		53.50
6" gate & box " " " 1 " 34 60		34 60
Special castings 650 lbs	.10	65 00
Excavation in ditch for pipe 240 yds .70		168.00
		1377.10

There is a small plat attached, showing the proposed water line.

Very respectfully,
B. M. Lee, City Engineer.

Water Dept.

REAL ESTATE BOARD.

A resolution adopted by the Real Estate Board relative to making provisions for ample supply of water for the City was presented to the Board, and, on motion, ordered filed, the committee present from the Real Estate Board being informed that the City was doing everything within its power to meet the needs of Asheville.

(Copy Repolution) Resolution Concerning Water Supply

RESOLVED, by the Asheville Real Estate Board, in meeting assembled this the 6th day of July 1925.

Awake to a civic consciousness th t the bountiful supply of water available under normal conditions for the residents of Asheville and suburbs is now menanced for the second time in recent years by an unprecedented drough, and, further realizing that a sufficient supply of water for domestic use for asheville and adjoinint suburban developments served by our municipal water department is of supreme importance for the advancement and continued growth of our community and being of the opinion that a water stringency places our city in an equivocal position when it is forced to retrench and even cut off the suburban water supply in time of distress and,

WHEREAS, the City of Asheville, including suburban territory is growing very rapidly and suburban developments adjoining our City limits will within a few years be included in the area of the city proper and even now are supplying clients, customers and shoppers for the professional and mercantile interests of the city, we recommend that our city Commissioners take immediate action towards providing our city with a water supply adequate for a population of at least 200,000; citing them to the facts admitting of ready substantiation that more homebuilding enterprises have been undertaken in Buncombe County, North Carolina than in any other county in any of the South Atlantic States, outside of metropolitan city zones, with the exception of Florida and that these homes, modern in character and appointment demand the service of all municipal utilities, principally that of water; therefore,

BE IT RESOLVED, in view of the conditions as recited above we recommend further to the City Commissioners that they address themselves to the problem of extending the water facilities throughout the County of Buncombe increasing the source of supply and adopt a comprehensive business method of distribution of water where ever practical on the highways but with exclusive control of wuch utility by the City of Asheville.

BE IT FURTHER RESOLVED, that copies of this resolution be forwarded by our Secretary to the City Commissioners, City Planning Commission, Chamber of Commerce, Merchants Association, Central Labor Union, and all civic organizations and federated bodies having the welfare of Asheville and Buncombe County as their high objective; including such clubs as Rotary Kiwanis, the Lyons, Optimists, American Business and Civitans with the request that they aid and abet the authorities to the end that a wholesome and efficient condition may be the result from the lesson which our city has just learned.

J. Scroup Styles, representing Mrs. Roma Lutz, appeared before the Board and filed objection and gave notice of appeal from the report of the Jury assessing benefits and damages on account of the condemnation of certain of his clients property on Haywood Road for the proposed extension of Sulphur Springs Road with the understanding that said appeal is to be profected, unless his client gets relief from paving assessments in case said extension of Sulphur Springs Road is paved.

On motion, it was ordered that Mr. Styles appeal be accepted and approved with the above understanding.

Hon. Mayor and Board of Commissioners
Asheville, N. C.

Gentlemen:

We wish to formally place a claim before you on behalf of F. A. Cazel, who occupies a building on Rankin Avenue, adjoining the lot on which is located a building of the Southern Bell & Telephone Company; the rear of said building facing Lexington Avenue, and is one of the buildings which has been condemned and will be partially cut off for the purpose of widening North Lexington Avenue.

Mr. Cazel occupies the building in question under lease from J. Emily Chambers, which lease expires on the 1st day of April, 1926.

By reason of the cutting off of the rear or east end of this building, Mr. Cazel makes claim for damages against the City of Asheville in the sum of $1361.00, which claim is made on a basis or assumption that the end of this building will probably be cut off August 1st, 1925, and he has made his calculations covering the period of time from August 1st, 1925 to April 1st, 1926.

We are enclosing a complete statement involving the damages which Mr. Cazel will incur if you go on with your work of widening North Lexington Avenue.

Mr. Cazel was not made a party defendant to this proceedings of condemnation involving property owners on this street, and he makes his claim as lessee of the buildingin question.

Please advise if you wish to make an adjustment of this claim, so that we can advise our client at the proper time the necessary steps for him to take to enforce his rights.

Yours truly,
Anderson & Howell

The report of the City Engineer showing his investigation of request of Mr. J. W. Hensley that the city connect with the street storm sewer near North Street and 18" drain laid by him thru his lot was presented to the Board and, on motion, referred to the Street Superintendent with instructions to see that the recommendations of the City Engineer are carried out.

(Copy) July 11, 1925.
The Hon. Mayor & Commissioners,
Gentlemen:

In regard to the request of Mr. John W. Hensley that the City connect with the street storm sewer, near North Street an 18" drain that he has laid in the hollow thru his lot to within 5 ft of Broadway. Will say that provisions is made for taking in the water from this hollow, thru a 22" pipe into the street drain, and I can see no objection to connecting his 18" drain with the street drain at this point, but I think it will be well for the City to build a catch basin at this point, as another pipe drain enters here too.

SALOLA STREET...PAVING.

Very respectfully,
B. M. Lee, City Engr.

The Engineer's report showing the petition requesting the paving of Salola Street, between Sand Hill Road and Rumbough Place to be sufficient both as to property owners and front footage, it was ordered, on motion, that said street be placed on the paving program and ordered paved as soon as same can be reached.

(Copy Report.)

Board of Commissioners,
City of Asheville.

July 10, 1925.

Gentlemen:

Regarding the petition signed by property owners on Salola Street, requesting that said street be paved from Sand Hill Road to Rumbough Place, I find that the said petition is signed by a majority in number of the owners, who represent a majority of all the lineal feet of frontage of the lands (owners of individual interests in one piece of property have been treated as one person) abutting upon the street or part of street proposed to be improved.

The following table shows the frontage of property on the street proposed to be improved, the number of property owners and the total frontage with the frontage petitioned for:

The City Engineer's report showing his investigation of Elizabeth Stroud's contention that her deed for lot #23 calls for a portion of a 30 ft street from Sycamore Street to Velvet Street was, on motion, referred to the Corporation Counsel for advice as to whether Pearson sold the street in question.

Mr. F. L. Conder
Commissioner of Public Works,
Dear Sir:

July 13, 1925

I am enclosing you a tracing of a portion of R. Pearson's map of lots on Velvet Street reaching from Sycamore Street to Eagle Street. Which shows the lots 21, 22 & 23 for Elizabeth Stroud. When I made this subdivision of lots 21, 22 & 23 Pearson had opened the 30 ft. street from Sycamore Street to Velvet Street which cut off a portion of lot #23, bought by Elizabeth Stroud. She says she bought in 1909. Pearson had this property laid out in 1890 or 1891, and had a sale of lots. Very soon after this, I think within a year, he opened the 30 ft. street cutting off a portion of lots #26, 25, 24 & 23. I don't know whether or not he had sold these particular lots before opening the 30 ft. street shown on attached plat. Elizabeth Stroud says she bought lot #23 as it was, before the 30 ft street was laid.

Yours very respectfully,
B. M. Lee, City Engineer.

The City Engineer's report showing investigation of the contention of G. D. Carter that his property was charged too much frontage for sewer on Wellington Street was presented to the Board, and, on motion, of the Mayor, it was ordered that Mr. Carter be charged with 201.65 feet.

July 13, 1925.

(Copy)
The Hon. Mayor & Commissioners,

Gentlemen:

In regard to complaint of G. D. Carter that he is charged with 200 feet front for sewer in Wellington, while he claims he owns only 180 feet. I will say that the tax map shows his lot as 200 feet front, and I have measured his lot as he has it under fence, and find it to measure 202 ft. front on Wellington Street. I have looked up the record and find he (Carter) bought 4.2125 feet on Wellington end of his lot, 20 feet came off the north end for a street, and he sold to W. H. Brewer 200.6 ft. which leaves Carter 201.65 ft. He is charged for sewer on 200 ft. front which is a little less than the record gives him and 2 feet less than he has under fence.

Very respectfully,
B. M. Lee, City Engr.

On motion, it was ordered that Dale & E. B. Eller be granted a license to sell curios collected in Texas, upon the regular license tax.

On motion, it was ordered that Mr. Jos Shelby be extended a vote of thanks for the article in the daily paper commending the Board of Commissioners in their efforts to conserve water.

Thursday, July 16, 1925.... 9 o'clock, A. M.

The Board of Commissioners met in regular session; Mayor Cathey presiding. The minutes of the previous meeting were read and approved.

The Commissioner of Public Works reported that the situation so far as the supply of water for Asheville was concerned was most serious and unless relief is obtained by tomorrow it would be necessary to start the cutting off users outside of city during certain periods of the day and announced that beginning tomorrow unless it rained between now and that time, he would order the water cut off at one o'clock P. M. to be turned on at 5 P. M. and to be cut off again at 10 p. m. until the next day at 5 P. M. and that the people residing without the City of Asheville would be cut off from the City's supply of water each day except between the hours of 5 and 10 P. M., providing however that should the situation continue to grow worse these orders would be cut down from day to day as the conditions demanded.

On motion the report of the Commissioner of Public Works was adopted.

The Commissioner of Public Works reported that parties occupying Montford Avenue and Claxton Schools were not paying for the janitor service, lights and water used and moved that unless these parties would agree to pay the actual expense of occupying the building that they be requested to vacate at once.

This motion being seconded was duly carried and Superintendent of Schools so instructed.

A communication from the A. B. C. Club endorsing the resolution of the Real Estate Board relative to taking such action as is necessary to insure the City of continuing its supply of water.

On motion, the Secretary-Treasurer was insturcted to write to the Secretary of the A. B. C. Club thanking them for the interest shown and assure them that the Commissioners are doing everything possible to take care of the situation

Friday, July 17, 1925..... 9 o'clock, A. M.

The Board of Commissioners met in regular session; Mayor Cathey presiding. The minutes of the previous meeting were read and approved.

Mrs. Carr appeared before the Board and called attention to the fact that she had purchased a lot on Furman Avenue from the Porter Estate her deed calling for the property free from all incumbrances, however, at a later date she had sold the property, at which time an examination of title had disclosed the fact that there was a paving assessment outstanding against same. She stated she had taken the matter up with Mr. Porter and Dr. Moale, who handled the property and both of these gentlemen claimed they had never received a notice of the assessment.

Commissioner Bartlett who was Tax Collector at the time the assessment was levied stated that he remembered having taken the matter of the assessments up several times with Dr. Moale, the Porter Estate's Agent therefore it was ordered on motion that no exemption be allowed.

The Commissioner of Public Works stated that he wished to thank the people of Asheville thru the public press for their cooperation and conservation; that thru such cooperation the City, notwithstanding a slight decrease in the city's supply delivered from Bee Tree, had been able to gain the amount lost yesterday and that, after a consultation with the Water Department it had been decided not to cut the outside users of city water off at

this time and undertake to catch up over Sunday, if possible.

This report, on motion, adopted.

On motion, it was ordered that the City accept a deed from J. T. Horney for a strip of land necessary to extend Middlemont Avenue thru to a street being opened by a new sub-division and the Clerk was instructed to deliver to Mrs. Glenn the original petition requesting the paving of this street in order that she might endeavor to get additional signers to make the petition meet with the requirements of the law.

A request for water line on Tuskeegee Street to accommodate certain houses now being erected was, on motion, referred to the City Engineer for investigation and estimate of the cost of installing the line requested.

A request for a street light at the intersection of Tuskeegee Street and Fairview Street, was, on motion, referred to the Commissioner of Public Works.

On the recommendation of the Commissioner of Public Works, it was ordered that an Arc light be installed on Market Street, in the rear of the Coca Cola Bottling Company's place of business.

On motion, one Will Smith, a cripple, was granted a license gratis to conduct an employment agency on Eagle Street at the intersection of Biltmore Aveme

On motion, the Clerk was instructed to officially notify T. C. and Frank Smith to start cutting off the small brick buildings owned by them on Aston Street being lot 53½, Sheet 1, Ward 4, by the first of the month, in order that the City may proceed with the widening of said street as condemned.

(Copy) Re: Aston Street Widening between Biltmore and Church

July 16, 1925

Mr. F. L. Conder,
Com. Public Works,
City.

Dear Sir: Before Aston Street, between Biltmore Avenue and Church Street is widened and paved, the following buildings should be cut off.

Ward 4, Sheet 1, Lot 53½ owned by T. C. and Frank Smith Filling Station and small brick building.

Very truly,
M. C. Hutchins,
Asst City Engr.

On motion, it was ordered that the Clerk officially notify Messrs C. K. Hughes and E. R. Cocke to immediately start work to cutting buildings owned by them on Woodfin Street, C. K. Hughes' building being lot 118, Sheet 2, Ward 2, and E. R. Cocke's building being lot 115, Sheet 2, Ward 2, in order that the City may proceed with the widening of this street as condemned.

July 16, 1925.

Re: Woodfin Street Widening, between Central and Charlotte

Mr. F. L. Conder,
Com. Public Works,
City.

Dear Sir:
Before Woodfin Street between Central Avenue and Charlotte can be widened and paved the following buildings must be cut off or removed. The estimated cost of doing this was uded by the jury in making out the benefits and damages, and the cost of this work should not be borne by the city.

Ward 2, Sheet 2, Lot 118 (on northeast corner of Central Avenue and Woodfin) owned by C. K. Hughes, Frame dwelling.

Ward 2, Sheet 2, Lot 115, owned by E. R. Cocke, et al, Brick dwelling to be cut off or removed.

Yours truly,
M. C. Hutchins
Asst. City Engr.

An estimate submitted by the Assistant City Engineer showing estimated cost of installing a water line to serve the municipal golf course to be $10,454.68 was submitted to the Board and, on motion, the Commissioner of Public Works was instructed to have the work done under the city's contract with the understanding that the original owners of the property pay a part of the cost for such installation.

(Copy) June 30, 1925.

Mr. F. L. Conder,
Com. Public Works,
City.

Dear Sir:
I have made estimates showing the cost of water supply for the City Golf Course.

Estimate No. 1 shows estimated cost of water mains, fittings and outlets necessary to serve Golf Course only. Amount of estimate $6831.10

Estimate No. 2 shows estimated cost of water mains, hydrants, fitting and outlets necessary to serve part of adjoining sub-divisions with 6" main and from this main serving the Golf Course. Amount of estimate $10454.68.

The work will be done as shown in Estimate No. 2

After contract unit prices are approved by you, estimate No. 1 will be made over according to the contract unit prices, and Malone, Craig and others will pay all the cost in excess of this amount.

Yours truly,
M. C. Hutchins,
Asst City Engineer.

The Board of Commissioners met in regular session; Mayor Cathey presiding. The minutes of the previous meeting were read and approved.

A Mr. Madden, proprietor of the Madden Service Station on Swannanoa Road appeared before the Board and complaint of his water being cut off.

The Commissioner of Public Safety stated that he had caught one of Mr. Madden's employees washing off his front in violation of the orders of the Commissioner of Public Works and had requested the Water Department to cut off his water in accordance with such orders.

No action taken by the Board.

On motion, The Secretary was instructed to notify the Secretary of East Asheville Water Company that his concern would be held strictly accountable to the City for any waste of water on their lines, in violation of the orders of the Water Department, which would mean that the water on the entire line would be immediately discontinued.

The Commissioner of Public Works reported that the citizens of Asheville were cooperating in the conservation of the water splendidly and thru this cooperation the City had been able to gain about 6" in its reserve supply since yesterday morning.

He stated that with such cooperation as the City was receiving from its citizens he was in hopes it would not be necessary to cut off the suburbs.

The City Engineer's report showing Kelly-Wilson Company due $203.35 for work done in installation of 6" sanitary sewer on Buchanan Avenue was presented to the Board, and, on motion, the Contractor was ordered paid, in accordance with the provisions of his contract.

The City Engineer's report showing his investigation of the complaint of Mrs. Darby that she was charged with two sewers on Coleman Avenue was presented to the Board, and in view of the information therein contained, it was ordered that the assessment stand as originally made, the Clerk being instructed to furnish Mrs. Darby with copy of Engineer's report.

July 17, 1925

The Hon. Mayor & Commissioners
Gentlemen:

In regard to the complaint of Mrs. F. E. Darby that her lot on Coleman Avenue has been charged with two sewers. I find that the City has charged this lot for only one sewer; and I am told that she has connected with this sewer, built by the City recently. The charge made by the City against this lot is $46.25.

Some years ago, Dr. Von Ruck built a sewer from the Winyah Sanitorium to the Raoul sewer, passing within about 100 feet of Mrs. Darby's house, and she says she was charged with it. This was, and is, Von Ruck's private sewer, and the City had nothing to do with its construction. Where it crosses Coleman Ave. it was so shallow that it had to be lowered and connected with the City sewer.

Very respectfully,
B. M. Dee, City Engr.

One Werta Roberts, having complied with all of the provisions of the State Law regulating the appointment of special policeman, it was ordered, on motion, that his application be granted and the Mayor authorized to swear him in subject to the provisions of said law.

Richard L. Wright and G. W. Gaddy, having complied with all of the provisions of the ordinance regulating the conduct of public service automobile chauffeurs, and all papers being approved, it was ordered, on motion, that their licenses to operate public service cars in the city be granted.

The City Engineer's report showing his investigation of the petition requesting the paving of Middlemont Avenue, from North end to Harris Street to be sufficient both as to property owners and front footage was presented to the Board and it was ordered, on motion, that the said street be placed on the paving program to be paved as soon as same can be reached.

The Hon. Mayor & Commissioners
Gentlemen:

The following is an estimate of the cost of extending the 4" C. I. water pipe from the end of the pavement on Louisiana Ave. to the point asked for by Mr. E. F. Edwards a distance of 1000 ft.

4" Cast Iron pipe furnished & Laid	1000 ft	@ 95		950.00

Earth Excv		250 yds	.70	175.00
Rock "		30 "	4.50	135.00
				1439.00

A one inch pipe has been laid for 600 ft. beyond the end of the 4" pipe, and by extending this 400 ft further (which would cost about $165.00) I think it would serve the present need.

Very truly yours,
B. M. Lee, City Engr.

Darby, 174 Coleman Avenue calling attention to the fact that her property is not connected with the sewer with which she is charged was read to the Board, and, on motion, the Clerk was instructed to inform Mrs. Darby that it is customary for each lot in Asheville to pay for one sewer and as the sewer extension thru her property is a private line belonging to Winyah Sanitarium put in by the owner of that property the Board cannot see its way clear to grant her exemption.

July 23, 1925.

Board of Commissioners:

Dear Sirs:

In answer to Engineer's report would like to say that I did not [illegible] that the City was charging me with two sewers, only that my connection with the other sewer was satisfactory and answered my purpose the same as some other property owners, and it was a surprise to me to learn that this other pipe stair waste was not connected with same; I learned that the downstairs sewerage with this new line [illegible] is too low and in view of these facts I thought the City might charge me for sewer connections, but not for construction of same. Hope you will reconsider.

The Hon. Mayor & Commissioners
Gentlemen:

In making the necessary excavation and fill for the proposed school site on Clemmons Street a certain garden spot was covered with earth and destroyed.

Myra Caldwell #8 Clemons Street had rented this ground from McCoy prior to its sale to the City.

Her expenses has been as follows:

Rent	$ 10.00
Plowing	5.00

Plus labor of planting and cultivating
She will settle for $25.00
I recommend that she be paid this amount.

Hon. J. M. Cathey
Mayor of Asheville,

Dear Sir:

In regard to the complaint of Mrs. W. C. Clark that the City is taking two feet off the rear end of her lot fronting on Austin Avenue. Will say that I have looked into the matter; and White's Engineer who is grading Linden Avenue, just back of Mrs. Clark's lot says there is nothing being taken from this lot but that the contractor had moved the stakes back some two feet, to keep them while the work is being done.

Yours very respectfully,
B. M. Lee, City Engr.

The City Engineer's report showing total and pro-rata cost to property owners on account of the installation of sanitary sewer on Roosevelt Street was presented to the Board and, on motion, ordered advertised according to law.

On motion of Mayor Smathers, seconded by Commissioner Conder, the following resolution was unanimously adopted:

COPY.

WHEREAS, the City of Asheville heretofore purchased and acquired from J. C. Penland and wife the tract of land in West Asheville containing 90 acres, and known as the Ryerson Property, at the price of $30,000.00, which property was purchased for the purpose of developing thereon a rock quarry and sand plant, the output to be used in connection with the construction and maintenance of the streets of the City; and,

WHEREAS, it has now been ascertained that the City has no use for said property, and that it would be to the best interest of the City to sell the same; and,

WHEREAS, subject to the approval of the Board of Commissioners of said City, the Mayor has negotiated a sale of said property to W. P. Herbert and Charles H. Cocke at the price of $50,000.00; and,

WHEREAS, the proposed sale of said property would produce to the City the full and fair value thereof and $20,000.00 in excess of the cost thereof to the City, and it would therefore be to the best interest of the City to consummate said sale:

NOW, THEREFORE,

BE IT RESOLVED, by the Board of Commissioners of the City of Asheville, that the Mayor be, and he is hereby, authorized, empowered and directed to consummate the sale of said Ryerson Property, with all the privileges and appurtenances thereunto belonging, or in any wise appertaining, unto the said W. P. Herbert and Charles H. Cocke, at the price of $50,000.00, upon such terms of payment as may be agreed upon and approved by the Mayor, and upon the payment, in cash or notes secured by deed in trust on the property as may be agreed upon, as aforesaid, of said purchase price, the Mayor and Secretary-Treasurer of said City are authorized, empowered and directed to execute, in the name of and on behalf of the City, and under its Corporate Seal, acknowledge and deliver, a good and sufficient deed, with full and usual covenants of seizen and warranty, conveying said property, with all its appurtenances, unto the said W. P. Herbert and Charles H. Cocke, their heirs and assigns, in fee simple, free from all liens and encumbrances.

I, the undersigned Secretary-Treasurer of the City of Asheville, DO HEREBY CERTIFY that the foregoing is a true, full and correct copy of a Resolution adopted at a duly constituted meeting of the Board of Commissioners of the City of Asheville, held on the 29th day of July, 1925, by the unanimous affirmative vote of all the Commissioners of said City.

July 29, 1925.
Description of strip of land one foot wide to be bought from Mrs. W. E. Lowman lying along the western margin of Brownwood Avenue, from Elkin Street to near Haywood Road

Beginning at the intersection of the western margin of Brownwood Avenue with the northern margin of Elkins Street it runs with the western margin of Brownwood Avenue N. 32 - 15' W. 441. ft to the beginning of the radius near Haywood Road; thence S. 57 -45' W. one foot; thence parallel with the western margin of Brownwood Avenue and one feet there from S. 32-15' E. 441.02 ft to the northern margin of Elkins Street; thence with the said margin of Elkins Street N. 56 E one foot to the beginning containing 441 sq. ft of land

Respectfully,
B. M. Lee, City Engineer.

E. F. Edwards stated he had paid for sewer and water connection on Louisiana Avenue and requested that the City extend the sewer and water line.

It was explained to Mr. Edwards that the City Engineer had estimated the cost of this line to be $1400.00, which would accommodate two houses, and the City did not feel justified in installing said line, but if the property owners would pay for it, the City would install a one inch water line, otherwise he would be refunded for the connection, if he so desired.

The City Engineer submitted a map or plat showing the zone of benefits and damages on account of the extension of Nevada Avenue to the new Daves' land which was adopted and J. L. Patton appointed special agent to undertake to reach agreement with interested property owners relative to said proposed improvement.

Mr. J. L. Wonder
Commissioner of Public Works,
Dear Sir:

July 28, 1925.

The south end of Nevada Avenue, from the present end of the street to the North line of the new Daves lot, has been ordered put on the paving list. The land on which this portion of the street will have to be built, has not yet been secured by the City.

A jury will have to be appointed to condemn this land, as one of the property owners, a Mr. Capehart, has not signed the petition to have it opened.

I am enclosing a map showing the property thru which it is desired to have this street opened.

Yours very truly,
B. M. Lee, City Engr.

Asheville, N. C.
July 31, 1925.

The City Commissioners
Gentlemen:

In regard to the benefits and damages that the Jury have assessed on the properties abutting the proposed extension of South Lexington St. I must expressly protest against the amount of $1885.00 benefits that have been assessed on my property.

The lot and cottage, its value as business property, would undoubtedly be increased by the proposed extension, but the home I have on it, with the recent improvements recently made, represent the greater part of my life-time savings.

The property could not be converted into business property without tearing down the house which in expense could not possibly be justified for some years, its present value could only be considered as a residential proposition.

As a residence, the property will not be benefited in the least and the $1885.00 assessed against it, with the paving assessment to follow, will no doubt, cause a considerable sacrifice.

Yours truly,
N. A. Harrison

Mr. F. L. Conder,
Commissioner of Public Works,
Dear Sir:

In regard to complaint of Dr. P. B. Orr, that the City in grading Bartlett Street was cutting into his property, will report as follows:

When the matter was called to my attention, I went at once to look into the matter, and found that the graders were not cutting back to his property line; which was supposed to be his property line. I went to see Dr. Orr about the matter, and he said his fence was several feet inside of his line, so I looked up his deed, and had a Survey made to locate his corners, and find that at his Southwest corner, on the North line of Penn. Ave. no encroachment on his lot was made, and at his Northwest corner; which we found marked with an iron stake; the roadway had been cut 4 ft. into his land. This grading was practically done when my attention was called to the matter.

Very respectfully yours,
B. L. Lee, City Engineer.

Aug. 1, 1925.

Dear Mr. Conder:

At the intersection of Waynesville Avenue and Westwood Place my property extends out into the street which makes an awkward turn for traffic turning out of Westwood Place into Waynesville and Michigan Avenues. Since Waynesville Avenue is being paved traffic will be increased at this turn so I desire to give to the City 10 feet at this intersection to make a more desirable turn.

The only stipulations that I make is that they replace what little wall they tear down and deposit the dirt taken from this corner on my lot which does not make them haul the dirt more than 150 feet. If more than 10 feet id desired by the Engineering Department to relieve this corner I will give that also provided it does not take more than 15 feet.

Yours truly,
W. F. Pollard

Attorney Robinson, representing Dixie Poster Advertising Company (General Outdoor Advertising Co, Inc) appeared before the Board and asked for an answer to request for permission to install certain billboards in the City.

Mr. Robinson was informed that the matter had been referred to the Commissioner of Public Safety, however, the Mayor got in touch with the Commissioner over the 'phone and advised Mr. Robinson that the report of the Commissioner would be to the effect that his clients would have to make application for each billboard they expect to erect.

It was called to the Board that application had already been made for the erection of a billboard on Roberts Street, facing the W. Asheville bridge, J. W. Martin owner of land, on Church Street, between Aston and Southside, Mrs. C. N. Webster owner of land, at the intersection of Lexington Avenue and Broadway, Mr. L. B. Ford owner of land, at the intersection of Lexington Avenue, near Willbar Avenue, J. C. Stikeleather owner of land, on Coxe Avenue Extension, near Willbar Avenue, J. C. Stikeleather owner of land, on Valley Street near Atkins Street bridge, W. H. Westall owner of land.

On motion, it was ordered that the application for permits for the erection of billboards be referred to the Commissioner of Public Safety and Commissioner of Public Works for investigation and report.

On motion, the following building permits were granted:

Tuesday, August 4 1925..... 9 o'clock, A. M.

The Board of Commissioners met in regular session; Mayor Lyons presiding. The minutes of the previous meeting were read and approved.

.....

The Commissioner of Public Safety reported that in the matter of granting the Dixie Poster Advertising Company (General Outdoor Advertising Co) permission to erect certain billboards in the City the Commissioner of Public Safety and himself had made a thorough investigation and recommend as follows:

That permission to erect a billboard on Roberts Street, facing the W. Asheville bridge be not granted on account of the construction of bridge approaches; that permission to erect a billboard on Church Street be not granted on account of its close near a Church; that permission to erect a billboard on Lexington Avenue be not granted because of dangerous intersections; that permission to erect a billboard on Coxe Avenue Extension, near Willbar Avenue be not granted because of dangerous intersections.

On motion, the report of the Commissioner of Public Safety and Commissioner of Public Works was unanimously adopted.

.....

On motion, it was ordered that the [illegible] of stone pillars) on Montford Street be sold to [illegible] for $25.00, Purchaser to remove all debris.

.....

James Williams, having complied with all of the provisions of the ordinance relating the conduct of [illegible] service automobiles, [illegible] papers being approved, it was ordered, on motion, that license for [illegible] public service bus in the city be granted.

.....

On motion, the Tax Collector was instructed to give the Dixie Poster Advertising Company a receipt for the present taxes only in the city, the said company having deposited $35.00, city taxes from May 1st 1925 to May 1st, 1926.

The City Engineer's report on the complaint of W. H. Hudson that he is charged with more sewer than is property needs was presented to the Board and, on motion, adopted and a copy of same ordered sent to Mr. Hudson, together with plat.

August 3, 1925.

The Hon. Mayor & Commissioners:
Gentlemen:

In regard to the complaint of W. H. Hudson that his property near Blue Ridge and Herron Avenue is charged with more sewer than his property needs. Will report that the sewer runs some 690 ft through his land and he is charged 480 ft. on the Herron Avenue sewer, and 200 ft on the Blue Ridge Avenue sewer, and 17½ feet on a sewer that runs across the northwest corner of his land. I don't think he is charged with any more sewer than is right. I am enclosing a tracing of his lot showing the sewer lines running through it.

Very respectfully,
R. M. Lee,
City Engineer.

Mr. F. L. Condor,
Asheville, N. C.

Dear Mr. Condor:

It appears to me that I should write you what we are doing to conserve water at this situation.

We have about two hundred people living here at the present time and we are doing everything in our power to cut down the use of the water. We have stopped the use of the showers. The water which cools the refrigeration machine runs directly in our house system.

The steam laundry is doing just as little work as it is consistant with good health.

We are not using the city water for sprinkling or washing automobiles. We have a deep well from which we are pumping all that our system will yield.

We have tennis courts which will be used by the Southern Tennis Association in the annual tournament, beginning August 3rd. To keep these courts in order we are sprinkling them with water obtained from our lake where we have installed a large pump and motor system.

At Belvern Hills all paving is stopped except some sidewalks and these are being laid with water taken from the stream at Sulphur Springs. The work on the Club House is being put forward by the use of water from this stream also.

In case of fire we have a hydrant in front of the buildings which is connected with out swimming pool, so that the water may be pumped from that without using any water from the city.

Sincerely yours,
Newton M. Anderson

A communication from the Haw Creek Water and Light Com any whish is a copy of letter sent to water users in Arco Gardens section was presented to the Board and, on motion, it was ordered that the Haw Creek Water & Light Company be thanked for their co-operation in conserving water.

August 4, 1925.

Dear Sir:

The bill which we have just received from the City for water used during the past month shows only a 10% decrease from the preceding month. In other words, the water users in the Arco Gardens section have made a saving in water used amounting to only one-tenth of the normal water consumption.

The city authorities are very anxious to continue taking care of the swimming pools but in order to do so it will be necessary for us to show a greater desire to cooperate with them during this water shortage.

They expect us to make a very much greater decrease during the month of August, in fact at the most we should not use half as much water as we used in July. Please economize in every way possible, using only the minimum amount of water necessary for health. If you have any leaking faucets or tanks please have same repaired at once.

Very truly yours,
HAW CREEK WATER & LIGHT CO

AN ORDINANCE PROVIDING
FOR THE CONSERVATION
OF WATER IN THE CITY OF
ASHEVILLE

BE IT RESOLVED BY THE BOARD OF COMMISSIONERS OF THE CITY OF ASHEVILLE:

Section 1. That it shall be unlawful to use the water supplied by the City of Asheville thru its supply mains for the purpose of watering or sprinkling flowers, gardens or lawns or for the purpose of washing automobiles or other motor equipment or other vehicles by whatsoever name called.

Section 2: That it shall be unlawful to waste any water and the watering or sprinkling of lawns, gardens or flowers or the washing of automobiles or other motor equipment or other vehicles of any description shall be deemed a waste of said water.

Section 3: That it shall be unlawful to use said water from a hose for the purpose of washing the floors of any dwelling or business establishment within or without the City of Asheville.

Section 4: That it shall be unlawful to allow any water to run from a spigot provided for that purpose, but it is absolutely necessary that said water be allowed to run for the comfort of the home or conduct of the business in which the person, firm or corporation using the water is engaged. Provided, however, nothing herein contained shall be construed to permit the waste of said water for the purposes prohibited in the preceding sections.

Section 5: That any person, firm or corporation violating any of the provisions of this ordinance shall be guilty of a misdemeanor and subject to a penalty of not less than $50.00, or imprisonment in the County Jail for a period of thirty days in the discretion of the Court.

Section 6: That this ordinance being for the immediate preservation of the public peace and safety of the citizens of Asheville is hereby declared an emergency ordinance to take effect immediately on its publication in a newspaper published in said City.

I move the adoption of the foregoing ordinance this the 11th day of August, A. D., 1925.

[illegible] twelfth day of August, 1925.

A map, together with description of land donated to the City by W. F. Pollard for the purpose of eliminating dangerous corner at the intersection of Waynesville Avenue and Westwood Place was presented to the Board, and, on motion, that the Corporation Counsel draw a deed for the land in question for Mr. Pollard's signature.

Aug 11, 1925.

The Hon. Mayor & Commissioners
[illegible]:

I am submitting a map showing the proposed widening on W. F. Pollard's land, at the intersection of the east line of Westwood Place with the northern line of Waynesville Avenue.

The description of the land to be taken is as follows:

Beginning at a point in the eastern margin of Westwood Place 46 ft [illegible] from where this line extended southward intersects [illegible] N. 15 10' E. from where this line extends on a curve [illegible] the northern line of Waynesville Avenue, it runs on a curve [illegible] to the left (rad. 39 ft) about 67.7 ft to a point in the northern [illegible] of Waynesville Avenue; thence with said margin of Waynesville [illegible] Avenue, N. 81 40' E. 46 ft. to its intersection with the eastern margin of [illegible] Place; thence with the eastern margin of Westwood Place [illegible] S. 46' to the Beginning.

Very respectfully,
B. M. Lee, City Engr.

[illegible] Engineer's report showing investigation of complaint of [illegible] was presented to the Board and, on motion, adopted [illegible] and the Clerk instructed to furnish Mr. Smith with copy of said report.

Aug 11, 1925

The Hon. Mayor & Commissioners
[illegible]:

[illegible] to C. H. Smith's claim for damages to his lots on Middle[illegible], on account of surface water being piped under the street [illegible] lot; will have to say that I have not been able to come to an agreement with him.

I suggested that the City might be willing to extend the pipe line [illegible] rear line of his house, if he would sign an agreement releasing the City from any further claim for alleged damage to his lot. He says that, if the City will not extend the pipe entirely through his lot, it might as well be left as it is.

I don't think Mr. Smith has a good claim for damages, for, when the street is graded, there will be no street water turned onto his lot, but will be carried under the street to his lot, and this cannot go any other way.

Very respectfully,
B. M. Lee, City Engineer.

Frank A. Mears :
Plaintiff, :
vs. : NOTICE OF APPEAL
City of Asheville :

TO THE CITY OF ASHEVILLE:

Take Notice, that the undersigned, Frank A. Mears, excepts and objects to the report of the juries to assess damages and special benefits to the property effected by the establishing, laying off and making certain street or streets, in the City of Asheville, said property being situate on what is proposed to be an extension of Lexington Avenue from Aston Street to Hilliard Lane, or is an extension of said Lexington Avenue, which said property of the plaintiff has been damaged by reason of widening, repairing, building, and making said street; and the sidewalks adjacent thereto, in accordance with resolutions passed by the Board of Commissioners of the City, on the ____ day of _____ 1925, and the adoption of the report of said juries on the ____ day of _____ 1925, in so far as said resolutions, orders and reports relate to that effect and attempts to effect the land described in said report of said juries, on said street, and particularly the failure of said juries to award a fair, adequate and just amount to the undersigned as damages for taking said lands in widening and making said street.

And the plaintiff particularly objects and excepts to the reports of said juries in laying off, widening, repairing and making said street, for that in so doing they have damaged and injured the property of the undersigned.

And the plaintiff further excepts and objects to the report of the juries and the confirmation of said report for that said report of said juries and their findings did not award a fair, adequate and just amount of damages to the plaintiff for the destruction of his property.

The undersigned appeals from said report as aforesaid, and the action thereof to the next term of the Superior Court of Buncombe County, North Carolina, for that said resolutions, writs and orders and every of them are contrary to law and evidence, and the benefits and assessments are unfair, unjust for that damages should be allotted to the plaintiff in the sum of at least _____ ($_____) Dollars.

This the ____ day of August, 1925.

Service of the foregoing appeal is accepted this the 13 day of August, 1925.

The Board of Commissioners met in regular session; Mayor Conroy presiding. The minutes of the previous meeting were read and approved.

Attorney Fortune, representing Harry T. Kressell and Attorney J. Scroop Styles, representing other interested parties appeared before the Board relative to the enforcement of the ordinance prohibiting the holding of auction sales of jewelry by artificial light.

Mr. Fortune called attention to the fact that under the state law his client was holding auctions yearly, he being engaged in the Pawn Brokers business and his store was too dark to do business without light.

He also stated that prior to the adoption of said ordinance his client had been advertising extensively an auction sale to start Saturday, but on his advice had held same up until the matter could be straightened out.

Attorney Styles contended that his client was [illegible] the State of North Carolina, therefore, his business was recognized by the State.

He also attacked the power of the Board of Commissioners to declare the ordinance an emergency ordinance stating that it was unnecessary for the preserving the peace and safety of the citizens was at all.

After some discussion it was ordered that the Commissioner of Public Safety request the City forces to hold up the enforcement of the ordinance until next Tuesday morning, August 18th, at which time a hearing will be given all interested parties.

STATE OF NORTH CAROLINA
COUNTY OF BUNCOMBE

In Re Claim of
MINNIE WHITTAKER
Against
THE CITY OF ASHEVILLE

Minnie Whittaker gives notice of her claim against the City of Asheville, for [illegible] on account of the [illegible] following state of facts:

1. She shows that she is the owner of a [illegible] lot, situate on the W. side of Sorrells Street in said City, her House Number being No 8 on said Street.

2. She complains and says that the City has recently graded and paved the said Sorrells Street, on the W. side of which is located her said property facing 66 feet on the said Street.

3. That before grading and paving said street, [illegible] was on a common level with said street, [illegible] same, but now it has been graded [illegible] above the level of her house and lot, where the said street formerly was, and in consequence of said grading and paving [illegible] rocks etc has been thrown and made in the [illegible] lot, and up to, and almost against her residence.

4. She says that by reason of said fill in front of her property the embankment thereby created, she [illegible] safe way of ingress and egress to and from [illegible]

5. She says that the change of the grade was [illegible] recklessly done [illegible] against her, her approach to the street [illegible] ground in front of same, all of which was done [illegible] said City; and would be a great oppression on her, unless she receive just compensation and be placed in as good condition, as she would have been, had the street been graded on the said common level, as if no fill had been made

Wherefore she makes claim for damages against the City in the sum of Five-Hundred ($500.00) to [illegible] be paid her.

This August 28, 1925.

Minnie Whittaker, Claimant,
Per Thos. J. Rioran, Her Attorney.

Warren Collins, having complied with all of the provisions of the ordinance regulating the conduct of public service automobile chauffeurs, and, all owners having been notified, it was ordered, on motion, that his license to operate a public service automobile in the City be granted.

U. S. ...

Attorney J. Scroop Styles, representing D. J. Fowler, appeared before the Board and claimed damages for sewer across D. J. Fowler's lots #126 and 219 on Tarpoon Street because the City had built a sewer across his clients property and also asked for relief from the assessment of T. C. Robinson, lot 127 Tarpoon Street because Mr. Robinson was the owner connect with said sewer.

This matter, on motion, referred to the City Engineer for investigation and report.

All Soda Fountains, Laundries, Bottling Companies, Filling Stations, Packing Plants were ordered cut off from the use of City water until the Board decides they may be cut on in regular or special session; this does not prohibit serving [illegible] of these places.

On motion, the following building permits were granted:

The Board of Commissioners met in regular session; Mayor Cathey presiding. The Minutes of the previous meeting were read and approved.

On motion, the following resolution refusing to accept a strip of land as a public Street extending from the East margin of Delaware Avenue to the West margin of Brook Street was unanimously adopted:

(Copy)

It having come to appear to the Commissioners of the City of Asheville that a strip of land 30 feet in width extending from the East margin of Delaware Avenue to the West margin of Brook Street, North of Merle Street, and proposed to be known as Dale Avenue has been offered to be dedicated for use as a public street by the owners and said offer of dedication has never been accepted, and it further appearing to the Commissioners of the City of Asheville that said strip is not needed for use as a public street; that it would require expense to remove buildings now standing in the street, and that the interest of the public would not be advanced by accepting said offer, Therefore, be it resolved that the Commissioners of the City of Asheville, in regular meeting refuse to accept said strip of land as a public street, and refuse the offer to dedicate the same for such purpose heretofore made.

An Ordinance Authorizing the Issuance of $665,000 Funding Bonds by the City of Asheville was presented to the Board and, on motion, duly seconded, passed on the first reading. Voting "Aye" Mayor-Commissioner of Public Accounts and Finances, Jno. M. Cathey, Commissioner of Public Works, F. L. Conder and Commissioner of Public Safety, C. M. Bartlett, "Noes" None.

It was pointed to the Board of Commissioners that all available sources of water supply to see [illegible] thereby furnishing Asheville with adequate supply of water for all purposes of the day set for the opening of school Tuesday, September 8th, on motion, it was ordered that the School Board be respectfully requested to postpone the opening of the City schools until September 14th.

Gentlemen:

On making an investigation of the toilet on Hunt Hill, belonging to Mr. Easton, I find it was an old dilapidated toilet without any cans, being used by the loafing pedestrians until it had become a menace to public health.

Mr. Easton, while the sanitary department was under his jurisdiction, agreed with me that we was to clean this place up, which they did, except the pit, and he was to clean this up, which they did, except the pit, and he was to clean this up, which they did, except the pit, and he was to clean this

Gentlemen:

Acting upon your instructions I have secured the services of Dr. S. W. Till now with the Durham Health Department, as your meat and milk inspector. Dr. Till comes highly recommended and also is endorsed by Dr. William Moore, State Veterinarian. I am sure he will be a valuable man for this position. It was necessary for Dr. Till to give the Durham Health Department thirty days notice and he has notified me that he will report here for duty on October 7th.

Yours very truly,

ELANE SPEIGHT, By her next friend)
JESSE SPEIGHT,)
-vs-) NOTICE AND CLAIM FOR DAMAGES
CITY OF ASHEVILLE)

The complainant, by her next friend, Jesse Speight, alleges:

-1-

That she is a minor under the full age of twenty-one years, being only eight years of age; that she is a citizen of the State of Texas, and together with her parents, at the time hereinafter mentioned was sojourning in the City of Asheville, North Carolina.

-2-

That the City of Asheville is now and was at the time herein set forth, the owner in possession of and manager of a certain lot and parcel of land, situated in said City, known as Aston Park, set apart and fitted as a place of resort, recreation and amusement, free for all reputable and well disposed visitors and citizens to visit, rest, play and partake of all the amusements incidental to said park, and for the comfort, amusement and pleasure of all persons visiting said park, the City had provided many sources of amusement, consisting of swimming pools, bath houses, chute-the-chutes, setees, swing, double and single, all supplied by the said City, free, without charge to all citizens and visitors. One of the most patronized of all the sources of amusement is the double swing of which tere are quite a large number well distributed in different localities in said park, and so arranged that their use is applicable as well for children as adults. There are two stretches of double swings in the park with six complete swings, with two seats in each swing. The stretch of swings on the West side of the park is more particularly referred to, and one swing on the North of the line is especially referred to as being the source of complaint. This swing is suspended on four iron posts, supposedly iron pipes, set fast in the ground eight feet apart in length and about four feet wide, ten feet high, coverging from the outside of the base to about four feet at the top, a cross beam of the same material extends from the top of the upright posts to which they are fastened, with iron bolts or screws eyelets pass thru these cross beams, to which is fastened one inch iron rods, extending down to the ground, constituting the swing seat, made by screwing iron rods with T's and L's to iron piping, artistically arranged to make a seat in the swing, one foot wide and one foot high, on the outside of the seat and long enough from end to end to seat three or four grown persons, with an iron sleeper made of like material, extending to the seat in the swing similarly constructed; the seat is floored with slats of wood and is elevated eighteen inches above the floor; the floor fails to cover the floor of the swing and fails to close the open space between the occupant's feet in the swing and the ground; there is no guard protection attached to the iron pipes under the swing below the seat, extending down to the floor, leaving an open dangerous space between the seat and floor. The floor of the swing is open and dangerous, especially children; the plank of the floor of the swing is old, rotten, worn and loose. The slats of the floor or pank, on the outside of the floor is worn and split, so as to enlarge the space or hole, and is of no protection between the feet of the occupant and the ground, so that anyone entering the swing from the west side would subject themselves to great danger in falling thru the open space to the ground, and if the swing were in motion would be exposed to great danger of bodily injury.

-3-

That on the 19th day of August, 1925, the complainant, Elane Speight, with her mother visited the park and seeing other children in the swings made an effort to enter this particular swing from the lower side, children in the swings, and in entering the swing seeing other turned to sit down on the outside seat when her foot slipt on the slick floor of the swing, thru the open space in the floor down to the ground where the plank was split off and her leg being caught by the floor of the swing, and pushed against a bank of earth made by the floor of the swing, and her thigh was broken by the compact with the floor of the swing, by which sudden extraordinary misfortune, and complainant has been greatly damaged; which is not yet determined; that the wound has not yet healed, with a fair prospect that the complainant will be a cripple for life.

-4-

The complainant alleged that it was the duty of the City of Asheville to see that the swings placed in Aston Park were kept in repair and safe from danger us mishaps to the public, by which willful negligence on behalf of the City of Asheville in failing to keep in a safe condition the swing in Aston Park referred to, the complainant has suffered great personal damage to wit: Five Thousand Dollars ($5,000.00) damage to the present time.

WHEREOF the complainant demands and claims the sum of Five Thousand ($5000.00) Dollars damages as compensation by reason of the injury herein stated.

STATE OF NORTH CAROLINA
COUNTY OF BUNCOMBE

JESSE SPEIGHT, first being duly sworn says:

That he is the father and next friend of Elane Speight, minor under twenty-one years of age, complainant in the above entitled action; that he has read or heard read the foregoing Notice and claim for damages and knows the contents thereof; that the same is true of his own knowledge except as to those matters therein stated upon information and belief and as to those he believes it to be true.

...SALARY INCREASED

Dr. Ashley Chappell appeared before the Board and requested that the salaries of the Policemen of the City of Asheville be increased.

Dr. Chappell was thanked for his interest and it was explained to Dr. Cahppell that due to lack of funds the Board could not see its way clear to make the increase at this time.

...BUILDING PERMITS.

Tuesday, October 6, 1925... 9 o'clock, A. M.

The Board of Commissioners met in regular session; Mayor Cathey presiding. The minutes of the previous meeting were read and approved.

...

Attorney Don C. Young and Mrs. E. B. Sullivan, representing the Parent Teachers Association of Vance School appeared before the Board and requested that a Policeman be stationed on Haywood Road at the beginning of Sulphur Springs before school hours, to protect the children in crossing the street to school.

This matter, on motion, referred to the Commissioner of Public Safety with power to act.

...

Request for a light on Sulphur Springs Road near the School was, on motion, referred to the Commissioner of Public Works.

...

Mrs. Sullivan stated that the petition requesting the sidewalk on Vermont Avenue to the School had been held up because parties owning property on Vermont Avenue did not wish the street paved during the winter months.

It was explained to Mrs. Sullivan that the work could be done before the cold weather set in and she was requested to keep on and have the petition signed.

...

The Board having, in person, examined the property of Mr. Ivy Capehart, thru which it is proposed to extend Nevada Avenue is of the opinion that the report of the Jury on this improvement is fair and just, therefore, it was ordered that no further action be taken.

....

The Board having gone over and examined the proposed extension of Hall Street, it was decided to proceed with the proposed improvement and after same is completed if it appears that the properties of Jno. P. Davis, Mrs. Joe Haney, W. P. Plemmons, G. W. Couch, C. V. Callahan and C. G. King are damaged at that time that another Jury would be ordered to pass on the benefits and damages on account of the extension of this street.

...

In reference to the complaint of O. E. Bxsom and W. P. & W. Cook, the Board went over the ground and decided that the report of the jury passing on the proposed extension of Pennsylvania Avenue was fair and just in the case of the above mentioned parties, it was ordered that no further action be taken.

On the recommendation of the Commissioner of Public Works, it was ordered that the water line on Balm Grove Avenue be installed and the Water Superintendent was instructed to proceed with the installation of this water line.

Report of J. E. Patton showing his investigation of the claim of Elane Speight was read to the Board and, on motion, ordered filed and a copy of same ordered sent to the attorneys representing Elane Speight.

Dear Sir: RE: ELANE SPEIGHT CLAIM

As per your instructions, I have investigated claim of Elane Speight. (Minute Docket 20, page 408)

So far I have been unable to find anyone that this accident was reported to, or that knows anything about it.

The plaintiffs were visitors here and have gone away.

I took the claim over to Judge Jones to get some advice from him regarding it and he says: "let them sue; that no Municipal Government is liable for any accident that happens in any Public Park or Amusement place where no admission charge is made"

Very truly yours,

J. E. Patton,
SPECIAL INVESTIGATOR.

The report of J. E. Patton, concerning a hole in the sidewalk on Cumberland Avenue and Elizabeth Street was read to the Board and, on motion, ordered filed.

Hon. Jno. H. Cathey, Mayor, Oct. 13, 1925.
City of Asheville, N. C.

Dear Sir:

As per your instructions relative to a hole in the sidewalk at Cumberland Avenue and Elizabeth Street.

The sidewalk on the N. side of Elizabeth Street is made of concrete and put down in sections. Three or four of these sections have settled and are two to three inches lower than some of the other sections, which makes the sidewalk rough. There are no holes in the sidewalk at this particular place.

A Mrs. Creasman, who lives at 287 Elizabeth Street fell at this place Saturday afternoon and broke the small bone in one of her arms. There were no witnesses to the accident and from what Mrs. Creasman says I am of the opinion that she will not ask any damages.

Messrs. Frank Smith and Dan Earle appeared before the Board, presenting a petition signed by wholesale and shipping interests of Asheville protesting against the moving of the freight depot to Biltmore and cutting of a new street from Choctaw Street to Biltmore bottoms.

It was explained by Mayor Cathey that these were separate and distinct projects; that a survey had been made of a street running from Choctaw to Biltmore, in order to relieve heavy traffic on Biltmore and to eliminate the dangerous railroad crossing at Biltmore.

The gentlemen stated that the petition was written based on the publicity gained from an article in the daily paper and that they would take the matter of removing the depot up with the railroad authorities and petition would be held up until it was re-worded.

The report of the City Engineer showing certain changes in the paving assessments of Jas. A. Coleman and Dorthy A. Gorham on Houston Street was presented to the Board, and, on motion, the corrections were ordered made in the books of the Tax Collector as per Engineer's recommendation.

The Hon. Mayor & Commissioners: Oct. 15, 1925.
Gentlemen:

In my paving assessment report on Houston Street, made July 2nd, 1925, there are errors in the ownership of two lots; lots #50 and #96. Lot #50 charged to Jas. A. Coleman, should be charged to J. M. Pitner for Coleman says he, Coleman, never owned it. Lot #96, charged to Dorthy A. Gorham should be charged to James. A. Coleman who says he bought it sometime ago. In making my report I used the names shown on the tax books.

Section 1. That the City of Asheville issue its bonds under the Municipal Finance Act in an amount not exceeding $50,000.00 for acquiring, improving and equipping land for public parks and playgrounds.

Section 2. That a tax sufficient to pay the principal and interest of said bonds shall be annually levied and collected.

Section 3. That a statement of the debt of the municipality has been filed with the City Secretary, pursuant to said Act, and is open to public inspection.

Section 4. That this ordinance shall take effect thirty days after its first publication, unless in the meantime a petition for its submission to the voters is filed under said Act, and that in such event it shall take effect when approved by the voters of the city at an election as provided in said Act.

I move the adoption of the foregoing ordinance, this the 23rd day of October, 1925.

"F. L. Conder"
Commissioner.

The foregoing ordinance was passed on the 24th day of October 1925 and was first published on the 26th day of October 1925.

Any action or proceeding questioning the validity of said ordinance must be commenced within thirty days after its first publication.

Upon motion, the following resolution was unanimously adopted:

WHEREAS, an Ordinance was passed on the 24th day of October, 1925, entitled: "AN ORDINANCE AUTHORIZING $50,000.00 BONDS FOR ACQUIRING, IMPROVING AND EQUIPPING LAND FOR PUBLIC PARKS AND PLAY-GROUNDS," and,

WHEREAS, this Board is desirous of causing said bonds to be issued and sold,

THEREFORE, BE IT RESOLVED, by the Board of Commissioners of the City of Asheville, that in order to raise funds for the purpose of acquiring, improving and equipping land for public parks and play grounds, that there shall be issued, pursuant to said ordinance, and pursuant to the Municipal Finance Act, the negotiable coupon bonds of the said City of Asheville in the sum of $50,000.00. Said bonds shall be dated December 1, 1925, and shall be payable in serial annual installments as follows: $1,000.00 thereof on the first day of December in each of the years 1928 to 1973, both inclusive, and $2,000.00 thereof on the first day of December in each of the years 1974 to 1975, both inclusive; said bonds shall be in denominations on $1000.00 each and shall be serially numbered fron one to fifty, both inclusive, and shall be signed by the Mayor and by the Secretary-Treasurer of the said City of Asheville, and shall bear the corporate seal of said City; the said bonds shall bear interest at the rate of four and one-half per centum per annum, payable semi-annually. Both principal and interest of said bonds shall be payable at the Hanover National Bank in the City of New York, N. Y., and the coupons attached to said bonds shall bear the facsimile printed, lithographed or engraved signature of said Secretary-Treasurer.

BE IT FURTHER RESOLVED that the said bonds, when issued, shall be in substantially the following form, to-wit:

The City of Asheville, in the County of Buncombe and State of North Carolina, acknowledges itself to owe, and for value received, hereby promises to pay to bearer on the first day of December, A. D., 19__, the principal sum of ONE THOUSAND ($1000.00) DOLLARS, with interest thereon at the rate of four and one-half per cent per annum, payable semi-annually, on the first days of June and December in each year, to the bearer of the respective coupons therefor hereto attached as they respectively become due; both principal and interest of this bond being payable at the Hanover National Bank, New York, N. Y.

This bond is one of a series of bonds of like date, tenor and amount, except as to maturity, aggregating the sum of FIFTY-THOUSAND DOLLARS, and is issued by the Board of Commissioners of the City of Asheville pursuant to the "Municipal Finance Act, of 1921", as amended, and pursuant to an ordinance and resolution of the said Board of Commissioners duly adopted. The proceeds of this bond will be used for acquiring, improving and equipping land

for public parks and play grounds.

It is certified and recited that all acts, conditions and things required to be done, precedent to and in the issuance of this bond, have been legally had, done and been performed, and that the total indebtedness of the said City of Asheville, including the amount of this bond, does not exceed the constitutional or statutory limitations thereon.

It is further certified and recited that this bond constitutes the full, direct and valid obligation of the said City of Asheville, and that provision has been made for the levy and collection of a special tax of sufficient rate and amount to pay the interest on this bond as it becomes due, and the principal hereof at maturity.

IN WITNESS WHEREOF, the City of Asheville, in Buncombe County, North Carolina, has caused this bond to be signed by its Mayor and by its Secretary-Treasurer, and the Corporate Seal of said City to be affixed hereto, and has caused the annexed coupons to bear the facsimile signature of said Secretary-Treasurer.

This the first day of December, 1925.

BE IT FURTHER RESOLVED that the probably period of usefulness of the improvements for which the said bonds are issued, is hereby determined to be fifty years;

BE IT FURTHER RESOLVED that the Secretary-Treasurer of the City of Asheville is hereby authorized to cause the said bonds to be advertised for sale at Noon, on the 30th day of November, 1925, the said advertisement to be in substantially the following form, to-wit:

NOTICE OF THE SALE OF $50,000.00 OF PUBLIC PARK BONDS OF THE CITY OF ASHEVILLE, NORTH CAROLINA.

The Board of Commissioners of the City of Asheville, N. C., will receive sealed bids on November 30th, 1925, at Twelve O'clock, Noon, at the office of the Mayor and Board of Commissioners in the City Hall, in the City of Asheville, N. C., for $50,000.00 Public Park Bonds by said City of Asheville.

Said bonds are to be dated December 1, 1925; to be in denominations of $1,000.00 each, and to bear interest at the rate of four and one-half per centum per annum, payable semi-annually; both principal and semi-annual interest of said bonds being payable at the Hanover National Bank, New York, N. Y. The said bonds will mature in annual installments as follows: $1,000.00 thereof on the first day of December in each of the years 1928 to 1973, both inclusive, and $2,000.00 thereof on the first day of December in each of the years 1974 to 1975, both inclusive.

Each bid must be accompanied by a certified check upon an incorporated bank or trust Company, payable to the Secretary-Treasurer of the City of Asheville, in the sum of $1,000.00 as an evidence of good faith on the part of the bidder, and should the bidder fail to comply with the terms of the said bid, the said check will be applied as liquidated damages.

The Board reserves the right to reject any and all bids.

For further information address,

E. G. THOMPSON,
Secretary-Treasurer of the
City of Asheville, N. C.

BE IT FURTHER RESOLVED that the notice of the said sale shall be published in the Asheville Times, a newspaper published in the City of Asheville, and it is hereby declared and determined that the said Asheville Times is a financial paper or a trade journal published within the State of North Carolina, and publishes from time to time notices of the sale of Municipal Bonds.

The City Engineer's report showing investigation of request of Mr. Goodman for water and sewer lines on Peace and Moore Avenues and estimate of the cost said lines was presented to the Board, and, on motion, it was ordered that the City install the water line provided Mr. Goodman gives the City a written agreement that he will not complain this an acceptance of Moore Avenue.

Oct. 31, 1925.

Mr. F. L. Cowen,
Com. Public Works,

Dear Sir:

I went yesterday afternoon with Mr. Goodman, that he might show me Moore and Peace Avenues and what he wants. Moore Avenue has been graded for some 700 feet from State Street as far as it is open. Peace Avenue has not been graded at all. According to his statement but there is nothing on the ground to indicate it Mr. Goodman's lots front on Peace Avenue and to serve them with a sewer, will require a sewer between 600 to 700 feet long to be put from State Street up a hollow through private property, at a cost as about $700.00. His lots can be served with water by laying about 275 ft (at a cost of $68.00) from the end of the 8" pipe laid down the hill some 2 years ago, which is the property of Mr. Goodman.

Yours very respectfully,
B. M. Lee, City Engr.

Mr. F. L. Conder,
Com. Public Works,

Nov 7, 1925.

Dear Sir:

I have examined the conditions at the Barnard Building on N. Lexington Avenue and as the building is being pulled down, and none is to built now, a wall will have to be built on the new street line to support the street. This wall will have to be some 4 feet high at the lower end and about 10' or 12' at the upper end, and about 150 feet long, and will require about 85 cub yds of masonry. This wall will have to be built within the street line unless Barnard will agree to share the expense, when it might be built as a foundation for his building.

Yours very truly,
B. M. Lee, City Engineer.

On motion, the following building permits were granted:

Dear Sir:

Re: [illegible]

Relative to claim filed by M. M. Higgins for damage to his house on Short Pine Street.

Several years ago, a storm sewer [illegible] the Higgins property, or Mr. Postic, the line was [illegible] too small and when it rained the pipe would overflow and the water would run into the lower part of the house.

Higgins was forced to move to an upper story in the house, nothing being done to remedy the sewer.

The foundation of the house is giving away and Higgins is very anxious to have something done about this as is house is about to fall down.

Very truly yours,
J. E. Patton.

Mr. F. L. Coulter,
City.
Dear Sir:

Relative to claim of Mr. J. E. Greer, [illegible]
[illegible]

Mr. Greer says that on October 10th, about 8 p. m. he stepped into a small hole on Haywood Street, just [illegible] Miller Building. The hole was about two to three inches deep and ten or twelve inches wide.

Dr. J. L. Adams informed Mr. Greer [illegible] knows nothing about how or where it happened.

The only witness was Mrs. J. Joseph, who was with Mr. Greer at the time, but since October 10th she has moved to Somerset, Ky.

A small hole has been repaired at the above mentioned place recently.

At a regular meeting of the Mayor and Commissioners of the City of Asheville, duly held in the Council Chamber in the City Hall, Asheville, North Carolina, on the 25th day of November 1925, all members being present, it was, upon motion of F. L. Conder, Commissioner of Public Works, duly seconded by C. H. Bartlett, Commissioner of Public Safety, said Mayor and Commissioners voting in the affirmative, resolved:

1. That the resolution heretofore passed by the Mayor and Commissioners of the City of Asheville on the 17th day of November 1925, creating and appointing a Water Commission composed of D. S. Elias, Verne Rhoades, D. W. Hill, F. Roger Miller, and C. M. M alone for the purposes in said resolution declared, be, and the same is hereby amended by adding the names of two additional members thereto, namely, J. A. Goode and Harry L. Parker, making a Water Commission consisting of seven members instead of five, as provided in the aforesaid resolution

2. That said Water Commission is authorized and fully empowered to employ an engineer or engineers and all necessary assistants and shall require of its engineer or engineers that measurements of the stream flow of the North Fork of the Swannanoa River at the dam site heretofore proposed by J. A. Freeman, Civil Engineer, be made to cover the identical period of the like measurements on the South Fork of Mills River and Bradley Creek when it shall so cause said streams to be measured.

3. That said Water Commission shall furthermore require of its engineer or engineers that they make such investigations as may be required to enable them to advise said Commission and the City of Asheville as to the time required to bring a supply of water into the City of Asheville from said South Fork of Mills River Watershed, and particularly as to whether it is reasonably feasible to make said supply available for use during any part of the Summer or Fall of 1926.

4. That said Water Commission is hereby authorized and fully empowered to incur all necessary and proper expenses for the surveys and investigations looking to the acquiring and to the advisability of utilizing the water and watersheds of the South Fork of Mills River and Bradley Creek situated in the Pink Beds area, together with all other information and cost data as they in their discretion deem necessary and advisable, and particularly as to the proper and suitable location of dam or dams or impounding reservoir or reservoirs, intake site or sites, and pipe line or lines.

5. That as a matter of information said City Commissioners will proceed to complete the proposed Bee Tree Dam Project, White Fawn Gap Reservoir, and the necessary pipe line or lines to make said project available.

6. That it is understood that the authority delegated to said Water Commission herein is in addition to all power and authority heretofore delegated to said body and not in substitution of the same.

On motion, adjourned.

said City at an election duly and regularly held according to law, and that said responsibility cannot be shirked; and

WHEREAS, the said Board is desirous of clarifying, in every particular, the resolution adopted by it on the 25th day of November, 1925; and

WHEREAS, the said Board desires, as matter of information, to set out and clarify its contemplated procedure pending the investigations of said Water Committee or Commission:

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF SUPERVISORS IN REGULAR SESSION ASSEMBLED.

First: That section 2 of said resolution be and the same is hereby amended by inserting after the word "assistants" and before the word "and" in line three thereof, the following:

"said engineer or engineers to be generally accepted and recognized as an expert or experts in the development of water supply systems".

Second: That section 5 of said resolution be amended by adding after the word "valuable" in line four thereof, the following:

"And after the completion of the survey of the lands which the City expects to acquire in connection with the development of the North Fork Water Shed, which survey will require about six weeks, condemnation proceedings will be immediately started looking to the actual acquisition of said lands by the said City, in order that said water shed may be utilized and used to the fullest capacity at such time as is deemed necessary by the governing authorities of said City.

Third: That said resolution be further amended by inserting between sections 5 and 6 another section to be known as "Section 5½", said section 5½ to read as follows:

"That any member of said Committee or Commission having any personal interest, directly or indirectly, approximately or remotely, either as agent, owner or representative of the owner or owners of any land or lands who expects to receive pecuniary benefit, either in the sale or purchase of said lands for water supply purposes, or who is interested, as stated hereinbefore, in securing water for the development of any subdivision, section or territory from any particular source or sources of water supply yet to be acquired or developed, or who has any other interest other than that interest in the general welfare of the public of said City and in its future progress and prosperity, such as all public spirited citizens are presumed to have, shall be and he is hereby disqualified and debarred from acting as a member of said Committee or Commission, and he is hereby required to make known his interest and immediately offer his resignation as a member of said Committee or Commission.

Gentlemen:

I herewith tender my resignation as a member of the Special Water Commission appointed by you some time ago, as, under the circumstances, it would not be proper for me to serve on the Committee, as I am (as a matter of fact) interested in the lands south of Asheville that would be affected by the construction of a pipe line in that immediate section

To the Honorable Mayor and Board of Commissioners of the
City of Asheville, North Carolina.

We, the undersigned citizens and tax payers of the City of Asheville do most respectfully request that your Honorable Board do not accept pavement and guttering on Ivywood Avenue and Haywood Street. As inspection of the said pavement and guttering on those two streets reveals that the same is not done in a workmanlike manner, and should be made by your Honorable Board. Already holes are to be found in same, and the streets will soon go all to pieces. There is no excuse for [illegible] put off on the public, and then top soiling, and the [illegible] people to pay for it. The top soiling on the two streets is rotten, and in many places is crumbling into holes already, and only [illegible] whole job is faulty. We object to [illegible]

Objection and protest of J. A. Davis of the assessments charged against his property on E. Haywood Road for paving was, on motion, ordered filed.

To the Mayor & Board of Commissioners
of the City of Asheville, N. C.

Gentlemen:

In reference to the notice that written objections, if any of the parties concerned had such objections, be filed with the Board to the assessments for paving of East end of the West Asheville bridge, be filed on or before this date.

Your undersigned, J. A. Davis, hereby files formal objection and protest to the assessment of paving of one hundred and one (101) foot against him on said street, as incorporated in the report of the City Engineer for the Board, for the property of undersigned does not touch or abutt on said street for more than four or five foot as undersigned understands and verily believes.

This the 12th day of December, A. D., 1925.

J. A. Davis

J. A. DAVIS being duly sworn says before me on oath:

That he has read the foregoing objection and protest and knows the contents thereof and that the same is true of his own knowledge, except as to matters and things therein stated upon information and belief, and as to those matters and things he believes it to be true.

J. A. Davis.

Sworn to and subscribed before me,
